# Memorandum

<b>From:</b>	Chief Schadle	<b>Today's Date:</b>	June 9, 2022
<b>To:</b>	Mayor and Council	<b>Subject:</b>	Sale of 2020 Ford F550XL

Whereas the community is facing the challenge of significant inflation of all costs, increased labor costs, and infrastructure needs within the community.

Whereas the cost of the replacement pumper has increased by 50%.

I am requesting an ordinance to sell the 2020 Ford F550XL VIN # ending in 8923.

The sale of the vehicle will be advertised by best appropriate means including, but not limited to contacting dealers, and advertising on social media.

After discussion with the CEO of Pyro UHP, the primary dealer of UHP Fire Suppression Vehicles, a suggested sale price has been determined to be \$225,000.

## Suggested Motion

To authorize the sale of the 2020 Ford F550XL by any means authorized by State Statute, including but not limited to sale through an internet auction site or trade in for new vehicles.

Respectfully Submitted,  
Chief Shawn Schadle

# Memorandum

<b>From:</b>	Chief Schadle	<b>Today's Date:</b>	June 9, 2022
<b>To:</b>	Mayor and Council	<b>Subject:</b>	Engine Purchase

Considering the excessive engine and transmission hours, age, and increasing frequency of failures of our 2002 American LaFrance, I am requesting immediate replacement. Further delay will increase risk of failure, increase procurement costs, and increase borrowing costs. This is not an unanticipated need as it was budgeted for within our capital expenditure plan. What was unaccounted for is unprecedented inflation and increased interest rates that have significantly increased our replacement cost.

Whereas the truck committee served with due diligence to find the least expensive suitable replacement.

Whereas, the truck committee considered five (5) proposals requested by the Fire Department.

Whereas the truck committee reduced costs and procurement time by choosing a stock engine.

Whereas the truck committee further reduced costs by deleting options we have had in the past; the scene light tower, and the foam system further reducing the cost by \$30,000.

Whereas the dealer chosen by the truck committee further reduced the price of the engine as a first-time buyer by \$38,150.

Whereas the dealer is known for excellent customer service, and readily available parts reducing maintenance costs and downtime.

Whereas the truck committee considered the following five (5) proposals solicited by the Fire Department: Pierce Saber \$669,850.00, Pierce Enforcer \$750,000.00, Rosenbauer Commander \$661,000.00, Rosenbauer S.A.M. Commander \$813,000.00, and a used Ferrara Igniter Engine \$695,000.00.

I support the Truck Committees recommendation and I am requesting that the Council approve the proposal from Pierce Saber utilizing one of the two following financing options:

1. Motion to enter into agreement to purchase one (1) Pierce Saber stock # 37961 for \$669,850 paid for with a 12-year lease purchase with rates set at closing (current interest rate provided by PNC Bank is 4.17%), to be paid out of the Capital Fund.
2. Motion to enter into agreement to purchase one (1) Pierce Saber stock # 37961 for \$669,850 paid for with a 6-year lease purchase with rates set at closing (current interest rate provided by PNC Bank is 3.93%), to be paid out of the Capital Fund and an additional 245,465.26 to be paid for with American Rescue Plan Act (ARPA) Funds.

Respectfully Submitted,  
Chief Shawn Schadle

06/07/2022

Dear Chief Schadle and Council,

On May 23<sup>rd</sup>, 2022, and June 1<sup>st</sup>, 2022, the new engine committee met, and reviewed vendor quotes we have received from all vendors who responded to our request on pricing for replacing an engine. The following is a list of the vehicles we were presented with. A brief description and other info can also be found on the following supplemental pages.

1. Pierce Saber Engine #37961	\$669,850.00
2. Pierce Enforcer Engine #38569	\$750,000.00
3. Rosenbauer Commander Engine	\$661,000.00
4. Rosenbauer S.A.M. Commander Engine	\$813,000.00
5. Ferrara Igniter Engine (used)	\$695,000.00

In addition to the above-mentioned vehicle prices, there is extra equipment that would need to be purchased. A mobile radio would have to be added with a quote price of \$12,730.00. Extrication equipment for \$19,668. A deck mounted Deluge gun from Task Force Tips with a quoted price of \$6,500.00. Mounting brackets, hardware, and specific mounts for extrication tools with an estimate of \$3,500.00. Decaling is estimated at \$1,000.

