Sec. 14-452. Permits required.

- (a) No licensed location shall operate video gaming terminals without first obtaining a location permit from the city clerk and paying the terminal registration fees provided for in this article. The privilege of operating a licensed location in the city is purely a personal privilege associated with a specific location and a location permit is non-transferable to another location. However, upon the transfer or sale of a licensed location to a new entity, the location permit, that has not been abandoned or surrendered, shall transfer to the new entity upon approval of any new liquor license and payment of the video gaming terminal fees provided for under this article.
- (b) Receipt of a location permit shall not relieve any person from obtaining any other necessary state or local permits, licenses or approvals, including, but not limited to any zoning relief, and a location permit shall not be valid until all such permits, licenses and approvals are received.
- (c) In the event a licensed location ceases operating video gaming terminals for 60 days or more the location permit as well as the video gaming terminal registrations shall be deemed abandoned and forfeited.
- (d) The owner or business operator of a licensed location shall immediately surrender a location permit upon ceasing business operations or upon the removal of all video gaming terminals from the licensed location.
- (e) There shall not be more than 40 licensed locations within the city at any one time nor more than 40 location permits issued by the city clerk.
- (f) In the event an annexation agreement or development agreement, approved by the City Council, contractually guarantees video gaming for a specific location, a location permit shall not be required for that location. All other State and local permits, licenses and permissions shall be obtained including, but not limited to, state gaming licenses, liquor licenses (if applicable), special uses under the City's zoning code, and terminal registrations. Video gaming may continue at such locations without a location permit even upon expiration of an annexation or development agreement. However, any new video gaming location, or one not identified in the annexation agreement or development agreement shall be required to obtain all necessary licenses and permits including a location permit. After expiration of an annexation agreement or development agreement, if video gaming is discontinued as set forth in 14-452(c), video gaming may not be re-initiated without obtaining all necessary licenses and permits, including a location permit. A location legally operating video gaming under this subsection shall not count toward the location permit limit set forth in subsection (E) (14-452(E)) above.

ADVISORY REPORT

CASE NO: 2023-08

APPLICANT: Rosati's, 1946 Gateway Center Drive

REQUEST AND LOCATION:

The applicant, Belvidere Pizza Inc., 1946 Gateway Center Drive, Belvidere, IL 61008 on behalf of the property owner, Belvidere Gateway Center LLC, 2777 Finley Road #12, Downers Grove, IL 60515 is requesting a special use to permit indoor commercial entertainment which includes video gaming at 1946 Gateway Center Drive, Belvidere, IL 61008 (Belvidere Zoning Ordinance Sections 150.105(C)(4)(B)(2) Indoor Commercial Entertainment and 150.904 Special Use Review and Approval Procedures) in the PB, Planned Business District on 2.89 acres. PIN: 08-06-101-011. The property is developed with an approximately 19,500 square-foot multi-tenant building and parking area.

EXISTING LAND USE:

Subject property: Multi-tenant building

Adjacent property:

North: Midland States Bank South: Multi-tenant building East: Murphy Oil gas station

West: Vacant/Row Crop Production (County)

CURRENT ZONING:

Subject property: PB, Planned Business District

Adjacent property:

North, South and East: PB, Planned Business District West: A-1, Agricultural Preservation Area District (County)

COMPREHENSIVE PLAN:

<u>Subject property</u>: PB, Planned Business All Adjacent property: PB, Planned Business

BACKGROUND:

Gateway Center Subdivision was annexed into the City of Belvidere in 2003. In 2004 the subdivision was final platted and the multi-tenant building was constructed. The building tenants consists of a medical office, hair salon, cell phone store and Rosati's Pizza. Some are the original tenants of the building. The special use request is for the tenant space occupied by Rosati's Pizza.

The existing parking lot has 139 parking spaces for all the tenants to share which is more than what the zoning ordinance requires. Peak hours for indoor commercial land uses are often later in the day when businesses such as the medical office will be closed, which lessens the demand for parking.

The most common type of indoor commercial land uses in Belvidere are bars and video gaming machines. However, the indoor commercial land use also encompasses theaters, bowling alleys, arcades, roller rinks, pool halls and other uses that have late night operating hours. Most of these additional land uses require a larger amount of square-footage to successfully operate, therefore, limit the type of indoor commercial entertainment land uses that can occupy the tenant space. The applicant is requesting the special use so that they may include video gaming machines in their restaurant.

The Zoning Ordinance was updated in 2006 requiring a special use for Indoor Commercial Entertainment. Bars and taverns that were in existence prior to that date have been considered "grandfathered" for the bar use. In 2013, Illinois State Law allowed municipalities to determine that video gaming would be permitted within their jurisdiction. The State limits the number of machines to six per establishment and every establishment must have a liquor license that allows for the pouring of alcohol (except for those that qualify as a truck stop). In 2013, Belvidere voted to allow video gaming and in 2020, the City Council voted to increase the limit on the number of gaming establishments from 30 to 40. Currently 38 of the 40 available licenses have been issued. Although the special use for indoor commercial entertainment allows for various businesses, the applicant is aware that granting the special use does not guarantee them the ability to have video gaming machines.

TREND OF DEVELOPMENT:

The subject property is located within the Gateway Center Subdivision which is anchored by Walmart and developed with a mix of commercial, automobile, financial, medical and food establishments. There has been an increase in development activity within the subdivision recently with special uses being approved for a Taco Bell and an expanded Murphy Oil gas station.

COMPREHENSIVE PLAN:

The subject property is designated as "Planned Business" by the City of Belvidere Comprehensive Plan, adopted July 15, 1999. The Planned Business map category encourages high quality indoor commercial, office and institutional land uses, with generous landscaping and limited signage.

FINDINGS OF FACT:

Per Section 150.904 (G) of the City of Belvidere Zoning Ordinance, the criteria for granting a Special Use Permit are as follows:

A. <u>Findings</u>: The establishment, maintenance, or operation of the special use will not be unreasonably detrimental to or endanger the public health, safety, morals, comfort or general welfare.

The requested special use is for indoor commercial entertainment which includes a variety of land uses such as alcohol consumption and video gaming. Although this special use is the first one within the Gateway Center Subdivision, the property is

located in the Planned Business District where businesses that serve alcohol and have video gaming machines have developed. The location is within a multi-tenant commercial building that has a parking lot large enough to accommodate a variety of land uses.

B. <u>Findings:</u> The proposed special use, both its general use independent of its location and in its specific location, will be in harmony with the purposes, goals, objectives, policies, and standards of the City of Belvidere Comprehensive Plan, this Chapter, and any other plan, program, or ordinance adopted, or under consideration pursuant to Notice of Public Hearing by the City.

The Comprehensive Plan shows the property and all adjacent properties as planned business. Food establishments, bars/taverns and arcades are considered appropriate uses in the planned business category. The planned business district encourages high quality indoor commercial, office and institutional land uses, with generous landscaping and limited signage.

C. Findings: The special use will not in its proposed location and as depicted on the required site plan, result in a substantial or undue adverse impact on nearby property, the character of the neighborhood, environmental factors, traffic factors, parking, public improvements, public property or rights-of-way, or other matters affecting the public health, safety, or general welfare, either as they now exist or as they may in the future be developed as a result of the implementation of the provisions of this Chapter, the Comprehensive Plan, or any other plan, program, map, or ordinance adopted or under consideration pursuant to Notice of Public Hearing by the City or governmental agency having jurisdiction to guide development.

The planning staff is not aware of any negative issues that similar developments have caused to surrounding properties. The special use will be in compliance with the Comprehensive Plan; the site will be required to be in conformance with the requirements of the City of Belvidere's Zoning Ordinance.

Access to the property is from Gateway Center Drive that intersects with Genoa Road via a controlled intersection. Genoa Road, a primary arterial, acts as a buffer to noncommercial land uses.

D. <u>Findings:</u> The establishment of the special use will not impede the normal and orderly development and improvement of surrounding property, and maintains the desired consistency of land uses, land use intensities, and land use impacts as related to the environs of the subject property.

The establishment will add to the mix of land uses within the area. There is adequate parking and vehicle access to the property. The planning staff does not anticipate that this special use will deter development when previous businesses have not.

E. <u>Findings:</u> The proposed special use is located in an area that will be adequately served by, and will not impose an undue burden on, any of the improvement facilities, utilities or services provided by public agencies servicing the subject property.

The subject property is developed with a multi-tenant building and is served with municipal utilities.

Findings: The potential public benefit of the proposed special use outweighs any and all potential adverse impacts of the proposed special use after taking into consideration the Applicant's proposal and any requirements recommended by the Applicant to ameliorate such impacts.

The nearest non-residential land uses are at a distance that provides an adequate buffer to a business that has later hours and entertainment factors. Although indoor commercial entertainment was a classification created by the adoption of the City's 2006 Zoning Ordinance, in 2013 the City ruled that the video gaming machines could also locate within the Planned Business District with a special use.

SUMMARY OF FINDINGS:

The requested special use is for indoor commercial entertainment which includes a variety of land uses such as alcohol consumption and video gaming. Although this special use is the first one within the Gateway Center Subdivision, the property is located in the Planned Business District where businesses that serve alcohol and have video gaming machines have developed. The location is within a multi-tenant commercial building that has a parking lot large enough to accommodate a variety of land uses.

The planning staff is not aware of any negative issues that similar developments have caused to surrounding properties. The special use will be in compliance with the Comprehensive Plan; the site will be required to be in conformance with the requirements of the City of Belvidere's Zoning Ordinance.

The establishment will add to the mix of land uses within the area. There is adequate parking and vehicle access to the property. The planning staff does not anticipate that this special use will deter development when previous businesses have not.

Although indoor commercial entertainment was a classification created by the adoption of the City's 2006 Zoning Ordinance, in 2013 the City ruled that the video gaming machines could also locate within the Planned Business District with a special use.

RECOMMENDATION:

The planning staff recommends the **approval** of case number **2023-08** for a special use at 1946 Gateway Center Drive subject to the following conditions:

- 1. The special use is only for the tenant space commonly known as 1946 Gateway Center Drive.
- 2. The video gaming area must be enclosed and only accessible through a designated entrance.
- 3. Open alcohol is prohibited outside the premises unless otherwise permitted.

Re: Belvidere Pizza, Inc. 1946 Gateway Center Dr Belvidere, IL 61008

To Whom It May Concern,

I am the 100% owner of Belvidere Pizza, Inc. (D/b/a Rosati's Belvidere), and I am writing to formally request a Special Use approval to add Video Gaming Terminals to my establishment. D/b/a Rosati's Belvidere is seeking approval to add up to six video gaming terminals exceeding no more than 500 square feet of the leased space. Rosati's Belvidere is seeking this Special Use as a means to combat rising food inflation prices and reduced foot traffic from local economic shifts. There would be no major structural changes to the building, the establishment Rosati's and its staff would comply with all local and state regulations as well as pay any subsequent fees related to the operation of video gaming terminals. Contingent on the Special use approval, Rosati's Belvidere will pursue a local liquor license, state liquor license, and the required Illinois Gaming Board approval to operate video gaming terminals.

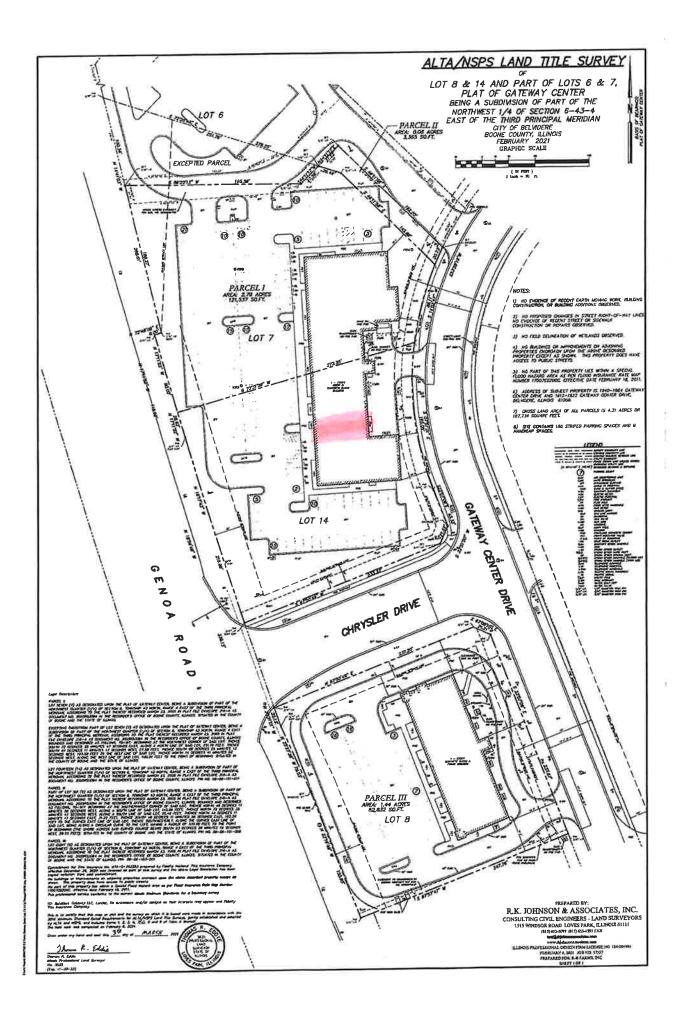

We believe that our business is highly beneficial to the City of Belvidere, and we are committed to operating gaming in a very responsible and compliant manner, keeping with our overall business operations. We contribute very substantial sales tax to the City, support local charities and events, and truly enjoy and appreciate being part of Belvidere's vibrant business community. We greatly appreciate consideration and review of Rosati's Special Use application.

