Dear National Fitness Campaign,

We have received the \$10,000 Fit Radio Grant to support our funding requirement to join the 2018 National Fitness Campaign (NFC).

Therefore, on behalf of the City of Belvidere, I am writing to express our support and commitment to purchase and install an NFC Fitness Court at the corner of Whitney Blvd. and Buchanan St. in Belvidere in 2018.

The City sees fitness as a priority for its citizens and strongly supports this campaign which will elevate the health and wellness of our residents. We believe the addition of a NFC Fitness Court will provide another valuable resource for healthy living in our community.

Although the majority of the Fitness Court will be paid for with the Fit Radio grant and the OSF Foundation grant, the City will place the remaining funding requirements in the FY2019 Budget making funds available in May 2018. The City is committed to making this project a reality.

Thank you for this opportunity. If you should have any questions, please feel free to contact me or you may also contact Becky Tobin, Budget/Finance Officer, at (815) 544-2612.

NFC recognizes this letter does not constitute a binding commitment.

Sincerely,

Mike Chamberlain
Mayor, City of Belvidere

Re: 2018 National Fitness Campaign

Dear Mayor Chamberlain,

It has been a pleasure to learn more about the 2018 National Fitness Campaign and the Fitness Court they provide to cooperating communities throughout the United States of America. The program and equipment will provide residents, at no cost, opportunity for a healthy lifestyle. As we know, access to such equipment and instruction can have barriers. Cost, availability and location to name a few can hamper residents in their pursuit of a more active and healthy lifestyle. Not for long!

OSF HealthCare Foundation is proud to support the City of Belvidere to fulfill their wish to create a healthy lifestyle environment with a grant in the amount of \$80,000.00. With this grant a resident of Belvidere, at no cost, will have 24/7 access to a state of the art fitness court.

Going forward we would like to work out particulars for the spring 2018 grand opening. We will be in touch with you and your staff. Thank you for this opportunity. In the spirit of Christ and the example of Francis of Assisi, the Mission of OSF HealthCare is to serve persons with the greatest care and love in a community that celebrates the gift of life.

Sincerely,

Jarid F. Funderburg
Strategic Philanthropy Officer - Northern Region
OSF HealthCare Foundation

Memo

To: Mayor and City Council
From: Brent Anderson, Director of Public Works
Date: October 19, 2017
Re: Well #8 Chemical Treatment

Well #8 had a positive bacteria result on our monthly raw water sample for June. The follow up sample was negative. In July, we had a positive bacteria result on our monthly raw water sample and the follow up sample. Per our standard operating procedures, a water sample was sent to Water Systems Engineering for a complete well profile and we superchlorinated the well. Follow up samples have been negative.

Water Systems Engineering has completed their testing and their analysis indicated an excessive biological population. They recommend an extensive disinfection effort using balanced cleaning chemistries and mechanical agitation to remove the resident populations identified.

We have received the following bids for the chemical treatment of Well #8, based on the recommendations of Water Systems Engineering:

- | | |
|--|--------------|
| 1. Great Lakes Water Resources
1127 Plainfield Road
Joliet, IL 60435 | \$152,168.00 |
| 2. Layne Christensen Company
721 West Illinois Avenue
Aurora, Illinois 60506 | \$157,846.00 |
| 3. Municipal Well & Pump
1212 Starbeck Drive
Waupun, Wisconsin 53963 | \$162,258.00 |

I would recommend approval of the low bid from Great Lakes Water Resources for the chemical treatment and disinfection of Well #8, in the amount of \$152,168.00. This work will be paid for from the Water System Depreciation Account (#04-09).