**After full review of the options presented, it is the recommendation of the committee to purchase the Pierce Saber Engine #37961 at the listed price \$669,850.** Below are the key reasons for our recommendation:

1. The Pierce Saber is one of the lower priced vehicles and is still able to have changes made so the vehicle is similar to our current vehicle setups. It will also be available with an end date of manufacture in November 2022.
2. Pierce has excellent customer service and our local dealer, The MacQueen Group from Aurora, IL has mobile service that comes straight to you especially for warrantee work. Parts are easily obtained with most parts available with 1-2 days.
3. Our main maintenance/mechanic provider for all other fire apparatus work is with the Rockford Fire Dept. service shop who also uses Pierce fire apparatus and are very familiar with working on this kind of apparatus. They also work directly with the MacQueen Group as well with larger warranty work being performed in Rockford.

Sincerely and Respectfully Submitted,

Lt. Jason Swanson - Alderman Daniel Snow - F.F. Matt Loudenbeck - Alderman Clayton Stevens - F.F. Aaron Pihl

Re: New Fire Engine Supplemental Pages

Dear Chief Schadle and Council,

The new engine committee met on May 23<sup>rd</sup> and again on June 1st to review the vendor quotes from those that have responded to us as well as a vehicle found in the used category that would be comparable to the new vehicles we were presented. I will list each vehicle and include some info on each as well as listed prices and other options available if it pertains. I will have a list of equipment with approximate costs that will need to be added into the price of any new vehicle we are pricing at the end. These are not included in the price quotes and would have to be added to the total price of any new vehicle we are looking to procure.

**NEW**

**Pierce Manufacturing, Inc. – Appleton, WI.**

1. Pierce Saber, build #37961. This vehicle is a stock/demo unit and has the Saber cab/chassis and equipped with a 1500 GPM Side Mount pump, 750-gallon water tank, and 450 H.P. Cummins engine. Vehicle has a height of 9 ft. 4 inches and a length of 30.5 ft. It has seating for 6 but can be modified and take 2 out to replace with inside storage cabinets. This unit has been started in the build process and has a completion time of being done by November/December. This unit can have limited custom changes made to it. The list price for this unit with changes as agreed upon by the committee is \$669,850. That includes a dealer price discount \$38,150 for being a first time customer.
2. Pierce Enforcer build #38569, This vehicle is also a stock/demo unit that is currently in production and has the next step-up Enforcer cab/chassis with upgraded front independent suspension and has a lot of extra options already built into the vehicle like inside EMS storage cabinets with outside door access. It has seating for 5, upgraded scene and emergency lighting, a metal hard hose bed cover and top hatch compartments on top of the bed/body. It also has the same pump, tank size, and engine as the truck listed above. Its length is 31 ft. in and is 9 ft. 10 inches tall. This vehicle is the most equipped of the two that were quoted from Pierce but is also listed at \$750,000.00 as it sits. This vehicle is also due to be finished by mid-October/November.

Pierce has stated that it would be a 22-24 month wait period for any other new vehicle custom-

**BELVIDERE

(815)544-2242

Fax (815)544-2278

built and 18 months for any new program vehicle that fits into the stock/demo range once a contract was signed. This is due to the slow availability of truck and equipment parts as is the same for any other manufacturer we have spoken with.