Thank you,

Sam Rosati

The applicant, Belvidere Pizza Inc., 1946 Gateway Center Drive, Belvidere, IL 61008 on behalf of the property owner, Belvidere Gateway Center LLC, 2777 Finley Road #12, Downers Grove, IL 60515 is requesting a special use to permit indoor commercial entertainment which includes video gaming at 1946 Gateway Center Drive, Belvidere, IL 61008 (Belvidere Zoning Ordinance Sections 150.105(C)(4)(B)(2) Indoor Commercial Entertainment and 150.904 Special Use Review and Approval Procedures) in the PB, Planned Business District on 2.89 acres. PIN: 08-06-101-011. The property is developed with an approximately 19,500 square-foot multi-tenant building and parking area.

FINDINGS OF FACT:

Per Section 150.904 (G) of the City of Belvidere Zoning Ordinance, the criteria for granting a Special Use Permit are as follows:

A. <u>Findings</u>: The establishment, maintenance, or operation of the special use will not be unreasonably detrimental to or endanger the public health, safety, morals, comfort or general welfare.

The requested special use is for indoor commercial entertainment which includes a variety of land uses such as alcohol consumption and video gaming. The planned business district encourages high quality indoor commercial, office and institutional land uses, with generous landscaping and limited signage.

C. <u>Findings:</u> The special use will not in its proposed location and as depicted on the required site plan, result in a substantial or undue adverse impact on nearby property, the character of the neighborhood, environmental factors, traffic factors, parking, public improvements, public property or rights-of-way, or other matters

affecting the public health, safety, or general welfare, either as they now exist or as they may in the future be developed as a result of the implementation of the provisions of this Chapter, the Comprehensive Plan, or any other plan, program, map, or ordinance adopted or under consideration pursuant to Notice of Public Hearing by the City or governmental agency having jurisdiction to guide development.

The planning staff is not aware of any negative issues that similar developments have caused to surrounding properties. The special use will be in compliance with the Comprehensive Plan; the site will be required to be in conformance with the requirements of the City of Belvidere's Zoning Ordinance.

Access to the property is from Gateway Center Drive that intersects with Genoa Road via a controlled intersection. Genoa Road, a primary arterial, acts as a buffer to noncommercial land uses.

D. <u>Findings:</u> The establishment of the special use will not impede the normal and orderly development and improvement of surrounding property, and maintains the desired consistency of land uses, land use intensities, and land use impacts as related to the environs of the subject property.

The establishment will add to the mix of land uses within the area. There is adequate parking and vehicle access to the property. The planning staff does not anticipate that this special use will deter development when previous businesses have not.

E. <u>Findings:</u> The proposed special use is located in an area that will be adequately served by, and will not impose an undue burden on, any of the improvement facilities, utilities or services provided by public agencies servicing the subject property.

The subject property is developed with a multi-tenant building and is served with municipal utilities.

F. <u>Findings:</u> The potential public benefit of the proposed special use outweighs any and all potential adverse impacts of the proposed special use after taking into consideration the Applicant's proposal and any requirements recommended by the Applicant to ameliorate such impacts.

The nearest non-residential land uses are at a distance that provides an adequate buffer to a business that has later hours and entertainment factors. Although indoor commercial entertainment was a classification created by the adoption of the City's 2006 Zoning Ordinance, in 2013 the City ruled that the video gaming machines could also locate within the Planned Business District with a special use.

ORDINANCE # 619H

AN ORDINANCE AMENDING CHAPTER 150, ZONING ORDINANCE, OF THE MUNICIPAL CODE

(Sections 150.706 Exterior Storage Standards for Residential, Office and Commercial Districts, 150.712 Fencing Standards and 150.1008 Changeable Copy Signs)

WHEREAS, the City of Belvidere has adopted Chapter 150 (Zoning Ordinance) of the Belvidere Municipal Code pursuant to the Illinois Compiled Statutes to establish and set forth regulations pertaining to the use and development of land, buildings and structures in the City; and,

WHEREAS, it is necessary and desirable to periodically amend the Zoning Ordinance in response to changes in technology, business and development practices, community standards and to improve administration and enforcement procedures; and,

WHEREAS, after due notice, the Planning and Zoning Commission held a public hearing to consider an amendment of the Zoning Ordinance on March 14, 2023 and has transmitted its recommendation on the matter to the City Council; and,

WHEREAS, the City Council has considered the Planning and Zoning Commission's recommendation.

NOW THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF BELVIDERE, BOONE COUNTY, ILLINOIS, AS FOLLOWS:

Section 1. That Section 150.706(D) Exterior Storage Standards, be and is hereby amended, to read as follows:

- (D) Requirements for Exterior Commercial Vehicle and Equipment Storage in Office and Commercial Districts. No person shall park or store commercial vehicles on a lot in an office or commercial district except within a fully enclosed structure or except as provided herein.
 - (1) For the purposes of this Ordinance, a commercial vehicle or equipment shall include vehicles with commercial logos, trailers, and similar equipment, vehicles, and storage units.
 - (2) Outside parking of commercial vehicles and equipment are subject to the following provisions:
 - a. The commercial vehicle shall be maintained and be in good condition and safe for effective performance for the function in which it was intended. The exterior of the vehicle shall be intact.
 - b. Commercial vehicles shall be roadworthy. Vehicles that require a license shall be properly licensed.
 - c. The commercial vehicle shall be associated with the primary use of the property
 - (3) As set forth in Section 150.704, truck (as defined in Section 150.013) parking and standing are prohibited in all non industrial zoning districts with the exception of vehicles actively engaged in loading and unloading.

Section 2. That Section 150.712(E)(1) Fencing Standards, be and is hereby amended, to read as follows:

(E) Standards

Section 150.712 Fencing Standards

Case: 2023-09; City of Belvidere

§150.712: Fencing Standards

(E) Standards

(1) Materials

- A. Residential Districts. Acceptable materials for constructing fencing, landscape walls, and decorative posts include wood, stone, brick, wrought iron, chain link, and wire mesh, except that wire mesh fencing is not permitted within required front yard or street yard areas. All finished exteriors of fence shall be colored in a uniform manner with the exception of fluorescent colored paint which is prohibited.
- B. Nonresidential Districts. Acceptable materials for constructing fencing, landscape walls, and decorative posts include wood, stone, brick, wrought iron, chain link, and wire mesh. Barbed wire fencing shall only be permitted in the industrial districts when in conjunction with outdoor storage, wholesaling and commercial vehicle/truck parking areas not be permitted. Any fence within a street yard, including along property lines which intersect a right-of-way, shall be a maximum of 60% opaque.
- C. Temporary Fencing. Temporary fencing, including the use of wood or plastic snow fences for the purposes of limiting snow drifting between November 1 and April 1, protection of excavation and construction sites, and the protection of plants during grading and construction is permitted for up to 180 consecutive days and no more than 180 consecutive days per calendar year. Temporary fencing must be setback 6" from the public right-of-way.
- D. Snow Fences. Snow fences constructed of wood and wire, and/or plastic shall be permitted only as temporary fences.
- (2) Location. On all properties, no fence, landscape wall, or decorative post shall be located closer than six inches to the front yard or street yard property line. Fences may be located up to any property line abutting a side or year yard. No fence, structure or planting shall be maintained in such manner that visibility is obstructed from intersecting streets within 80 feet in each direction from the intersection of the street centerlines.
- (3) Maximum Height. Fences shall not exceed 4 feet in height except on corner lots where the height shall not exceed 3 1/2 feet within 30 feet of the intersection of the nearest right-of-way lines and intersection of nearest driveway/curb cut and right-of-way line (except alleyways). An exception is allowed for chain link or wrought iron type fencing which may be 4 feet in height up to any intersection, provided that the chain link is kept free of all vegetation or any other sight restrictions.
 - A. Within the side or rear yard of a residentially zoned property the maximum height is seven feet. On through lots, fences located in the yard that abuts a city-dedicated street (not inclusive of Grandview Trail east of Cloverdale Way for a distance of 2,470 feet) and is not considered its principal frontage shall not exceed five feet in height.
 - B. Within the side or rear yard of a commercially or institutionally zoned property, the maximum height is seven feet, except that security fences may exceed this height.
 - C. Within the side or rear yard of an industrially zoned property, the maximum height is eight feet, except fencing for outdoor storage or wholesaling land uses which may be increased to ten feet in height.
 - D. Within the front and corner side yard of an industrially zoned property, chain link may be up to eight feet in height, security fencing may exceed this height.

Case: 2023-09; City of Belvidere

Section 150.1008 Changeable Copy Signs

§150.1008: Changeable copy signs

Changeable copy signs as defined in §150.1003, are permitted in all districts, except for lots in residential use in single-family residential districts (SR-3, SR-4, and SR-6).

The changeable copy portion of a free standing sign, including background materials, shall be not be greater than 50 percent of the total freestanding sign area.

Changeable copy signs with information that changes more than eight times a day shall be treated as animated signs. Animated signs except for holiday lights as specified in §150.1005 shall be allowed by special use permit.

BACKGROUND AND SUMMARY OF FINDINGS:

This amendment is being proposed due to the ongoing discussions regarding food trucks along with the need to strengthen the difference between outdoor storage and the parking of allowable commercial vehicles. By limiting the vehicles to those associated with the primary use on-site, it helps to clarify that the ability to lease parking spaces for vehicles is not permitted (it is considered outdoor storage which is only permitted in the industrial districts) or that food trucks should be removed at the end of the day and not be semi-permanently set up on properties.

There is conflicting language within the municipal code and zoning ordinance regarding barbed wire fencing. Within the Streets, Sidewalks and Other Public Spaces chapter of the Belvidere Municipal Code (Section 98.21), there is reference to barbed wire fencing on private property. This is not the appropriate chapter to contain regulations for private property fencing and the language currently conflicts with the Belvidere Zoning Ordinance fencing standards. Ordinance 615H which would remove such language from Section 98.21 is pending before the Belvidere City Council. Within the fending standards of the Belvidere Zoning Ordinance, the language for barbed wire fencing is also contradictory. Section 150.712(C)(1)(B) states that barbed wire fencing is not permitted but Section 150.712(C)(3) states that security fencing may exceed fence height restrictions and fencing for outdoor storage and wholesaling may be increased to 10 feet. Barbed wire fencing is a standard type of security fencing and is preferred over electric fencing. In order to limit the use of barbed wire fencing to more appropriate areas of Belvidere staff is proposing that is limited to use within only the industrial districts and in conjunction with outdoor storage, wholesaling and commercial vehicle/truck parking areas.

On April 3, 2017, The Belvidere City Council approved Ordinance 341H allowing for animated signs to be constructed without the need of a special use. When correlating sections of the Zoning Ordinance were amended to reflect this change, Section 150.1008's reference to the need for a special use was missed. This amendment reflects the intent of previously approved Ordinance 341H.

Based upon this information, planning staff recommends approval of case 2023-09.

The City of Belvidere, 401 Whitney Boulevard, Belvidere, IL 61008 for a text amendment to the City of Belvidere Zoning Ordinance (Chapter 150 as amended) pertaining to Sections 150.706 Exterior Storage Standards for Residential, Office and Commercial Districts, 150.712 Fencing Standards, 150.1008 Changeable Copy Signs and Section 150.902 Amendment of Zoning Regulations (Text Amendments). Specifically, the amendments are in regards to commercial vehicles, barbed wire fencing and animated signage.

RECOMMENDATION:

The Planning and Zoning Commission motioned to approve the amendments as presented. Motion carried with a 7-0 roll call vote.

Paul Engelman, Chairman City of Belvidere Planning and Zoning Commission

ORDINANCE NO. 620H

AN ORDINANCE GRANTING A SPECIAL USE TO ALLOW INDOOR COMMERCIAL ENTERTAINMENT WITHIN THE CB, CENTRAL BUSINESS DISTRICT (132 N. State Street)

WHEREAS, The City of Belvidere has adopted Chapter 150, Zoning Ordinance in accordance with the provisions of Illinois Compiled Statutes to regulate the use of land and to specify the minimum requirements for improvements on land in the City of Belvidere; and

WHEREAS, Special Uses are certain municipal or private uses that due to their physical or operational characteristics may pose a threat to the value, use and enjoyment of adjoining property; are reviewed on a case by case basis; and are permitted only by permission of the Belvidere City Council; and,

WHEREAS, The applicant, Maggio's Pizzeria, 132 N. State Street, Belvidere, IL on behalf of the property owner, Tyler Bauscher, 8510 Greenport Way, Rockford, IL 61108 is requesting a special use to allow indoor commercial entertainment at 132 N. State Street; and

WHEREAS, after due notice by publication pursuant to the Illinois State Statutes, the City of Belvidere Planning and Zoning Commission held a public hearing on March 14, 2023 concerning the proposed Special Use; and,

WHEREAS, the City of Belvidere Planning and Zoning Commission having examined the application and having considered the evidence, both oral and documentary and being fully advised about the premises did make findings of fact and a recommendation; and,

WHEREAS, the corporate authorities of the City considered the findings of fact and concur with the recommendation of the Planning and Zoning Commission,

NOW THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF BELVIDERE, BOONE COUNTY, ILLINOIS, AS FOLLOWS:

Section 1. The foregoing recitals are incorporated herein by this reference.

Section 2. That a Special Use in the CB, Central Business District to allow for indoor commercial entertainment on the property depicted in Attachment A and legally described as:

SUBJECT: Recommendation for Case: 2023-10; Maggio's Pizzeria, 132 N. State Street

REQUEST AND LOCATION:

The applicant, Maggio's Pizzeria, 132 N. State Street, Belvidere, IL on behalf of the property owner, Tyler Bauscher, 8510 Greenport Way, Rockford, IL 61108 is requesting a special use to permit indoor commercial entertainment which allows for a bar/tavern and video gaming at 132 N. State Street, Belvidere, IL 61008 (Belvidere Zoning Ordinance Sections 150.105(C)(6)(B)(2) Indoor Commercial Entertainment and 150.904 Special Use Review and Approval Procedures) in the CB, Central Business District on 0.05 acres. PIN: 05-26-433-019. The property is developed with a multi-tenant mixed-used building.

RECOMMENDATION:

The planning and zoning commission recommended the **approval** of case number **2023-10** for a special use for indoor commercial entertainment at 132 N. State Street subject to the following conditions:

- 1. Open alcohol is prohibited outside the premises unless otherwise permitted.
- 2. Compliance with all other codes and ordinances.

Motion to approve case 2023-10; Maggio's Pizzeria, 132 N. State Street subject to the condition as presented carried with a (7-0) roll call vote.

SUBJECT: Findings of Fact for Case: 2023-10; Maggio's Pizzeria, 132 N. State Street

REQUEST AND LOCATION:

The applicant, Maggio's Pizzeria, 132 N. State Street, Belvidere, IL on behalf of the property owner, Tyler Bauscher, 8510 Greenport Way, Rockford, IL 61108 is requesting a special use to permit indoor commercial entertainment which allows for a bar/tavern and video gaming at 132 N. State Street, Belvidere, IL 61008 (Belvidere Zoning Ordinance Sections 150.105(C)(6)(B)(2) Indoor Commercial Entertainment and 150.904 Special Use Review and Approval Procedures) in the CB, Central Business District on 0.05 acres. PIN: 05-26-433-019. The property is developed with a multi-tenant mixed-used building.

FINDINGS OF FACT:

Per Section 150.904 (G) of the City of Belvidere Zoning Ordinance, the criteria for granting a Special Use Permit are as follows:

A. <u>Findings</u>: The establishment, maintenance, or operation of the special use will not be unreasonably detrimental to or endanger the public health, safety, morals, comfort or general welfare.

The requested special use is for indoor commercial entertainment allowing alcohol sales and potentially video gaming machines to operate on the property in addition to the current pizzeria. The property is located in the Central Business District where such land uses are common. Entertainment based businesses are often encouraged in downtown districts.

The property is surrounded by eateries, offices, apartments, retail, an event center (The Apollo) and bars. The addition of a bar and arcade will not negatively impact these land uses. It will allow a local business to expand their offerings in order to increase patronage.

B. Findings: The proposed special use, both its general use independent of its location and in its specific location, will be in harmony with the purposes, goals, objectives, policies, and standards of the City of Belvidere Comprehensive Plan, this Chapter, and any other plan, program, or ordinance adopted, or under consideration pursuant to Notice of Public Hearing by the City.

The Comprehensive Plan designates the subject property as Central Business; the current zoning is Central Business. The entire downtown area is designated as Central Business. The downtown area should be a mix of retail, services, residential, recreation and entertainment that operate during the day and night and that are compatible uses. Bars and arcades are included in the encouraged mix of land uses.

C. Findings: The special use will not in its proposed location and as depicted on the required site plan, result in a substantial or undue adverse impact on nearby property, the character of the neighborhood, environmental factors, traffic factors, parking, public improvements, public property or rights-of-way, or other matters affecting the public health, safety, or general welfare, either as they now exist or as they may in the future be developed as a result of the implementation of the provisions of this Chapter, the Comprehensive Plan, or any other plan, program, map, or ordinance adopted or under consideration pursuant to Notice of Public Hearing by the City or governmental agency having jurisdiction to guide development.

The property is served by on-street parking along North State Street and Municipal Lot 7. The property has been a pizzeria for decades; staff is not aware of any traffic nuisances created by the subject property or adjacent businesses.

The property is within the Downtown Overlay District which regulates exterior features of buildings such as signage, windows, doors, etc. The regulations of the Downtown Overlay District ensure that changes made to the building will be kept in line with the character of the neighborhood.

D. <u>Findings:</u> The establishment of the special use will not impede the normal and orderly development and improvement of surrounding property, and maintains the desired consistency of land uses, land use intensities, and land use impacts as related to the environs of the subject property.

The planning staff is not aware of any business that chose not to locate or expand in the downtown area due to the other bars and similar establishments. The planning staff does not anticipate that this special use will deter development when previous businesses have not.

E. <u>Findings:</u> The proposed special use is located in an area that will be adequately served by, and will not impose an undue burden on, any of the improvement facilities, utilities or services provided by public agencies servicing the subject property.

The subject property is already developed with a mixed-use building that is served with municipal utilities.

Findings: The potential public benefits of the proposed special use outweigh any and all potential adverse impacts of the proposed special use after taking into consideration the Applicant's proposal and any requirements recommended by the Applicant to ameliorate such impacts.

Although the applicant is requesting a special use to operate a business that is similar to others in the downtown area, it will allow for expanded services to the existing pizzeria. This allows for a wider demographic of people to be served in the downtown area. The neighborhood is a mix of residential, commercial, office and entertainment so the special use should not alter the neighborhood or create an undue burden.

Findings of Fact

The motion to adopt the Findings of Fact as presented by staff for case 2023-10 for a special use to permit indoor commercial entertainment at 132 N. State Street carried with a (7-0) roll call vote.

ADVISORY REPORT

CASE NO: 2023-10

APPLICANT: Maggio's Pizzeria, 132 N. State Street

REQUEST AND LOCATION:

The applicant, Maggio's Pizzeria, 132 N. State Street, Belvidere, IL on behalf of the property owner, Tyler Bauscher, 8510 Greenport Way, Rockford, IL 61108 is requesting a special use to permit indoor commercial entertainment which allows for a bar/tavern and video gaming at 132 N. State Street, Belvidere, IL 61008 (Belvidere Zoning Ordinance Sections 150.105(C)(6)(B)(2) Indoor Commercial Entertainment and 150.904 Special Use Review and Approval Procedures) in the CB, Central Business District on 0.05 acres. PIN: 05-26-433-019. The property is developed with a multi-tenant mixed-used building.

EXISTING LAND USE:

<u>Subject property</u>: Maggio's Pizzeria **North**: Last Stop Roofing and Exteriors

South: Mixed-use Building East: Mixed-use Buildings West: Detached Garages

CURRENT ZONING:

Subject property: CB, Central Business District

North, South East, West: CB, Central Business District

COMPREHENSIVE PLAN:

Subject property: Central Business

North, South, East, West: Central Business

BACKGROUND:

The property is located in the downtown commercial district. It is part of a mixed-use building that currently houses Maggio's Pizzeria. Due to existing lot sizes, age and layout of the existing buildings as well as the intention to be pedestrian friendly, on-site parking is not required in the Central Business District. Patrons can utilize the on-street parking along North State Street or the nearby municipal parking lots.

The most common type of indoor commercial land uses in Belvidere are bars and video gaming machines. However, the indoor commercial land use also encompasses theaters, bowling alleys, arcades, roller rinks, pool halls and other uses that have late night operating hours. Most

of these additional land uses require a larger amount of square-footage to successfully operate, therefore, limiting the type of indoor commercial entertainment land uses that can occupy the commercial space. The applicant is requesting the special use so that they may include video gaming machines in their restaurant. There have been 3 other indoor commercial entertainment special uses approved within 350 feet of the property, however, only two of the locations are currently operating.

The Zoning Ordinance was updated in 2006 requiring a special use for Indoor Commercial Entertainment. Bars and taverns that were in existence prior to that date have been considered "grandfathered" for the bar use. In 2013, Illinois State Law allowed municipalities to determine that video gaming would be permitted within their jurisdiction. The State limits the number of machines to six per establishment and every establishment must have a liquor license that allows for the pouring of alcohol (except for those that qualify as a truck stop). In 2013, Belvidere voted to allow video gaming and in 2020, the City Council voted to increase the limit on the number of gaming establishments from 30 to 40. Currently 38 of the 40 available licenses have been issued. Although the special use for indoor commercial entertainment allows for various businesses, the applicant is aware that granting the special use does not quarantee them the ability to have video gaming machines.

TREND OF DEVELOPMENT:

The subject property is located downtown in an area of established central business commercial and institutional uses.

COMPREHENSIVE PLAN:

The subject property is designated as "Central Mixed Use" by the City of Belvidere Comprehensive Plan, adopted July 15, 1999. The Central Mixed-Use map category encourages pedestrian-orientated indoor-commercial, office, institutional and residential uses with street-scaping and low-key signage. All surrounding properties are also designated "Central Mixed-Use" by the Comprehensive Plan

FINDINGS OF FACT:

Per Section 150.904 (G) of the City of Belvidere Zoning Ordinance, the criteria for granting a Special Use Permit are as follows:

A. <u>Findings</u>: The establishment, maintenance, or operation of the special use will not be unreasonably detrimental to or endanger the public health, safety, morals, comfort or general welfare.

The requested special use is for indoor commercial entertainment allowing alcohol sales and potentially video gaming machines to operate on the property in addition to the current pizzeria. The property is surrounded by eateries, offices, apartments, retail, an event center (The Apollo) and bars. The addition of a bar and arcade will not negatively impact these land uses. It will allow a local business to expand their offerings in order to increase patronage.

B. Findings: The proposed special use, both its general use independent of its location and in its specific location, will be in harmony with the purposes, goals,

objectives, policies, and standards of the City of Belvidere Comprehensive Plan, this Chapter, and any other plan, program, or ordinance adopted, or under consideration pursuant to Notice of Public Hearing by the City.

The Comprehensive Plan designates the subject property as Central Business; the current zoning is Central Business. The entire downtown area is designated as Central Business. The downtown area should be a mix of retail, services, residential, recreation and entertainment that operate during the day and night and that are compatible uses. Bars and arcades are included in the encouraged mix of land uses.

C. Findings: The special use will not in its proposed location and as depicted on the required site plan, result in a substantial or undue adverse impact on nearby property, the character of the neighborhood, environmental factors, traffic factors, parking, public improvements, public property or rights-of-way, or other matters affecting the public health, safety, or general welfare, either as they now exist or as they may in the future be developed as a result of the implementation of the provisions of this Chapter, the Comprehensive Plan, or any other plan, program, map, or ordinance adopted or under consideration pursuant to Notice of Public Hearing by the City or governmental agency having jurisdiction to guide development.

F. <u>Findings:</u> The potential public benefits of the proposed special use outweigh any and all potential adverse impacts of the proposed special use after taking into

consideration the Applicant's proposal and any requirements recommended by the Applicant to ameliorate such impacts.

Although the applicant is requesting a special use to operate a business that is similar to others in the downtown area, it will allow for expanded services to the existing pizzeria. This allows for a wider demographic of people to be served in the downtown area. The neighborhood is a mix of residential, commercial, office and entertainment so the special use should not alter the neighborhood or create an undue burden.

SUMMARY OF FINDINGS:

The requested special use is for indoor commercial entertainment allowing alcohol sales and potentially video gaming machines to operate on the property in addition to the current pizzeria. To whom it may concern at the City of Belvidere Community Development,

As followed in detail by this letter, Maggio's Pizzeria located at 132 N. State St, Belvidere, IL is

requesting a special use permit to add a designated Video Gaming section to the dining area of

its restaurant.

Attached with this document is a .png file that contains the floor plans to add four (4) Video

Gaming Terminals and one (1) Redemption Terminal. Maggio's Pizzeria's hours and business

operations will remain unchanged. Currently Maggio's Pizzeria's hours of operation are as

follows; Monday-Thursday 4pm-9pm, Friday & Saturday 3pm-10pm, and Sunday 3pm-9pm.

The designated gaming area as seen in the attached .png file with this document will be located

in the South-East corner of the restaurants dining area, to patrons left when entering the

restaurant. The gaming area will be partitioned off by a belt stanchion to keep underage patrons

outside of the designated space.

The purpose of this request to add a designated Video Gaming section to the restaurant, follows

multiple and common requests by patrons for video gaming inside of the restaurant as well as to

compliment the Apollo Theatre Pre-Show Parties that are held at Maggio's Pizzeria. Adding

video gaming to the restaurant will prove to be an integral part of the businesses income in

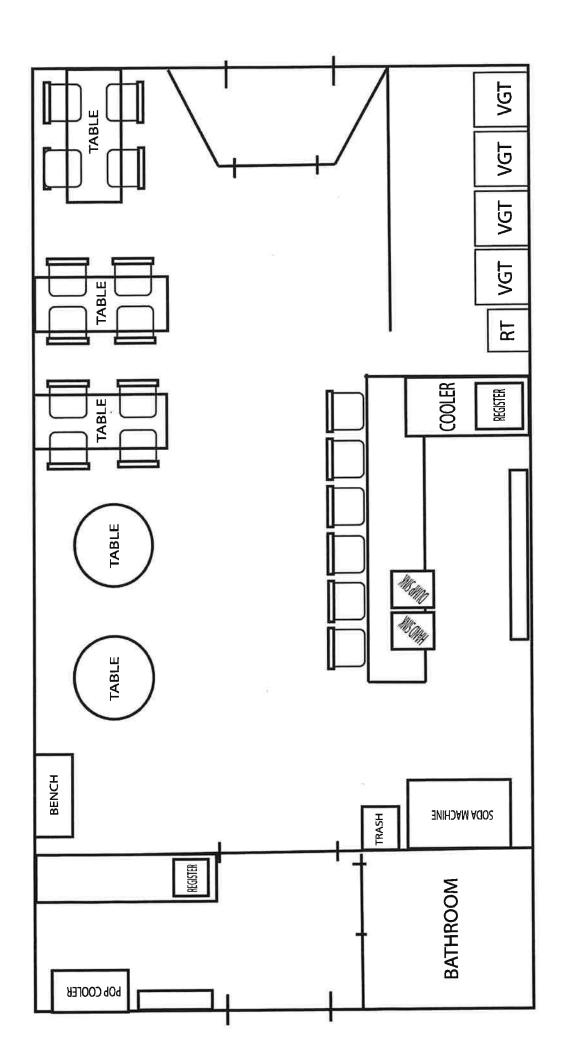

order to maintain positive cash flow to remain open during the current business hours of

operation.