**Rosenbauer Fire Apparatus – Wyoming, MN**

1. Rosenbauer Commander build #15544 is a stock/demo unit that will start production in the month of June with a completion date of May-2023. It has the Commander chassis/cab and has the 1500 G.P.M. pump, 750-gallon tank, and 450 H.P. engine. It is being built with the Blk/Red cab that would match our engines and has more options added into it along with their high-end body. It has a regular straight axle front suspension. Its length is 32.5' long and has a height of 9'10". The Rosenbauer dealer for Belvidere stated that the truck was priced for its build and that the company would not allow any changes in their stock/demo vehicles on their end at the plant. This vehicle is priced at \$661,000.00.
2. Rosenbauer Commander build #15319 is a stock/demo unit that is currently in production with a completion date of August 2022. This truck is like the above-mentioned vehicle setup with some different option. It also is installed with a S.A.M. pumping system which is an integrated electrical system that runs the truck and can be ran from a wireless tablet. Again, it cannot be changed in any way from how it was quoted as a stock truck. This vehicle is priced at \$813,000.00 Both trucks are being built stock and are not customizable to be changed. Rosenbauer also stated that any truck to be planed and built like a custom vehicle has a wait time of 18 months plus for anything not planned or in production.

**Sutphen Corporation – Dublin OH.**

1. Our local dealer for Sutphen fire trucks was contacted to see if they had any demo/stock vehicles and what options were available. After discussions with that dealer, there are no demo/stock units available, and the dealer stated all units that were even in the planned stage have been sold before starting production. The only way to obtain a Sutphen engine would be to order one of either a program truck which limits the buyer to specific body styles and a build time of 18 to 20 months or to order a fully custom truck with build times of 24-26 months. There is no guarantee of any up-and-coming stock/demo trucks and if they fit one in, they have been selling just as fast as they are planned.

**BELVIDERE  
FIRE  
DEPARTMENT**

**123 S. State St.  
Belvidere, IL 61008**

**Fire Chief and Administration Offices**

(815)544-2242

Fax (815)544-2278

**USED**

Fenton Fire – N.Y./Penn.

1. Ferrara Igniter #E4293 is a used 2021 model Ferrara Igniter found at a used firetruck dealer. The ad states the truck was never put into service and has approximately 2300 miles. It is a top mount pump which is different than the vehicle we have researched but like what we have at Belvidere. The truck is complete as is and cannot be changed. It has a large selection of options on it. It has a 1500 G.P.M. pump, 650-gallon tank, and a 450 H.P. engine. Its height is 9 ft. 10 inches and is 34 ft long. This vehicle is priced at \$ 695,000.00 and would be available immediately but is unknown on any warranty info or transfer of such.

**No other used apparatus was found over the age of 2015 manufacture date and most still commanding prices as much as \$450,000.00.**

All the above trucks mentioned would have several items needed to be added to the final price of the vehicles which would include mobile radios, a mounted deluge gun, and special mounting for specific tools and hardware. Quotes have been given at approximately \$12,800.00 dollars for a new Motorola mobile radio which include VHF and Starcom from Rock River Service. A Task Force Tips deck gun has been priced at \$6,000.00 from Air One equipment. This price is from one of our equipment dealers because if it was ordered through the apparatus manufacturer, they would add their 10-20% mark-up pricing to it. Also, for mounting brackets, hardware, and mounts for specific tools like extrication equipment, the cost would be approximately \$3,500.00. Extrication equipment at a cost of \$19,668. And decaling estimated at \$1000. Most of that work would be completed locally and has cost savings instead of having the manufacturer buy and install them.

Sincerely and Respectfully Submitted,

Lt. Jason Swanson

## PURCHASE AGREEMENT

This Purchase Agreement (together with all attachments referenced herein, the "Agreement"), made and entered into by and between MacQueen Equipment, LLC, as Delaware corporation DBA MacQueen Emergency ("MacQueen"), and City of Belvidere, (customer) is effective as of the date specified in Section 3 hereof.

### 1. Definitions

- a. **"Product"** means the fire apparatus and any associated equipment furnished for the Customer by MacQueen, pursuant to the specifications.
- b. **"Specifications"** means the general specifications, technical specifications, orientation, and testing requirements for the Product contained in the MacQueen Proposal for the Product prepared in response to the Customer's request for proposal.
- c. **"MacQueen Proposal"** means the proposal provided by MacQueen attached as Exhibit C prepared in response to the Customer's request for proposal.
- d. **"Delivery"** means the date MacQueen is prepared to make physical possession of the Product available to the Customer.