PIN: 05-26-433-019. The property is developed with a multi-tenant mixed-used building.

FINDINGS OF FACT:

Per Section 150.904 (G) of the City of Belvidere Zoning Ordinance, the criteria for granting a Special Use Permit are as follows:

A. <u>Findings</u>: The establishment, maintenance, or operation of the special use will not be unreasonably detrimental to or endanger the public health, safety, morals, comfort or general welfare.

The requested special use is for indoor commercial entertainment allowing alcohol sales and potentially video gaming machines to operate on the property in addition to the current pizzeria. The property is surrounded by eateries, offices, apartments, retail, an event center (The Apollo) and bars. The addition of a bar and arcade will not negatively impact these land uses. It will allow a local business to expand their offerings in order to increase patronage.

B. Findings: The proposed special use, both its general use independent of its location and in its specific location, will be in harmony with the purposes, goals, objectives, policies, and standards of the City of Belvidere Comprehensive Plan, this Chapter, and any other plan, program, or ordinance adopted, or under consideration pursuant to Notice of Public Hearing by the City.

The Comprehensive Plan designates the subject property as Central Business; the current zoning is Central Business. The entire downtown area is designated as Central Business. The downtown area should be a mix of retail, services, residential, recreation and entertainment that operate during the day and night and that are compatible uses. Bars and arcades are included in the encouraged mix of land uses.

C. Findings: The special use will not in its proposed location and as depicted on the required site plan, result in a substantial or undue adverse impact on nearby property, the character of the neighborhood, environmental factors, traffic factors, parking, public improvements, public property or rights-of-way, or other matters affecting the public health, safety, or general welfare, either as they now exist or as they may in the future be developed as a result of the implementation of the provisions of this Chapter, the Comprehensive Plan, or any other plan, program, map, or ordinance adopted or under consideration pursuant to Notice of Public Hearing by the City or governmental agency having jurisdiction to guide development.

The property is served by on-street parking along North State Street and Municipal Lot 7. The property has been a pizzeria for decades; staff is not aware of any traffic nuisances created by the subject property or adjacent businesses.

The property is within the Downtown Overlay District which regulates exterior features of buildings such as signage, windows, doors, etc. The regulations of the Downtown Overlay District ensure that changes made to the building will be kept in line with the character of the neighborhood.

D. <u>Findings:</u> The establishment of the special use will not impede the normal and orderly development and improvement of surrounding property, and maintains the desired consistency of land uses, land use intensities, and land use impacts as related to the environs of the subject property.

The planning staff is not aware of any business that chose not to locate or expand in the downtown area due to the other bars and similar establishments. The planning staff does not anticipate that this special use will deter development when previous businesses have not.

E. <u>Findings:</u> The proposed special use is located in an area that will be adequately served by, and will not impose an undue burden on, any of the improvement facilities, utilities or services provided by public agencies servicing the subject property.

The subject property is already developed with a mixed-use building that is served with municipal utilities.

F. <u>Findings:</u> The potential public benefits of the proposed special use outweigh any and all potential adverse impacts of the proposed special use after taking into consideration the Applicant's proposal and any requirements recommended by the Applicant to ameliorate such impacts.

Although the applicant is requesting a special use to operate a business that is similar to others in the downtown area, it will allow for expanded services to the existing pizzeria. This allows for a wider demographic of people to be served in the downtown area. The neighborhood is a mix of residential, commercial, office and entertainment so the special use should not alter the neighborhood or create an undue burden.

Findings of Fact

The motion to adopt the Findings of Fact as presented by staff for case 2023-10 for a special use to permit indoor commercial entertainment at 132 N. State Street carried with a (7-0) roll call vote.

ADVISORY REPORT

CASE NO: 2023-11

APPLICANT: Gunsteen, 1125 N. State Street

REQUEST AND LOCATION:

The applicant, Gunsteen Car Wash c/o Daniel Gunsteen, 651 S. Sutton Road, Ste 305, Streamwood, IL 60107 on behalf of the property owner, DM Enterprises of 651 S. Sutton Road, Ste 305, Streamwood, IL 60107 for a special use to permit in-vehicle sales or service and a special use to permit indoor commercial entertainment. Specifically, a car wash with accessory retail sales with the potential for a restaurant, bar and video gaming at 1125 N. State Street, Belvidere, IL 61008 (Belvidere Zoning Ordinance Sections 150.105(C)(5)(B)(2) In-vehicle sales or service; 150.105(C)(5)(B)(2) Indoor Commercial Entertainment and 150.904 Special use Review and Approval Procedures) in the GB, General Business District on approximately 1.2 acres. PIN: 05-26-127-011. The property is irregular in shape and developed with a parking lot.

EXISTING LAND USE ON SUBJECT PROPERTY AND ADJACENT PROPERTY:

Subject property: Vacant

Adjacent property:

North: Storage for Boone County Government

South: KFC Restaurant and Anticipated Liquor Store

West: Little Caesars Restaurant

East: Multi-tenant Commercial Building

ZONING ON SUBJECT PROPERTY AND ADJACENT PROPERTY:

Subject property: GB, General Business District

All Adjacent properties: GB, General Business District

COMPREHENSIVE PLAN:

Subject property: General Business

All Adjacent properties: General Business

BACKGROUND:

The Zoning Ordinance requires properties that are zoned General Business to be a minimum of 20,000 square feet and a lot width of 100 feet at the building line. The subject property is part of the Dixon Commercial Subdivision which was platted in 2017, is 53,400 square feet and has a lot width in excess of 100 feet.

The property was previously developed with a two-story stone residence which was moved in order to allow for the construction of a Shell gas station in 1968. In 1980 the gas station was replaced with a restaurant which later became a bar. Eventually all buildings were removed and the property became additional parking for Belvidere Motors which was located to the north. Belvidere Motors opened in 1989 and had replaced a grocery store that was open since 1965.

On February 3, 2020 the Belvidere City Council approved Ordinance 482H granting the applicant a special use for the car wash development. Extensions for the start of the special use were granted in 2021 and 2022. In 2023, the applicant reapplied for the special use to allow a car wash (in-vehicle sales and service) and also requested a special use for indoor commercial entertainment to allow for alcohol sales and video gaming in the end unit of the car wash that was originally anticipated to be automotive related retail sales.

In 2018, there were two special uses approved for automatic car washes on the south end of Belvidere. One is located on Logan Avenue and the other along Grant Highway adjacent to the Speedway gas station. Belvidere has a mix of self- serve, automatic and full-service car washes spread throughout the city limits.

The applicant is proposing to construct an automatic car wash with its primary entrance off of North State Street and a secondary entrance off of Fairgrounds Road. In addition to the car wash, there will be outdoor vacuum stations and a commercial area within the building that could be used for retail, food, video gaming, etc. (see attached narrative and site plan). It is anticipated that approximately 200 cars will utilize the car wash per day. Additional traffic could be generated for the commercial sales portion of the building. There is adequate parking to serve both the car wash patrons and the indoor commercial entertainment patrons.

There have been 3 other indoor commercial entertainment special uses approved within 350 feet of the property, however, only two of the locations are currently operating.

The Zoning Ordinance was updated in 2006 requiring a special use for Indoor Commercial Entertainment. Bars and taverns that were in existence prior to that date have been considered "grandfathered" for the bar use. In 2013, Illinois State Law allowed municipalities to determine that video gaming would be permitted within their jurisdiction. The State limits the number of machines to six per establishment and every establishment must have a liquor license that allows for the pouring of alcohol (except for those that qualify as a truck stop). In 2013, Belvidere voted to allow video gaming and in 2020, the City Council voted to increase the limit on the number of gaming establishments from 30 to 40. Currently 38 of the 40 available licenses have been issued. Although the special use for indoor commercial entertainment allows for various types of businesses, the applicant is aware that granting the special use does not guarantee them the ability to have video gaming machines.

TREND OF DEVELOPMENT:

The property is located at the corner of North State Street and Fairgrounds Road. The most recent redevelopment to occur in the area is the former Family Video store into a grocery delivery service and ultimately a liquor store.

COMPREHENSIVE PLAN:

The subject property is designated as "General Business" by the City of Belvidere Comprehensive Plan, adopted July 15, 1999. The General Business map category encourages

indoor commercial, office, institutional, and controlled outdoor display land uses, with moderate landscaping and signage.

FINDINGS OF FACT:

Per Section 150.904 (G) of the City of Belvidere Zoning Ordinance, the criteria for granting a Special Use Permit are as follows:

A. <u>Findings:</u> The establishment, maintenance, or operation of the special use will not be unreasonably detrimental to or endanger the public health, safety, morals, comfort or general welfare.

Car washes and other vehicle-orientated businesses are commonly found along North State Street. The site plan reduces potential negative impacts by requiring vehicles to drive through a parking area prior to exiting the parking lot, allowing for any water to collect in the parking area instead of onto North State Street.

North State Street is comprised of several indoor commercial entertainment land uses and even more restaurants. The property is located at an intersection involving roads that become state routes, lending to its appeal as a site for commercial development for those already traveling past (car wash) and for those traveling to a specific destination (indoor commercial entertainment).

B. <u>Findings:</u> The proposed special use, both its general use independent of its location and in its specific location, will be in harmony with the purposes, goals, objectives, policies, and standards of the City of Belvidere Comprehensive Plan, Section 150.904 of the Belvidere Zoning Ordinance and any other plan, program, or ordinance adopted, or under consideration pursuant to Notice of Public Hearing by the City.

The Comprehensive Plan shows the property and the surrounding areas as General Business. The general business category calls for indoor commercial, office, institutional, and controlled outdoor display land uses, with moderate landscaping and signage. The proposed car wash and indoor commercial entertainment land uses meet the intent of the Comprehensive Plan.

C. Findings: The special use will not in its proposed location and as depicted on the required site plan, result in a substantial or undue adverse impact on nearby property, the character of the neighborhood, environmental factors, traffic factors, parking, public improvements, public property or rights-of-way, or other matters affecting the public health, safety, or general welfare, either as they now exist or as they may in the future be developed as a result of the implementation of the provisions of this Chapter, the Comprehensive Plan, or any other plan, program, map, or ordinance adopted or under consideration pursuant to Notice of Public Hearing by the City or governmental agency having jurisdiction to guide development.

The proposed car wash is expected to service approximately 200 vehicles a day. Some of those patrons will also frequent the restaurant with bar and video gaming in addition to those traveling to the site just for the restaurant with bar and video gaming.

Not all the vehicles served will be traveling on North State Street and Fairgrounds Road for the sole purpose of patronizing the subject property. Vehicle-orientated businesses often draw from the existing traffic.

According to the Illinois Department of Transportation's 2018 traffic counts there are 9,700 vehicles that travel along the adjacent portion of North State Street daily and 4,900 vehicles that travel along the adjacent portion of Fairgrounds Road (Illinois Route 76) daily.

Although the property has been vacant for some time, it has been gas station, a restaurant and a bar previously. Like many properties along North State Street, it has been redeveloped several times.

D. <u>Findings:</u> The establishment of the special use will not impede the normal and orderly development and improvement of surrounding property, and maintains the desired consistency of land uses, land use intensities, and land use impacts as related to the environs of the subject property.

The existing Little Caesars and the proposed car wash will block access of the old Belvidere Motors building from North State Street. When that property redevelops, it will have to be orientated towards Fairgrounds Road which provides access to several non-residential properties as well as a connection to US Route 20.

The proposed car wash and restaurant with bar and video gaming also has access from Fairgrounds Road to not only lessen the burden of traffic on North State Street but to take advantage of the cars traveling from north of Belvidere (where commercial businesses are limited) along Fairgrounds Roads.

E. <u>Findings:</u> The proposed Special Use is located in an area that will be adequately served by, and will not impose an undue burden on, any of the improvement facilities, utilities or services provided by public agencies servicing the subject property.

The subject property is part of a platted subdivision in which adjacent lots are developed and served with municipal utilities. Extension of the existing utilities to serve the proposed development is required.

F. <u>Findings:</u> The potential public benefits of the proposed special use outweigh any and all potential adverse impacts of the proposed special use after taking into consideration the Applicant's proposal and any requirements recommended by the Applicant to ameliorate such impacts.

Other than limited noise, staff is not aware of any negative impacts the other car washes have generated and staff is not aware of any negative impacts indoor commercial entertainment land uses have generated. Between the amount of traffic traveling along North State Street and Fairgrounds Road in addition to vehicles idling at the numerous gas stations and drive-through restaurants in the area, staff does not anticipate a significant increase to the existing noise and traffic levels in the area.

SUMMARY OF FINDINGS:

Car washes and other vehicle-orientated businesses are commonly found along North State Street. The site plan reduces potential negative impacts by requiring vehicles to drive through a parking area prior to exiting the parking lot, allowing for any water to collect in the parking area instead of onto North State Street.

North State Street is comprised of several indoor commercial entertainment land uses and even more restaurants. The property is located at an intersection involving roads that become state routes, lending to its appeal as a site for commercial development for those already traveling past (car wash) and for those traveling to a specific destination (indoor commercial entertainment).

The proposed car wash is expected to service approximately 200 vehicles a day. Some of those patrons will also frequent the restaurant with bar and video gaming in addition to those traveling to the site just for the restaurant with bar and video gaming. According to the Illinois Department of Transportation's 2018 traffic counts there are 9,700 vehicles that travel along the adjacent portion of North State Street daily and 4,900 vehicles that travel along the adjacent portion of Fairgrounds Road (Illinois Route 76) daily.

The existing Little Caesars and the proposed car wash will block access of the old Belvidere Motors building from North State Street. When that property redevelops, it will have to be orientated towards Fairgrounds Road which provides access to several non-residential properties as well as a connection to US Route 20. The proposed car wash and restaurant with bar and video gaming also has access from Fairgrounds Road to not only lessen the burden of traffic on North State Street but to take advantage of the cars traveling from north of Belvidere (where commercial businesses are limited) along Fairgrounds Roads.

Although the property has been vacant for some time, it has been gas station, a restaurant and a bar previously. Like many properties along North State Street, it has been redeveloped several times. Other than limited noise, staff is not aware of any negative impacts the other car washes have generated and staff is not aware of any negative impacts indoor commercial entertainment land uses have generated. Between the amount of traffic traveling along North State Street and Fairgrounds Road in addition to vehicles idling at the numerous gas stations and drive-through restaurants in the area, staff does not anticipate a significant increase to the existing noise and traffic levels in the area.

RECOMMENDATION:

Planning staff recommends the approval of case number 2023-11 subject to the following conditions:

- 1. Substantial compliance with the site plan dated 10/2020 and the building elevations 2/17/2023.
- 2. A full site plan shall be submitted to and approved by the staff (building, public works, fire, planning, etc.) prior to the issuance of building permits.
- 3. A stormwater drainage plan and calculations will need to be provided to the Public Works Department supporting the decrease in impervious area of the new development from the existing conditions.

Re: Special Use Narrative

Introduction: The property at the corner of N State Street and Fairgrounds Road has been largely vacant for several years and has become an eyesore on the North State Street business corridor. The entire proposed development lot is an existing and deteriorating asphalt parking lot from a former car auto sales lot that is now vacant. This application is in support of the proposed use on the property into an automated, express drive-through car wash facility. The goal of this supporting documentation is to provide the City with the necessary information for a positive recommendation for council approval. In summary, the development will be a compatible use to other businesses in the commercial corridor, please note the following narrative:

Proposed Use: The enclosed application is for a special use permit and certain minor variances in support of an express car wash within a GB-General Business district. The express wash model is replacing old "self-serve" style carwashes as consumer trends move toward more automated service. The express wash model serves a clientele base that does not necessarily desire the typical service at a "full serve" car wash and also demands a lower price point. The express wash concept is an improvement over typical gas station car washes because they use a more advanced pulley system that allows for a much greater processing rate, reducing the waiting time for customers. Arc Design Resources has been retained by the car wash owner, Mr. Dan Gunsteen of Extreme Clean Car Wash (MKD Enterprises) for this project. Mr. Gunsteen owns several other new facilities of this type, and is interested in expanding their market into this community. The proposed project will create new infill development desired within the City and will be an improvement over the old and broken asphalt parking lot that exists today. Other key features of the proposed project are as follows:

<u>Construction:</u> Mr. Gunsteen is an electrical contractor by trade, he has acted as his own general contractor on his previous sites and has always completed our projects using union labor. In Belvidere, they will use as many local contractors as possible. Typically, his sites have generated 30+ temporary positions in the construction of this site. The construction projects typically last around 90-100 days.

<u>Materials:</u> The building will have a masonry finish on all four sides. The exposed roof will be a standing seam metal roof. The trash enclosure area is made of similar materials.

<u>Employees:</u> The project will retain 3-6 people on staff every day, depending on demand, and the total payroll will employ 15-20 local full and part time employees. The desire is to hire all the staff from a 5-6-mile radius of the facility, in order to be able to call in additional help if needed. One of the workers on staff is solely dedicated to site maintenance and customer assistance.

Hours of Operation: The project intends to be open from 7am to 9pm daily. It is not a 24-hour facility.

Other Site Features: The site will have complimentary (free) vacuum stations. All vacuum equipment is located inside the building so that only the hose ends are exposed to the environment. A vending room is located inside the front of the building. A unique feature of this site is that it will also contain an indoor pet wash station. Patrons can come to the location with their dog or cat and use this facility for a pet wash.

CIVIL ENGINEERING LAND SURVEYING 5291 Zenith Parkway Loves Park, IL 61111 815-484-4300 p 815-484-4303 f

<u>Lighting:</u> On the east side of the building we will not place any wall pack lighting other than an emergency egress door that will be direct down. Since Mr. Gunsteen is an electrical contractor, he will utilize quality LED lighting, which will be full cut off light so they will not impact the apartments and will comply with the City of Belvidere's requirements.

Sound: Sound concerns have been raised on past projects. The buildings have been redesigned to incorporate the vacuum motors, and the facility's indoor equipment. Speed doors are also used at the entry and exit points of the building, which cuts off equipment sound and these doors open after the car is dry. The site will be posted with "no loud music" signs and will be enforced aggressively since there are always 3 to 6 workers on site.

<u>Security:</u> Mr. Gunsteen has instituted elaborate measures to ensure their places are secure and safe even during after-hours to prevent loitering. All sites are set up with 36 cameras that are monitored remotely by the owner on his PC and phone, as well as the security company. The cameras are always recording. They also have a traditional security system in place that is tied to the local police station.

<u>Screening and Landscaping:</u> The building will be set back from the east property line to meet or exceed the zoning requirement. The site will provide landscaping to follow the ordinance for foundation, building area, total paved area and street frontage.

<u>Traffic and Access:</u> Mr. Gunsteen is estimating 200 washes per day as a desirable sales goal. The existing access on N State Street will be maintained and modified to accommodate the business site. The site access on Fairgrounds Road will also be maintained and modified. The existing recently upgraded sidewalk will also remain and provide pedestrian access to the site.

Storm water Impacts: The existing (former) auto dealer property has no detention and is nearly all paved surface. The new development will decrease the amount of paved surface.

Signage: Signage will conform to the code. Building signs will be on the south (facing N State St) and on the East.

Extreme clean canwash – Belvidera IL

State St and Fairgrounds Road

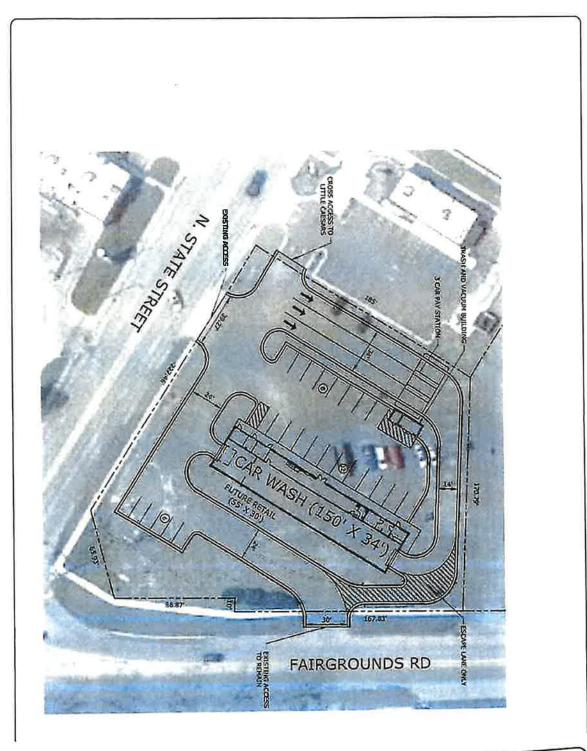

We are applying for a Special use to a site that was previously approved for a carwash, i Am the same owner and basically replying for this use. Everything from the original narrative has remained the same (Attached)

It is our intentions to construct this canwash in the summer of 2023. We have not made any modification to the site or the building based off the previous approval

When we designed this we had it laid the site out to accommodate a 1800-2000 square foot retail building adjacent to the east side of the carwash building. We originally had additional parking in place for this. At this time, we have not determined if we are going to construct this at the same time. We are working to finalize this as a Carwash SUP and be able to add Restaurant and Gaming facility when the retail is built. In the event this retail moves forward we would have some slight elevation changes and minor Curb changes to accommodate this retail use. To make this work we are requesting video gaming land use added to this approval. We will also have adequate parking and trash enclosures to accommodate this.

Thank you

Dan Gunsteen

Request: Special Use for carwash

Notes:

It appears the construction of the car wash facility will disturb less than one acre, with approximately 1.19 acres of pavement/impervious surface and approximately 0.03 acres of landscaping/green space. Additionally, it appears more green space will be created compared to the existent vacant lot. If disturbance is greater than one acre in size, a National Pollutant Discharge Elimination System (NPDES) Permit will be needed from the Illinois Environmental Protection Agency (IEPA), which covers discharges of storm water from construction sites. Although, it appears the development project is less than an acre in size, an erosion and sediment control plan shall be created and available for review, prior to development. At time of building permit review, an erosion and sediment control plan, in compliance with section 151.45, Erosion and Sediment Control Requirements of the Belvidere Municipal Code, will be required.

Re: Case: 2023-11; Gunsteen, 1125 N State Street

Dear City of Belvidere,

We are in receipt of a copy of a special use to permit in-vehicle sales or service and a special use to permit indoor commercial entertainment. Specifically, a car wash with accessory retail sales with the potential for a restaurant, bar and video gaming at 1125 N State Street, Belvidere, IL 61008 (Belvidere Zoning Ordinance Sections 150.105(C)(5)(B)(2) In-vehicle sales or service; 150.105(C)(5)(B)(2) Indoor Commercial Entertainment and 150.904 Special Use Review and Approval Procedures) in the GB, General Business District on approximately 1.2 acres. PIN: 05-26-127-011.

If prepared or temperature controlled foods are served, prior to operation of the establishment a to-scale plan and a food application must be submitted to the Boone County Health Department for review. The plan review fee would be determined when menu information is submitted. Below is the county code explaining this further.

Sec. 30-35. Submission and review of plans; permits.

- (a) Generally, whenever a food service establishment or retail food store is constructed or extensively remodeled and whenever an existing structure is converted to use as a food service establishment, properly prepared plans and specifications for such construction, remodeling, or conversion shall be submitted to the regulatory authority for review and approval before construction, remodeling, or conversion is begun. The plans and specifications shall indicate the proposed layout, arrangement, mechanical plans, construction materials of work areas, and the type and model of proposed fixed equipment and facilities.
- (b) Permit required. Any business or organization desiring to operate as a food service establishment or retail food establishment must have a current food service permit.
- (c) Plans, inspection and approval. Before issuing a food service permit to a new establishment, plans must be submitted to and approved by the health authority. Plans submitted for review must be accompanied by the appropriate plan review fee as listed in section 38-31.

Food establishment classifications. All food service establishments or retail food establishments shall be categorized according to their type of operation, size of operation, and risk category of the food prepared and/or served and shall obtain a permit for the class of operation as hereinafter defined. The listing of various types of operation is not intended to be all inclusive, but typical and not limited to those mentioned. If a food establishment is not specifically listed, it shall be classified according to the class to which it most closely resembles.

- (1) Category I High Risk Facility: is a food establishment that presents a high relative risk of causing foodborne illness based on the large number of food handling operations typically implicated in foodborne outbreaks and/or type of population served by the facility. The following criteria shall be used to classify facilities as Category I High Risk facilities:
 - a. whenever cooling of potentially hazardous foods occurs as part of the food handling operations at the facility;
 - b. when potentially hazardous foods are prepared hot or cold and held hot or cold for more than 12 hours before serving:
 - c. if potentially hazardous foods which have been previously cooked and cooled must be reheated;
 - d. when potentially hazardous foods are prepared for off-premises service for which time-temperature requirements during transportation, holding and service are relevant:
 - e. whenever complex preparation of foods, or extensive handling of raw ingredients with hand contact for ready to eat foods, occurs as a part of the food handling operations at the facility;
 - f. if vacuum packaging and/or other forms of reduced oxygen packaging are performed at the retail level; or
 - g. whenever serving immunocompromised individuals, where these individuals compromise the majority of the consuming population.
- (2) Category I High Risk Multi-Department Facility: is a food establishment that presents a high relative risk of causing foodborne illness based on the large number of food handling operations typically implicated in foodborne outbreaks. These facilities have the same criteria as Category I High Risk facilities, and have 3 or more departments within their facilities which need inspection including but not limited to main grocery, bakery, deli, meat and seafood departments.
- (3) Category II Medium Risk Facility: is a food establishment that presents a medium risk of causing foodborne illness based upon a few food handling operations typically implicated in foodborne illness outbreaks. The following criteria shall be used to classify facilities as Category II Medium Risk facilities:

RE: Case: 2023-11; Gunsteen, 1125 N State Street

a. if hot or cold foods are not maintained at that temperature for more than 12 hours and are restricted to same day service;

b. if preparing foods for service from raw ingredients uses only minimal

assembly; and

- c. foods served at an establishment that require complex preparation (whether canned, frozen, or fresh prepared) are obtained from an approved food processing plants, (high risk) food service establishments or retail food stores.
- (4) Category III Low Risk Facility: is a food establishment that presents a low relative risk of causing foodborne illness based on few or no food handling operations typically implicated in foodborne illness outbreaks. The following criteria shall be used to classify facilities as Category III Low Risk facilities:

a. only prepackaged foods are available or served in the facility, and any potentially hazardous foods available are commercially pre-packaged in an approved food processing plant;

b. only limited preparation of non-potentially hazardous foods and beverages, such as snack foods and carbonated beverages occurs at the facility; or

c. only beverages (alcoholic and non-alcoholic) are served at the facility.