### 2. Purpose

This Agreement sets forth the terms and conditions of MacQueen's sale of the Product to the Customer.

### 3. Term of Agreement

This Agreement will become effective on the date it is signed and approved by MacQueen's authorized representative pursuant to Section 22 hereof ("Effective Date") and, unless earlier terminated pursuant to the terms of this Agreement, it will terminate upon the Customer's Acceptance and payment in full of the Purchase Price.

### 4. Purchase and Payment

The Customer agrees to purchase the Product specified on Exhibit A for the total purchase price of \$669,850.00 ("Purchase Price"). Prices are in US Funds.

**NOTE: Upon final inspection at the factory for pick-up or delivery, the customer will need to supply a "Certificate of Insurance" and "FULL PAYMENT" prior to release of the vehicle, unless prior arrangements for vehicle's release have been made.**

### 5. Future Changes

Various state or federal regulatory agencies (e.g. NFPA, DOT, EPA) may require changes to the Specifications and/or the Product and in any such event any resulting cost increases incurred to comply therewith will be added to the Purchase Price to be paid by the Customer. In addition, any future drive train upgrades (engine, transmission, axles, etc.), or any other specification changes have not been calculated into our annual increases and will be provided at additional cost. To the extent practicable, Company will document and itemize any such price increase for the Customer's approval before proceeding.

### 6. Agreement Changes

The Customer may request that MacQueen incorporate a change to the Products or the Specifications for the Products by delivering a change order to MacQueen; provided, however, that any such change order must be in writing and include a description of the proposed change sufficient to permit MacQueen to evaluate the feasibility of such change ("Change Order"). Within seven (7) business days of receipt of a Change Order, MacQueen will inform the Customer in writing of the feasibility of the Change Order, the earliest possible implementation date for the Change Order, of any increase or decrease in the Purchase Price resulting from such Change Order, and of any effect on production scheduling or Delivery resulting from such Change Order. MacQueen shall not be liable to the Customer for any delay in performance or Delivery arising from any such Change Order. A Change Order is only effective when counter-signed by MacQueen's authorized representative.

**7. Cancellation/Termination**

In the event this Agreement is cancelled or terminated by a party before completion, MacQueen may charge a cancellation fee. The following charge schedule based on costs incurred may be applied: (a) 10% of the Purchase Price after order is accepted and entered by MacQueen; (b) 20% of the Purchase Price after completion of approval drawings, and; (c) 30% of the Purchase Price upon any material requisition. The cancellation fee will increase accordingly as costs are incurred as the order progresses through engineering and into manufacturing. MacQueen endeavors to mitigate any such costs through the sale of such Product to another purchaser; however, Customer shall remain liable for the difference between the Purchase Price and, if applicable, the sale price obtained by MacQueen upon sale of the Product to another purchaser, plus any costs incurred by MacQueen to conduct any such sale.

**8. Delivery, Inspection, and Acceptance**

**a. Delivery**

Delivery of the Product is scheduled to be within **November-December 2022** of the Effective Date of this Agreement. Risk of loss shall pass to Customer upon Delivery. Delivery shall be made and title shall pass upon Customer's complete fulfillment of its obligations arising under Section 4 hereof.

**b. Inspection and Acceptance**

Upon Delivery, Customer shall have fifteen (15) days within which to inspect the Product for substantial conformance to the material Specifications, and in the event of substantial non-conformance to the material Specifications to furnish MacQueen with written notice sufficient to permit MacQueen to evaluate such non-conformance ("Notice of Defect"). Any Product not in substantial conformance to material Specifications shall be remedied by MacQueen within thirty (30) days from the Notice of Defect. In the event MacQueen does not receive a Notice of Defect within fifteen (15) days of Delivery, Product will be deemed to be in conformance with Specifications and Accepted by Customer.