Re: Case #2023-11: Gunsteen Car Wash - 1125 N State St

Having reviewed the above referenced case, I would offer the following:

- 1. Plans for the site improvements shall be submitted for review and approval prior to construction.
- Water and Sewer connection fees will include a credit for the 1" metered service that was removed in 2001.
- A stormwater drainage plan and calculations will need to be provided to support the decrease in impervious area of the new development from the existing conditions.

TO:

Mayor and Members of the City Council

FROM:

City of Belvidere Planning and Zoning Commission

SUBJECT:

Recommendation for Case: 2023-11, Gunsteen, 1125 North State Street

REQUEST AND LOCATION:

The applicant, Gunsteen Car Wash c/o Daniel Gunsteen, 651 S. Sutton Road, Ste 305, Streamwood, IL 60107 on behalf of the property owner, DM Enterprises of 651 S. Sutton Road, Ste 305, Streamwood, IL 60107 for a special use to permit in-vehicle sales or service and a special use to permit indoor commercial entertainment. Specifically, a car wash with accessory retail sales with the potential for a restaurant, bar and video gaming at 1125 N. State Street, Belvidere, IL 61008 (Belvidere Zoning Ordinance Sections 150.105(C)(5)(B)(2) In-vehicle sales or service; 150.105(C)(5)(B)(2) Indoor Commercial Entertainment and 150.904 Special use Review and Approval Procedures) in the GB, General Business District on approximately 1.2 acres. PIN: 05-26-127-011. The property is irregular in shape and developed with a parking lot.

RECOMMENDATION:

The planning and zoning commission recommended the **approval** of case number **2023-11** for a special use to permit in-vehicle sales or service (an automatic car wash) and indoor commercial entertainment (video gaming) at 1125 North State Street subject to the following *amended* conditions:

- 1. Substantial compliance with the site plan dated 3/2023 and the building elevations 2/17/2023.
- 2. A full site plan shall be submitted to and approved by the staff (building, public works, fire, planning, etc.) prior to the issuance of building permits.
- 3. A stormwater drainage plan and calculations will need to be provided to the Public Works Department supporting the decrease in impervious area of the new development from the existing conditions.

Motion to approve case 2023-11; Gunsteen, 1125 North State Street subject to the conditions as amended carried with a (7-0) roll call vote.

Paul Engelman, Chairman
Belvidere Planning and Zoning Commission

MEMO

DATE: March 15, 2023

TO: Mayor and Members of the City Council

FROM: City of Belvidere Planning and Zoning Commission

SUBJECT: Findings of Fact for Case: 2023-11; Gunsteen, 1125 North State Street

REQUEST AND LOCATION:

The applicant, Gunsteen Car Wash c/o Daniel Gunsteen, 651 S. Sutton Road, Ste 305, Streamwood, IL 60107 on behalf of the property owner, DM Enterprises of 651 S. Sutton Road, Ste 305, Streamwood, IL 60107 for a special use to permit in-vehicle sales or service and a special use to permit indoor commercial entertainment. Specifically, a car wash with accessory retail sales with the potential for a restaurant, bar and video gaming at 1125 N. State Street, Belvidere, IL 61008 (Belvidere Zoning Ordinance Sections 150.105(C)(5)(B)(2) In-vehicle sales or service; 150.105(C)(5)(B)(2) Indoor Commercial Entertainment and 150.904 Special use Review and Approval Procedures) in the GB, General Business District on approximately 1.2 acres. PIN: 05-26-127-011. The property is irregular in shape and developed with a parking lot.

FINDINGS OF FACT:

Per Section 150.904 (G) of the City of Belvidere Zoning Ordinance, the criteria for granting a Special Use Permit are as follows:

A. <u>Findings:</u> The establishment, maintenance, or operation of the special use will not be unreasonably detrimental to or endanger the public health, safety, morals, comfort or general welfare.

Car washes and other vehicle-orientated businesses are commonly found along North State Street. The site plan reduces potential negative impacts by requiring vehicles to drive through a parking area prior to exiting the parking lot, allowing for any water to collect in the parking area instead of onto North State Street.

North State Street is comprised of several indoor commercial entertainment land uses and even more restaurants. The property is located at an intersection involving roads that become state routes, lending to its appeal as a site for commercial development for those already traveling past (car wash) and for those traveling to a specific destination (indoor commercial entertainment).

B. <u>Findings:</u> The proposed special use, both its general use independent of its location and in its specific location, will be in harmony with the purposes, goals, objectives, policies, and standards of the City of Belvidere Comprehensive Plan, Section 150.904 of the Belvidere Zoning Ordinance and any other plan, program, or ordinance adopted, or under consideration pursuant to Notice of Public Hearing by the City.

The Comprehensive Plan shows the property and the surrounding areas as General Business. The general business category calls for indoor commercial, office, institutional, and controlled outdoor display land uses, with moderate landscaping and signage. The

proposed car wash and indoor commercial entertainment land uses meet the intent of the Comprehensive Plan.

C. <u>Findings</u>: The special use will not in its proposed location and as depicted on the required site plan, result in a substantial or undue adverse impact on nearby property, the character of the neighborhood, environmental factors, traffic factors, parking, public improvements, public property or rights-of-way, or other matters affecting the public health, safety, or general welfare, either as they now exist or as they may in the future be developed as a result of the implementation of the provisions of this Chapter, the Comprehensive Plan, or any other plan, program, map, or ordinance adopted or under consideration pursuant to Notice of Public Hearing by the City or governmental agency having jurisdiction to guide development.

The proposed car wash is expected to service approximately 200 vehicles a day. Some of those patrons will also frequent the restaurant with bar and video gaming in addition to those traveling to the site just for the restaurant with bar and video gaming.

Not all the vehicles served will be traveling on North State Street and Fairgrounds Road for the sole purpose of patronizing the subject property. Vehicle-orientated businesses often draw from the existing traffic.

According to the Illinois Department of Transportation's 2018 traffic counts there are 9,700 vehicles that travel along the adjacent portion of North State Street daily and 4,900 vehicles that travel along the adjacent portion of Fairgrounds Road (Illinois Route 76) daily.

Although the property has been vacant for some time, it has been gas station, a restaurant and a bar previously. Like many properties along North State Street, it has been redeveloped several times.

D. <u>Findings:</u> The establishment of the special use will not impede the normal and orderly development and improvement of surrounding property, and maintains the desired consistency of land uses, land use intensities, and land use impacts as related to the environs of the subject property.

The existing Little Caesars and the proposed car wash will block access of the old Belvidere Motors building from North State Street. When that property redevelops, it will have to be orientated towards Fairgrounds Road which provides access to several non-residential properties as well as a connection to US Route 20.

The proposed car wash and restaurant with bar and video gaming also has access from Fairgrounds Road to not only lessen the burden of traffic on North State Street but to take advantage of the cars traveling from north of Belvidere (where commercial businesses are limited) along Fairgrounds Roads.

E. <u>Findings:</u> The proposed Special Use is located in an area that will be adequately served by, and will not impose an undue burden on, any of the improvement facilities, utilities or services provided by public agencies servicing the subject property.

The subject property is part of a platted subdivision in which adjacent lots are developed and served with municipal utilities. Extension of the existing utilities to serve the proposed development is required.

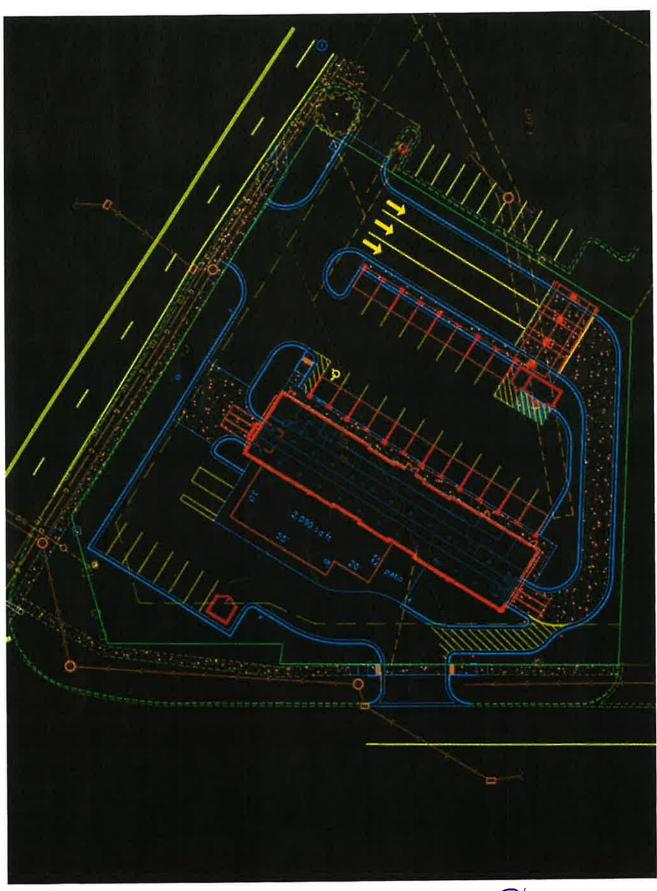

F. <u>Findings:</u> The potential public benefits of the proposed special use outweigh any and all potential adverse impacts of the proposed special use after taking into consideration the Applicant's proposal and any requirements recommended by the Applicant to ameliorate such impacts.

Other than limited noise, staff is not aware of any negative impacts the other car washes have generated and staff is not aware of any negative impacts indoor commercial entertainment land uses have generated. Between the amount of traffic traveling along North State Street and Fairgrounds Road in addition to vehicles idling at the numerous gas stations and drive-through restaurants in the area, staff does not anticipate a significant increase to the existing noise and traffic levels in the area.

The motion to adopt the Findings of Fact as presented by staff for case 2023-11 for invehicle sales or service (automatic car wash) and indoor commercial entertainment (video gaming) at 1125 North State Street carried with a (7-0) roll call vote.

ARTICLE VIII. MOBILE FOOD VEHICLES

26-300. Definitions.

Merchant means the owner of a sales vehicle, operator and/or person physically making sales from a sales vehicle.

Retail street sales or street sales means the sale of food products and non-alcoholic beverages intended for immediate consumption, from a Mobile food vehicle that is on a public highway. Sales of other goods or merchandize are prohibited under this Article.

Mobile food vehicle means a motorized vehicle or towed vehicle used to prepare or directly serve food. Vehicles utilized by caterers who simply transport food prepared at a certified kitchen for service at an event where sales are not made to individuals shall not be deemed a mobile food vehicle.

Mobile food preparer means any person who prepares or serves food or beverages from a mobile food vehicle.

26-301. License Required.

- (a) It shall be unlawful to operate a Mobile Food Vehicle in the City of Belvidere (City) without having first obtained a license from the City for each Mobile Food Vehicle. The annual fee for the license shall be \$500.00 for each sales vehicle and shall be valid from May 1 through the immediately following April 30. The license fee shall not be prorated in the event a license is awarded after May 1 or in the event a license is surrendered or revoked prior to April 30. Application for the license shall be made on forms provided by the City Clerk.
- (b) The issuance of Mobile Food Vehicle license to be held by the owner of each Mobile Food Vehicle is a personal privilege and is not transferable in any manner.
 - (c) Prior to, and as a condition of, issuance of a Mobile Food Vehicle License each applicant shall provide:
 - (1) Proof of vehicle insurance as required by the Illinois Vehicle Code;
 - (2) Proof of commercial general liability insurance in an amount of not less than \$1,000,000 per occurrence naming the City of Belvidere as an additional insured;
 - (3) proof of registration for each Mobile Food Vehicle issued by the State of Illinois or another state of the United states as well as the year make and model of each Mobile Food Vehicle and vehicle identification number (if available);
 - (4) evidence that a Mobile Food Vehicle has been properly inspected and approved by the Belvidere Fire Department; and
 - (5) evidence of all other required permits and inspections of any other regulatory body, including but not limited to, the Boone County Health Department.

26-302. Retail Street Sales

- (a) All Mobile Food Vehicles shall be operated on a public or private highway or street in such a manner so as not to interfere with the flow of traffic. Prior to engaging in sales, the sales vehicle shall be pulled as far to the right as possible, and all sales shall only be made from the right side of such vehicle.
- (b) No sales from a Mobile Food Vehicle shall occur on U.S. Route 20 (Grant Highway), U.S. Bus. Route 20, Belvidere Road, Appleton Road, Logan Avenue, or Beloit Road.
- (c) The retail street sales license does not authorize the sale of goods from any private or other public property.
- (d) No Mobile Food Vehicle shall park stand or operate sales:

- (1) within 20 feet of a crosswalk;
- (2) within 30 feet of a stop light, stop sign, or yield sign; or
- (3) adjacent to a protected bike lane.
- (e) Mobile Food Vehicles operating upon a public highway or street shall not be operated at a fixed location and shall move from place to place. They shall only remain stopped upon a public highway or street at one location for a sufficient duration to service customers currently purchasing food or beverages or physically in line to purchase food or beverages, but in no event longer than ten (10) minutes.

26-303. Mobile Food Vehicles Generally.