**9. Notice**

Any required or permitted notices hereunder must be given in writing at the address of each party set forth below, or to such other address as either party may substitute by written notice to the other in the manner contemplated herein, by one of the following methods: hand delivery; registered, express, or certified mail, return receipt requested, postage prepaid; or nationally-recognized private express courier:

**MacQueen Equipment, LLC**  
1125 7th Street East  
St. Paul, MN 55106

**City of Belvidere**  
Chief Shawn Schadle  
401 Whitney Blvd, Ste 100  
Belvidere, IL 61008

**10. Standard Warranty**

The equipment sold herein will be manufactured by Pierce Manufacturing, Inc. and any warranties are attached hereto as Exhibit B and made a part hereof. Any additional warranties must be expressly approved in writing by Pierce's authorized representative and MacQueen.

**a. Disclaimer**

Other than as expressly set forth in this agreement, neither Pierce, its Parent Company, Affiliates, Subsidiaries, Licensors, suppliers, distributors, dealers, including without limitation, MacQueen, or other respective officers, directors, employees, shareholders, agents or representatives, make any express or implied warranties with respect to the products provided hereunder or otherwise regarding this agreement, whether oral or written, express, implied or statutory. Without limiting the foregoing, any implied warranty against infringement, and the implied warranty of condition of fitness for a particular purpose are expressly excluded and disclaimed. Statements made by sales representatives or in promotional materials do not constitute warranties.

**b. Exclusions of Incidental and Consequential Damages**

In no event shall MacQueen be liable for consequential, incidental or punitive damages incurred by Customer or any third party in connection with any matter arising out of or relating to this Agreement, or the breach thereof,

regardless of whether such damages arise out of breach of warranty, tort, contract, strict liability, statutory liability, indemnity, whether resulting from non-delivery or from MacQueen's own negligence, or otherwise.

**11. Insurance**

MacQueen maintains the following limits of insurance with a carrier(s) rated A- or better by A.M. Best:

Commercial General Liability Insurance:

Products/Completed Operations Aggregate: \$ 2,000,000

Each Occurrence: \$ 2,000,000

Umbrella/Excess Liability Insurance:

Aggregate: \$ 5,000,000

Each Occurrence: \$ 5,000,000

*The Customer may request MacQueen to provide the Customer with a copy of a current Certificate of Insurance with the coverages listed above.*

**12. Indemnity**

The Customer shall indemnify, defend and hold harmless MacQueen, its officers, employees, dealers, agents or subcontractors, from any and all claims, costs, judgments, liability, loss, damage, attorneys' fees or expenses of any kind or nature whatsoever (including, but without limitation, personal injury and death) to all property and persons caused by, resulting from, arising out of or occurring in connection with the Customer's purchase, installation or use of goods sold or supplied by MacQueen which are not caused by the negligence of MacQueen or Pierce.

**13. Force Majeure**

MacQueen shall not be responsible nor deemed to be in default on account of delays in performance due to causes which are beyond MacQueen's control which make MacQueen's performance impracticable, including but not limited to civil wars, insurrections, strikes, riots, fires, storms, floods, other acts of nature, explosions, earthquakes, accidents, any act of government, delays in transportation, inability to obtain necessary labor supplies or manufacturing facilities, allocation regulations or orders affecting materials, equipment, facilities or completed products, failure to obtain any required license or certificates, acts of God or the public enemy or terrorism, failure of transportation, epidemics, quarantine restrictions, failure of vendors (due to causes similar to those within the scope of this clause) to perform their contracts or labor troubles causing cessation, slowdown, or interruption of work.

**14. Default**

The occurrence of one or more of the following shall constitute a default under this Agreement:

(a) the Customer fails to pay when due any amounts under this Agreement or to perform any of its obligations under this Agreement; (b) MacQueen fails to perform any of its obligations under this Agreement; (c) either party becomes insolvent or become subject to a bankruptcy or insolvency proceedings; (d) any representation made by either party to induce the other to enter into this Agreement is false in any material respect; (e) the Customer dissolves, merges, consolidates or transfers a substantial portion of its property to another entity; or (f) the Customer is in default or has breached any other contract or agreement with MacQueen.

**15. Relationship of Parties**

Neither party is a partner, employee, agent, or joint venture of or with the other.

**16. Assignment**

Neither party may assign its rights and obligations under this Agreement unless it has obtained the prior written approval of the other party.

**17. Governing Law; Jurisdiction**

Without regard to any conflict of law's provisions, this Agreement is to be governed by and under the laws of the state of Illinois.

**18. Facsimile & Electronic Verified Signatures**

The delivery of signatures to this Agreement by facsimile transmission and/or electronic verified shall be binding as original signatures.

**19. Entire Agreement**

This Agreement shall be the exclusive agreement between the parties for the Product. Additional or different terms proposed by the Customer shall not be applicable, unless accepted in writing by MacQueen’s authorized representative. No change in, modification of, or revision of this Agreement shall be valid unless in writing and signed by MacQueen’s authorized representative.

**20. Conflict**

In the event of a conflict between the Customer Specifications and the MacQueen Proposal, the MacQueen Proposal shall control.

**21. Additional Orders**

Company, at its sole discretion, will allow the terms of this contract to be extended to both the Customer, as well as to other Municipal, State, or Federal agencies for similar unit(s). Company will allow tag on / additional orders for up to three (3) years from the date of contract execution. To facilitate pricing, Company will quote the original price plus manufacturer’s price increases or Producer’s Price Index (PPI) whichever is greater as it applies to either Fire Apparatus and/or commercial heavy truck industries. Additionally, any regulatory changes (NFPA, EPA, Engine Emissions, FMVSS, etc.) will also have to be added to the price as they become applicable. Change orders to the original specification will need to be authorized, signed, and accepted by Company. Any entity using this tag-on/additional orders program will be required to sign a new contract commencing the relationship. Additionally, if required by the Purchaser, any new tag-on / additional orders that require a “separate” Performance bond will be separately priced. This contract, including its appendices, embodies the entire agreement between the parties relating to the subject matter contained herein and merges all prior discussions and agreements. No agent or representative of Company has authority to make any representations, statements, warranties, or agreements not herein expressed and all modifications of amendments of this agreement, including any appendices, must be in writing and executed by an authorized representative of each of the parties hereto. No surety of any performance bond given by Company to the Customer in connection with this Agreement shall be liable for any obligation of Company arising under the Standard Applicable Warranty.

**22. Signatures**

This Agreement is not effective unless and until it is approved, signed and dated by MacQueen’s authorized representative.

MINNESOTA ILLINOIS INDIANA MISSOURI NEBRASKA NORTH DAKOTA SOUTH DAKOTA

EM-102

June 7, 2022

Chief Shawn Schadle  
City of Belvidere  
401 Whitney Blvd, Ste 100  
Belvidere, IL 61008

Subject: **Proposal for one (1) Pierce Saber Pumper  
Proposal / Bid 1095 – Stock 37961**

Dear Chief Schadle,

With regard to the above subject, please find attached our completed proposal.

**Pricing Summary:**

Sale Price – **\$669,850.00\***  
*\*Sourcewell Consortium Pricing.*

**Terms and Conditions:**

Taxes – Not Applicable  
Freight – F.O.B. – Bradenton, FL / Shipping to Belvidere, IL  
Terms – Net due prior to vehicle(s) release at the Pierce Manufacturing Plant (Bradenton, FL).  
Delivery – Estimated November-December 2022 from receipt and acceptance of contract.

***Stock Unit – Availability is subject to prior sale***

MINNESOTA ILLINOIS INDIANA MISSOURI NEBRASKA NORTH DAKOTA SOUTH DAKOTA

---

Said apparatus and equipment are to be built and shipped in accordance with the specifications hereto attached, delays due to strikes, war, or international conflicts, or other causes beyond our control not preventing, could alter the delivery schedule.

The specifications herein contained, shall form a part of the final contract, and are subject to changes as desired by the purchaser, provided such changes are acknowledged and agreed to in writing by the purchaser.