- (a) All Mobile Food Vehicles shall be road worthy vehicles properly titled and registered under the laws of the State of Illinois or those of another state of the United States.
- (b) Mobile Food Vehicles shall only operate between the lessor of the hours of 9:00 a.m. and 12:00 a.m. or as further limited by the underlying zoning district or special use ordinance when operated on private property. In a residential district, or on highways adjacent to a residential district, Mobile Food Vehicles shall only operate between the hours of 9:00 a.m. and 10:00 p.m.
- (c) No Mobile Food Vehicle shall be equipped with any electronic sound-amplifying device. Permitted advertising devices shall be limited to bells, whistles, horns or other musical or noise-making devices which do not employ any electronic sound-amplifying device. Mobile food vehicles employing musical or noise-making devices shall only sound said devices when traversing the public way and shall be prohibited from sounding said devices while standing or parked.
- (d) Except as otherwise provided in this Article, it shall be unlawful for any person to utilize any sound amplification equipment, external sign (not mounted upon a Mobile Food Vehicle), or external lights (not mounted upon a Mobile Food Vehicle) as a part of its operations or advertisement. Lights permanently attached to a Mobile Food Vehicle necessary for the preparation and serving of food or beverages are permitted but in no case shall such lights illuminate any area more than ten (10) feet from the Mobile Food Vehicle.
- (e) Mobile Food Vehicles shall provide their own source of power and/or fuel. All such power sources shall comply with the noise and sound restrictions for the zoning district they are operating in. The use of an internal combustion generator is prohibited in the residential and commercial zoning districts. If a private property owner consents to utilization of power from private property, all connections shall be established in a safe manner, in compliance with all applicable codes and laws, so as not to create any shock, fire or tripping hazard.
- (f) No food or beverages shall be passed directly from any Mobile Food Truck to another vehicle nor shall any sales occur between a Mobile Food Truck and another vehicle.
- (g) All Mobile Food Vehicles shall comply with the current standards of the International Fire Code (IFC) adopted by the City of Belvidere and the version of the NFPA adopted by that IFC. No Mobile Food Vehicle shall be operated within the City that does not comply with the IFC and NFPA. Prior to issuance of a Mobile Food Vehicle License, or any renewal thereof, each Mobile Food Vehicle shall be inspected by the Belvidere Fire Department for compliance with this section. The City Clerk shall not issue a Mobile Food Vehicle License without evidence that a Mobile Food Vehicle has been properly inspected and approved by the Belvidere Fire Department. Further, upon demand of any member of the Belvidere Fire Department, any Mobile Food Vehicle may be inspected to ensure continued compliance with the IFC and NFPA.
- (h) No Mobile Food Vehicle shall be operated, nor receive a Mobile Food Vehicle License, without first obtaining and maintaining all required permits and inspections of any other regulatory body, including but not limited to, the Boone County Health Department.
- (i) No Mobile Food Vehicle shall be operated within 1,000 feet of any fair, carnival, circus, or other special event sponsored by, licensed by or permitted by the City except with written permission form the special event operator or sponsor.

- (j) Each owner or operator of a Mobile Food Vehicle shall maintain an accurate list of each person working or operating each Mobile Food Vehicle, as well as their current home address, for each day it operates within the City. The owner or operator shall provide that list to any law enforcement officer upon demand.
- (k) A Mobile Food Vehicle shall not block pedestrian or vehicular travel (including bicycles) on any highway, street, sidewalk or private property and shall not block site lines for any turning movements of other vehicles or pedestrians.
- (l) Mobile Food Vehicles are prohibited from selling or dispensing alcohol of any kind, tobacco or alternative nicotine products or any controlled substance under the Controlled Substances Act.
- (m) A Mobile Food Vehicle licensee shall quarterly file with the City Clerk a copy of their St-1 sales tax return and proof of payment of all required sales taxes.

26-304. Mobile Food Vehicle: Off-Street Operations / Storage.

- (a) Mobile Food Vehicles shall not be operated, conduct sales, stored or allowed to remain standing on any commercially zoned property except during operational hours when the Mobile Food Vehicle is actively selling food or beverages or when food is actively being prepared within the Mobile Food Vehicle and the operator of the Mobile Food Vehicle is present. A Mobile Food Vehicle may be stored upon commercially zoned property only within a fully enclosed building. A Mobile Food Vehicle may be parked outside upon commercially zoned property only in compliance with Section 150.706 of the City of Belvidere Zoning Code and only if the Mobile Food Vehicle is owned by, and part of the same commercial enterprise associated, with the property for which a Mobile Food Vehicle Location Permit is issued.
- (b) Mobile Food Vehicles are prohibited from operating, parking, standing or being stored upon any residentially zoned property within the City of Belvidere. A Mobile Food Vehicle shall be permitted to cater a private event upon residentially zoned property. However, no person shall allow a Mobile Food Vehicle to cater a private event more than two times per calendar year for the same property.
- (c) No person shall operate or conduct any sales from any Mobile Food Vehicle upon any property in the City, other than public highways, as permitted in this Article, without complying with all zoning restrictions, including, but not limited to any special use requirements, and other provisions of the City of Belvidere Municipal Code and without obtaining the written consent of the property owner. Any written consent shall be filed with the City Clerk, be maintained within the Mobile Food Vehicle, and shown to any City police officer, firefighter or code enforcement officer upon demand.
- (d) No person shall operate or conduct sales from any Mobile Food Vehicle upon any commercially zoned property in the City, nor shall any property owner or tenant of commercially zoned property permit the operation of or sales from a Mobile Food Vehicle, until such time as the owner of the commercially zoned property first obtains a Mobile Food Vehicle Location Permit as set forth in section 26-305 of this Code. A Mobile Food Vehicle Location Permit shall not be required for the operation of Mobile Food Vehicle upon industrial zoned or residentially zoned (for private events (26-303(b)) property within the meaning of the City of Belvidere Municipal Code.
- (e) Each Mobile Food Vehicle operating or conducting sales upon private property shall provide wind resistant (secured so as not to blow in the wind) refuse containers for its patrons' use. All refuse and refuse containers shall be immediately removed when the Mobile Food Vehicle is non-operational and/or moves from the location.
- (f) With the property owner's consent, a Mobile Food Vehicle operating or conducting sales on private property may provide wind resistant outdoor seating and tables for its patrons. All such seating and tables shall be immediately removed when the Mobile Food Vehicle is non-operational and/or moves from the location. All tables and seating shall be arranged to comply with the requirements of any special use granted relating to the private property.
- (g) Each Mobile Food Vehicle operating or conducting sales upon private property shall only be located upon a hard, impermeable surface (e.g. asphalt or concrete, not grass, soil or gravel).
- (h) Each Mobile Food Vehicle operating or conducting sales (including ancillary trash containers, tables or seating) upon commercial property shall only be located within the area shown on the approved site plan accompanying approval of the Mobile Food Vehicle Location Permit.

26-305 Mobile Food Vehicle Location Permit - Off Street.

- (a) The fee simple owner of any commercially owned property wishing to operate a Mobile Food Vehicle on the property, or allow another person or entity to operate a Mobile Food Vehicle on the property shall first apply for and obtain a Mobile Food Vehicle Location Permit from the City Clerk.
- (b) The application shall be made upon forms provided by the City Clerk. Each application shall include:
 - (i) The address of the commercially zoned property
 - (ii) A site plan showing:
 - The location of the commercial property and its boundaries
 - All existing structures, including, but not limited to, buildings storage areas, light poles, etc. on the commercial property
 - All existing parking facilities/spaces on the commercial property and the total number including identification of any handicap parking spaces
 - the proposed location of any Mobile Food Vehicle and any ancillary trash containers, seating, or tables. The location shall include distances from existing structures, lot lines and parking facilities
 - (iii) The name, address, email address and telephone number of the fee simple owner of the commercially zoned property as well as the same information for all tenants of any portion of the commercially zoned property and any person responsible for the day to day operation of the business.
 - (iv) Evidence of a commercial general liability insurance in an amount of not less than \$1,000,000.00 covering the commercial property
 - (v) The name of an entity, if known, who the Owner of the commercial property intends to allow operation of a Mobile Food Vehicle on the property
 - (vi) An acknowledgement that the owner of the commercial property will only operate, or allow to be operated, a Mobile Food Vehicle upon the commercial property in compliance with this Article.
- (c) The fee simple owner of any commercial property who operates or allows another to operate a Mobile Food Vehicle upon the property shall be jointly and severally liable for any violations of this Article and may be held accountable for the actions, failure to act or misconduct of any person operating, conducting sales from or storing a Mobile Food Vehicle upon the property.
- (d) Upon receipt of a complete application for a Mobile Food Vehicle Location Permit, the City Clerk shall forward a copy of the application to the City Planner (or in their absence the Director of Buildings) for review.
- (e) A Mobile Food Vehicle Location Permit shall not be granted if:
 - (i) The City Planner (or in their absence the Director of Buildings) determines that the site plan is not acceptable for any of the following reasons:
 - Potential negative impact upon parking or traffic circulation patterns; or
 - The size of the commercial property being insufficient for safe and convenient operation of a Mobile Food Vehicle; or
 - Potential negative impact upon adjacent street or sidewalk traffic including, but not limited to site lines, pedestrian traffic and vehicular traffic; or
 - Potential negative impact upon adjoining properties with particular attention to property that are residential or institutional in nature; or
 - (ii) The application is not complete for any reason; or

- (iii) The applicant is delinquent in any sum owed the City of Belvidere or Boone County including, but not limited to, any tax (whether property or otherwise) or fine owed; or
- (iv) If the applicant has previously violated any portion of this Article.
- (f) The Mobile Food Location Permit is specific to the site plan approved pursuant to an application. If the fee simple owner of commercial property wishes to alter the site plan and location of a Mobile Food Vehicle, a new application must first be submitted and approved.
- (g) The Mayor may revoke any Mobile Food Vehicle Location Permit upon a finding that the fee simple owner or any person operating a Mobile Food Vehicle upon the commercial property has violated this Article. Revocation shall be in accordance with Article II of Chapter 26 of this Code.
- 26-306 Selling or Dispensing Food or Beverages Unlawful
- (a) It is unlawful to offer sale, sell or dispense any food or beverage from a Mobile Food Vehicle, or any vehicle or structure that is capable of being moved or transported (not a fixed structure), without first obtaining a Mobile Food Vehicle license.
- (b) It is unlawful to operate a Mobile Food Vehicle in a manner that violates any provision of this Article.
- (c) It is unlawful for any owner or lawful occupant (e.g. a licensee or lessee) of any property within the City to allow a Mobile Food Vehicle to operate upon the property in violation of this Article. Such an owner or occupant who knows, or should have known, that the Mobile Food Vehicle was operating upon the property in violation of this Article, without taking affirmative action to prevent or cease such violation (including but not limited to contacting law enforcement), shall be deemed to have allowed it.
- (c) A violation of this Article shall be a separate and distinct violation from any other provision of the Belvidere Municipal Code, including but not limited to, Chapter 150, the Zoning Code.

26-307. Exceptions.

- (a) A Mobile Food Vehicle operating on property owned by a unit of local government, with approval from that unit of local government is exempt from the provisions of this Article. Notwithstanding the foregoing, such a Mobile Food Vehicle shall comply with all other permitting and licensing requirements, including but not limited to those of the Boone County Health Department as well as complying with section 26-303(h). Unless permitted by the City, the Mobile Food Vehicle shall not sell or dispense any food or beverages from any public highway or street.
- (b) The provision of any food or beverages, not for sale or compensation, in response to any disaster or emergency shall not be deemed a violation of this Article.
- (c) A Mobile Food Vehicle operating during a special event sponsored or approved by the City of Belvidere, and with the approval of the event sponsor or the City is exempt from the provisions of this Article. Notwithstanding the foregoing, such a Mobile Food Vehicle shall comply with all other permitting and licensing requirements, including but not limited to those of the Boone County Health Department as well as complying with section 26-303(h).

26-308. Penalty.

- (a) Any person or entity violating section 26-301(a), 26-304, 26-306(a), or 26-306(c), shall be fined not less than \$1,000.00 plus court costs and not more than \$5,000.00 plus court costs.
- (b) Any person or entity who violates any other provision of this Article shall be fined in accordance with Section 1-9 of the City of Belvidere Municipal Code.
- (c) If a Mobile Food Vehicle is used in violation of this Article the Mobile Food Vehicle License may be revoked in accordance with Article II of this Chapter.
- (d) Any Mobile Food Vehicle operating in violation of 26-306(a) is subject to impoundment by the City of Belvidere Police Department. The impoundment shall be in accordance with the procedures set forth in Article IX of Chapter 110 of the City of Belvidere Municipal Code.

- (e) The owner of a Mobile Food Vehicle as well as the operator(s) of a Mobile Food Vehicle shall each be jointly and severally liable for any violation of this Article.
- (f) A separate offense shall be deemed committed on each day that a violation of this Article occurs or continues.

Re: Sidewalk Cafés

At the COW meeting of March 13, 2023, the Committee forwarded to the City Council an ordinance eliminating the requirement that a sidewalk café serving alcohol must serve at least 50% food. As I indicated that night, there would be additional modifications to the existing code to effectuate that change.

Attached is a redlined version of the new code showing all changes in underline and strikeout. Essentially it removes the food sales requirement, incorporates some of the guidelines that were included in the temporary ordinances for safety purposes, requires that the City be named as an additional insured on dram shop insurance, and creates a mechanism by which the permission to sell alcohol may be denied or revoked based upon specific incidents relating to operation or location. This redlined version is attached simply to make it easier for the Council to see the changes from existing code.

The Ordinance, with a clean copy of the amendments, is introduced for first reading. If the Council wishes to make any amendments to the proposed code it should do so as an amendment at second reading. If you have any questions, please feel free to call.

- (3) Sidewalk cafés. A sidewalk café is an outdoor area located on the sidewalk portion of the public right-of-way and which is maintained and operated by an establishment, coffeehouse, teashop or restaurant for purposes of providing seating for patrons for the consumption of food or beverages. Sidewalk cafés shall be permitted in the CB zoning district only after receiving a permit as set forth herein and pursuant to the terms of this section and the issued permit. Sidewalk cafés may also subject to regulation by other portions of this Code, including, but not limited to the zoning ordinance (chapter 150) and may be prohibited in certain areas where prohibited by other sections of this Code. The following regulations shall apply to sidewalk cafés in the CB zoning district:
 - Applicants for sidewalk café permits shall submit on the appropriate forms an application to the city clerk. Each application shall state: Name and address of applicant, permit and space desired, period of time, hours of operation, a description or photo of any cart, booth, structure, table, chairs or other equipment and a drawing to scale of their location, and any electrical or other services desired. All applications must be accompanied by proof of issuance of all necessary building, health or other required permits or licenses and the application fee of \$75.00 annually.