This proposal for fire apparatus conforms with all Federal Department of Transportation (DOT) rules and regulations in effect at the time of bid, and with all National Fire Protection Association (NFPA) Guidelines for Automotive Fire Apparatus as published at the time of bid, except as modified by customer specifications.

The attached proposal is valid for thirty (30) days. *Stock unit subject to prior sale.*

We trust the above and the enclosed to be full and complete at this time; however, should you have any questions or require additional information, please do not hesitate to contact me at 630-973-9081 or [dan.rudnicki@macqueengroup.com](mailto:dan.rudnicki@macqueengroup.com).

We wish to thank the City of Belvidere for the opportunity to submit our proposal.

Respectfully,

*Dan Rudnicki*

# Memo

**To:** Mayor and City Council  
**From:** Brent Anderson, Director of Public Works  
**Date:** 6/8/2022  
**Re:** Sewer Jet Cleaning Nozzle Replacement

---

Our current sewer jetting nozzle and cutter combination is worn out and needs to be replaced. We have received the following proposals for a new nozzle kit:

- |   |            |
|---|------------|
| 1. Standard Equipment Company<br>625 S IL Route 83<br>Elmhurst, IL 60126            | \$4,555.00 |
| 2. USA/Bluebook<br>PO Box 9004<br>Gurnee, IL 60031                                  | \$4,969.18 |
| 3. Environmental Products & Accessories, LLC<br>PO Box 41500<br>Nashville, TN 37241 | \$5,063.00 |

I would recommend approval of the proposal from Standard Equipment Company to purchase a Warthog sewer nozzle and cutter to replace our existing unit, in the amount of \$4,550.00. This work will be paid for from sewer line item #61-5-830-6020..

# Memo

**To:** Mayor and City Council  
**From:** Brent Anderson, Director of Public Works  
**Date:** 6/9/2022  
**Re:** Leaf Machine Replacement – Street Department

---

The current Street Department budget includes \$100,000 in the capital line item for the purchase of a new leaf machine. The new leaf machine will replace a home-built leaf machine that was put together by the Street Department during the summer of 1999 when the leaf ban went into effect.

We have received the following bids for a new leaf machine:

- |   |                     |             |
|---|---------------------|-------------|
| 1. R.N.O.W. Inc<br>8636R West National Avenue<br>West Allis, WI 53227 | Dinkmar Curb Runner | \$66,140.00 |
| 2. Bonnell Industries   | Titan Pro           | \$83,994.00 |

We currently have a Dinkmar Curb Runner leaf machine and have been sold on its ease of operation and overall performance.

I would recommend approval of the low bid from R.N.O.W. Inc, for a Dinkmar Curb Runner leaf machine, in the amount of \$66,140.00. This equipment will be paid for from the Street Department Capital Fund (#41-5-752-8200).

# Curb Runner™ A-Frame

## For Left or Right Hand Leaf Pick Up!

Very versatile leaf machine built to customer's needs. Attach different sizes/types of hoses for a wide variety of jobs. Clean catch basins, fence rows, and even horse stables.

### Standard DinkMar Features

- » 30"/32" Diameter Fan Assembly
  - » 3/8" AR-400F Blades Material
  - » 22,000 Plus CFM Air Movement
  - » Power Lift Steel Exhaust Tube
  - » Power Parking Jack with Wheel
  - » Gear Driven Hydraulic Pump
  - » Over Head Boom Assembly
  - » 12 Volt Hydraulic Unit for Boom
  - » 40 Gallon Steel Fuel Tank
  - » Electric Trailer Brake System
  - » Engine Kill Switch at Handle
  - » 97 HP PERKINS / 96 HP KUBOTA
  - » 85/99 HP JOHN DEERE MOTOR
  - » Tier 3 Engines / Tier 4 As Requested
  - » Engines 2 Years Warranty
  - » 1 Year Warranty on Machine
  - » Lit Instrument Panel / Gauges
  - » 196 to 276 Cu. In. Displacement
  - » 150 Plus# of Torque @ 1200 rpm
  - » 13"Automotive/ 11 Twin Disc
  - » Hinge Radiator Screen
  - » **Ask About the Many Options**
-