- b. All carts or booths and other structures or equipment shall conform to the following requirements and restrictions:
 - 1. Meet all applicable city, state and federal regulations.
 - Benefit the public or enhance the ambiance of the downtown.
 - 3. Be maintained in a high-quality state of repair.
 - 4. Size requirements. Activities shall not extend more than half the width of the sidewalk, and must not block or impede pedestrian traffic along the sidewalk, or ingress and egress to the business it fronts, or neighboring businesses. A sidewalk café may not extend beyond the width of the face of the business it fronts. A minimum pedestrian width of four feet shall be maintained at all times. No part of the Sidewalk Café shall be closer than three (3) feet of the vehicle right of way (curb).
 - 5. The city reserves the right to deny any request for a sidewalk café permit if it reasonably determines that there is insufficient sidewalk space to accommodate the request either due to the actual width of the sidewalk, volume of pedestrian traffic in the area, or the condition of the sidewalk.
 - All sidewalk cafés shall meet the sidewalk café design guidelines which were adopted contemporaneously with this section in Ordinance Number 983G.
 - 7. Sidewalk cafés shall be temporary in nature capable of being disassembled and securely stored on the premises of the establishment operating the café within ten minutes.
- c. Sidewalk cafés shall be manned by a minimum of one responsible individual over the age of 18 at all times. The individual may also be employed within the establishment but shall also maintain vigilant supervision over the sidewalk café.
- d. Sidewalk cafés must be an extension of the existing business fronting the sidewalk space they are occupying.
- e. During the course of business, no call out, cry, or by use of any device make any noise to call attention to the sale of any goods, wares, merchandise or service whatsoever, or in any manner obstruct or interfere with the orderly flow of pedestrian traffic. No music or other noisy distractions shall be allowed.
- f. Sidewalk café operators must provide adequate garbage cans for disposal of any trash, and must maintain the area within and in proximity to any cart, structure or location in a neat, clean and hazard-free condition.

g. An establishment operating a sidewalk café shall supply the city with a certificate of insurance, reasonably acceptable to the city, covering the activity of the operator. The certificate of insurance shall name the city as an additional insured and shall be primary to any insurance carried by the city. The operator of a sidewalk café shall indemnify, defend and hold harmless the city from and against any and all loss, cost, damages or expenses to persons or property, including property of the city, arising out of or claimed to have arisen out of such use. Furthermore, all users shall defend, at no cost to the city, any such claims or suits, provided that the city may, in its sole option, join in the defense of such claim or suit without relieving the user from any of its promises or obligations.

- h. Sidewalk cafés must comply with all existing restrictions of the county health department.
- Sidewalk café operators shall cooperate with inspection of the premises, goods, or articles at any reasonable hour by the authorized agent, officer or employee of the city or its designate.
- j. Sidewalk cafés must ascertain and at all times comply with all laws, ordinances and regulations, and all state statutes, applicable to such permitted business or premises, including, but not limited to all building, zoning, fire, health and labor regulations.
- k. Sidewalk cafés must post and maintain any and all permits delivered for use in a conspicuous place.
- I. Sidewalk cafés may operate between the hours of 7:00 a.m. and 9:00 p.m. daily. Vendor permits shall be valid for the period of April 1, through November 1 annually.
- m. Sidewalk café operators shall remove any cart, booth, structure, furniture or equipment from the sidewalk area at the close of business for the day. No cart, booth, structure, furniture or equipment shall be permitted to remain on the public sidewalk overnight. All carts, booths, structures, furniture or equipment shall be of a type and maintained so as to enhance the aesthetic and overall appearance of the downtown. The city reserves the right to determine the acceptability of carts, booths, structures, furniture or equipment for use on public sidewalks.
- n. Sidewalk café operators shall not serve alcoholic beverages unless the underlying establishment has appropriate valid liquor licenses issued by the State of Illinois and the city allowing consumption of alcohol on premises and have received specific authority to serve alcoholic beverages as a part of their sidewalk café permit. When applying for a sidewalk café permit the applicant shall specifically state whether they are seeking permission to serve alcoholic beverages. The following regulations and policies, in addition to all other requirements, shall apply to all sidewalk cafés serving alcohol:
 - The applicant shall provide proof of liquor liability (dram shop) insurance with the
 application for a sidewalk café permit with the request to serve alcohol. <u>The supplied dram</u>
 shop insurance shall name the City of Belvidere as an additional insured and shall
 specifically note coverage for the area of the Sidewalk Café.
 - The sidewalk café permittee has an affirmative duty to prohibit any patron from leaving the sidewalk café premises with any alcoholic liquor, except a package properly sealed, bagged and receipted pursuant to Section 633 of the Illinois Liquor Control Act.
 - 3. Alcohol served or consumed within a sidewalk café premises shall only be served or consumed in a plastic cup clearly identifying the retail establishment from which the alcohol was purchased.
 - 4. A sidewalk café may only allow consumption of alcohol if the underlying establishment derives at least 50 percent of its gross profit from the sale of food for consumption on the premises. Further, alcohol may only be served as a companion to the sale of food for consumption in the sidewalk café.
 - 5. Bring your own alcohol (BYOB) is not permitted within a sidewalk café premises.

- 6. The city may require, as a condition of allowing a sidewalk café, that the retail establishment engage in a beautification program requiring decorative fencing, decorative railings, decorative plantings, flower boxes etc. as a part of the city's objective of fostering aesthetically pleasing streets and boulevards.
- Any sidewalk café with specific permission to serve alcoholic beverages shall enclose the 7. permitted area from the remainder of the public way, and be maintained in accordance with a plan reasonably approved by the city. The boundary shall be no less than 24 inches or more than 36 inches in height. The boundary shall be durable so that it shall not collapse or fall over due to wind or incidental contact with patrons or pedestrians. The boundary may have movable sections to aid in public access to seating as long as the boundary complies with the submitted plan. The boundary shall be maintained in place during operating hours. No boundary may be stabilized by bolting to the sidewalk. The boundary shall be designed to leave at least four feet of clear and unobstructed sidewalk space to allow for pedestrian passage. Clearance between sidewalk café and all public way encumbrances shall also be at least six feet. Non-permissible enclosure of city property, within the boundaries of the sidewalk café, shall include, but is not limited to, parking meters, fire hydrants, and utility or signal control boxes. These types of items can be identified as items which must be accessible to the public or to the city for emergency services.
- 8. The City may deny any request for specific authority to serve alcohol as a part of a sidewalk café, if:
- a) the Mayor, or the Mayor's designee, reasonably determine that service of alcohol at a specific sidewalk café would detrimentally affect neighboring residential property, including, but not limited to, upper-level apartments located above commercial spaces.
- b) the Mayor, or the Mayor's designee, determines, based upon articulable facts, that prior violations by the licensee of this Section, Chapter 10 of the City of Belvidere Municipal Code, Article II of Chapter 54 of the City of Belvidere Municipal Code, or the State of Illinois Liquor Control Act make it likely that the underlying liquor licensee would allow violations of this Section if alcohol sales were allowed as a part of a side walk café permit.
- 9. The Mayor, or the Mayor's designee may summarily revoke specific permission to sell alcohol as a part of a sidewalk café if the Mayor or the Mayor's designee reasonably determines that violations of the provisions set forth in subsection 8(b) above have occurred. The revocation of specific permission to serve alcoholic beverages as a part of a sidewalk café shall not be deemed revocation of a liquor license pursuant to Chapter 10 of the City of Belvidere Municipal Code.
- 10. In the event a licensee's underlying liquor license is suspended or revoked, the specific permission to sever alcoholic beverages as a part of a sidewalk café shall be automatically suspended or revoked without further action or notice.
- o. The sidewalk café shall be operated in conformance with the approved plan of operation submitted with the application. Any change in operation or location other than de minimis modifications requires the prior approval of the city.

ORDINANCE #624H AN ORDINANCE AMENDING SECTION 98-12(a)(3) SIDEWALK CAFES OF THE CITY OF BELVIDERE MUNICIPAL CODE

 - The applicant shall provide proof of liquor liability (dram shop) insurance with the
 application for a sidewalk café permit with the request to serve alcohol. The supplied dram
 shop insurance shall name the City of Belvidere as an additional insured and shall
 specifically note coverage for the area of the Sidewalk Café.
 - 2. The sidewalk café permittee has an affirmative duty to prohibit any patron from leaving the sidewalk café premises with any alcoholic liquor, except a package properly sealed, bagged and receipted pursuant to Section 633 of the Illinois Liquor Control Act.
 - Alcohol served or consumed within a sidewalk café premises shall only be served or consumed in a plastic cup clearly identifying the retail establishment from which the alcohol was purchased.
 - 4. Bring your own alcohol (BYOB) is not permitted within a sidewalk café premises.
 - 5. The city may require, as a condition of allowing a sidewalk café, that the retail establishment engage in a beautification program requiring decorative fencing, decorative railings, decorative plantings, flower boxes etc. as a part of the city's objective of fostering aesthetically pleasing streets and boulevards.

Any sidewalk café with specific permission to serve alcoholic beverages shall enclose the 6. permitted area from the remainder of the public way, and be maintained in accordance with a plan reasonably approved by the city. The boundary shall be no less than 24 inches or more than 36 inches in height. The boundary shall be durable so that it shall not collapse or fall over due to wind or incidental contact with patrons or pedestrians. The boundary may have movable sections to aid in public access to seating as long as the boundary complies with the submitted plan. The boundary shall be maintained in place during operating hours. No boundary may be stabilized by bolting to the sidewalk. The boundary shall be designed to leave at least four feet of clear and unobstructed sidewalk space to allow for pedestrian passage. Clearance between sidewalk café and all public way encumbrances shall also be at least six feet. Non-permissible enclosure of city property, within the boundaries of the sidewalk café, shall include, but is not limited to, parking meters, fire hydrants, and utility or signal control boxes. These types of items can be identified as items which must be accessible to the public or to the city for emergency services.

- 7. The City may deny any request for specific authority to serve alcohol as a part of a sidewalk café, if:
 - a) the Mayor, or the Mayor's designee, reasonably determine that service of alcohol at a specific sidewalk café would detrimentally affect neighboring residential property, including, but not limited to, upper-level apartments located above commercial spaces.
 - b) the Mayor, or the Mayor's designee, determines, based upon articulable facts, that prior violations by the licensee of this Section, Chapter 10 of the City of Belvidere Municipal Code, Article II of Chapter 54 of the City of Belvidere Municipal Code, or the State of Illinois Liquor Control Act make it likely that the underlying liquor licensee would allow violations of this Section if alcohol sales were allowed as a part of a side walk café permit.
- 8. The Mayor, or the Mayor's designee may summarily revoke specific permission to sell alcohol as a part of a sidewalk café if the Mayor or the Mayor's designee reasonably determines that violations of the provisions set forth in subsection 7(b) above have occurred. The revocation of specific permission to serve alcoholic beverages as a part of a sidewalk café shall not be deemed revocation of a liquor license pursuant to Chapter 10 of the City of Belvidere Municipal Code.
- 19. In the event a licensee's underlying liquor license is suspended or revoked, the specific permission to sever alcoholic beverages as a part of a sidewalk café shall be automatically suspended or revoked without further action or notice.
- o. The sidewalk café shall be operated in conformance with the approved plan of operation submitted with the application. Any change in operation or location other than de minimis modifications requires the prior approval of the city.

RESOLUTION #2023-11

A RESOLUTION ESTABLISHING AMBULANCE BILLING POLICIES FOR THE CITY OF BELVIDERE

IT IS THEREFORE RESOLVED by the Mayor and City Council for the City of Belvidere as follows:

1. The Ambulance Billing Policy attached hereto, and incorporated herein, is adopted and approved by the City of Belvidere City Council.

CITY OF BELVIDERE AMBULANCE BILLING POLICY

The Corporate Authorities of the City of Belvidere (the City) adopt this Ambulance Billing Policy, pursuant to the authority set forth in Section 46-62 of the City of Belvidere Municipal Code (the Code), to provide for the implementation and application of Ambulance Services Fees under that section. This policy shall govern the billing and collection of fees imposed by Section 46-62 of the Code. All references to the Department shall include any entity providing billing services pursuant to section 46-61 of the Code as well as any entity providing collection services for the City for unpaid amounts due under Section 46-62.

- The Department shall first bill any third-party insurance company or Medicare / Medicaid (third-party payors) identified by the Patient or other responsible party for all amounts due pursuant to Section 46-62. The Department shall then bill the Patient (or other responsible party) for any balance not paid by a third-party payor in accordance with relevant law. In the event the Patient is a resident of the City, the Department shall accept payment by the third-party payor plus any co-payment, co-insurance, and deductible as payment in full of obligations under Section 46-62. In the event the patient is not a resident of the City, the Department shall bill the full balance of all amounts owed under Section 46-62 to the Patient or other responsible party (parent or guardian) with a credit for amounts received from third-party payors in accordance with all applicable rules, codes, and laws.
- 2) The Department is authorized to enter payment plans with the patient (or other responsible parties) not to exceed twelve monthly payments. In the event a patient (or other responsible party) fails to make two or more required monthly payments the remaining balance owed shall be forwarded to collections.
- Patients who qualify for financial assistance with the receiving hospital for treatment received immediately following the emergency transport, can provide the corresponding award letter to the department or billing agency. The Department shall apply the same discount to any remaining balances.
