401 Whitney Blvd, Suite 300  
Belvidere, IL 61008

RE: Request for Extension to Special Use Permit #2018-15

Dear Ms. DeRose,

In response to our ongoing coordination with the Illinois Power Authority and maintaining the eligibility of our Belvidere Solar project, our team would like to formally request an extension to our Special Use Permit (SUP#2018-15) for the proposed adaptive reuse of the Boone County Conservation District Landfill for a ballasted, solar project. Our team remains committed to advancing the project development, which is awaiting the funding and release of details for future community solar project solicitation. In an effort to keep the project in good standing with the Illinois Power Authority, we are required to keep all entitlements active to remain on the waitlist for future solicitations.

Upon review of our request, please let us know if there are any further needs in consideration of our extension to the Special Use Permit.

Sincerely,

Christian F. Dick  
Senior Project Developer  
Large Scale Distributed Energy Resources  
Ameresco Inc.

# Memo

**To:** Mayor & City Council  
**From:** Brent Anderson, Director of Public Works  
**Date:** October 6, 2020  
**Re:** Fuel System – Diesel Fuel Dispenser Replacement

---

The diesel fuel pump at the Street Department was recently damaged when the dispenser hose caught on the dump truck as it pulled away. Only one of the two diesel dispensers is operational at this time. We have received the following proposals for replacement of the diesel fuel dispenser:

- |   |             |
|---|-------------|
| 1. T Lee's Service<br>1030 8 <sup>th</sup> Avenue<br>Belvidere, IL 61008                | \$9,495.00  |
| 2. Howard Lee & Sons, Inc.<br>4093 Perryville Road<br>Cherry Valley, Illinois 61016     | \$9,706.00  |
| 3. Stenstrom Petroleum Services Group<br>2422 Center Street<br>Rockford, Illinois 61108 | \$10,594.00 |

The proposal from T Lee's Service has been submitted to our insurance company for coverage. Based on our discussions, most, if not, all of the cost of the new dispenser will be covered. Any cost not covered by insurance will be paid for from Line Item #01-5-310-8200 (Equipment).

I would recommend approval of the proposal from T Lee's Service, in the amount of \$9,495.00, for a new diesel fuel dispenser for the Street Department.

**Date:** October 7, 2020  
**Re:** WWTP Sludge Tank Trailer Replacement

---

The WWTP has two tank trailers, one built in 1974 and one built in 1969, that are used for the land application of liquid sludge. The suspension on the 1974 trailer has broken and the frame is cracked where the tank connects to it. We have received a proposal from Botts Welding and Truck Service to rebuild the suspension and repair the frame in the amount of \$14,598.76.

We have found two used tank trailers that would work well for land application of sludge:

Midwest Tank and Trailer N5017 Hyland Circle Monticello, WI 53570	2012 CT Transport 5500 gallon tanker	\$16,900.00
	2010 Dragon 6300 gallon tanker	\$16,000.00

The current budget did not contemplate replacement of a sludge trailer. The current budget did include \$40,000 for the replacement of a pickup truck at the WWTP, which totaled \$31,710.23, leaving an unexpended balance of \$8,289.71. Midwest Tank will sell both trailers to us for \$32,000.00 in a package deal.

Based on the age and cost to repair our 1974 tank trailer and the age of our other trailer (1969), I would recommend the purchase of a 2012 Dragon trailer and 2010 CT Transport trailer, in the amount of \$32,000.00, from Midwest Tank and Trailer. This equipment will be paid for from the sanitary sewer depreciation fund #61-1750. The balance in this fund is approximately \$580,000.

Our 1969 trailer will be kept for a spare, and we will need authorization from the Council to dispose of the 1974 trailer.

2012 CT Transport 5500 Gallon

2010 Dragon 6300 Gallon

September 28, 2020

City of Belvidere  
401 Whitney Blvd.  
Belvidere, IL 61008-3710

Dear Sir/Madam:

Re: Enclosed Application

We are writing to you on behalf of GFL Environmental Inc. (together with its subsidiaries "GFL") in connection with the enclosed application.

On June 24, 2020, Waste Management, Inc. (together with its affiliates and subsidiaries "WM") and Advanced Disposal Services, Inc. (together with its affiliates and subsidiaries "ADS") agreed to sell certain of their respective assets to affiliates of GFL (such sale, the "Transaction"), following the closing of WM's proposed merger with ADS. GFL is the fourth largest diversified environmental services company in North America, currently operates in 23 states in the United States and is publicly listed on the New York Stock Exchange and the Toronto Stock Exchange.

In connection with and conditioned upon the closing of the Transaction, it is contemplated that a subsidiary of GFL will acquire certain hauling operations that will require GFL to obtain the **Refuse Hauler Permit** that is subject of the enclosed application.

Prior to closing of the Transaction, which is expected to occur before September 30, 2020, please direct all inquiries in connection with the enclosed permit application to Lou Berardicurti, [lberardicurti@gflenv.com](mailto:lberardicurti@gflenv.com) or 586-772-8900 ext. 40400. GFL will provide notice of closing of the Transaction, and following that date you may direct inquiries in accordance with contact information included in the enclosed application.

WM and/or ADS will continue to operate under their existing hauling licenses and permits prior to and following closing of the Transaction. The enclosed application by GFL should not result in the revocation of or otherwise affect those WM and/or ADS licenses and permits.

Sincerely,

A handwritten signature in blue ink that reads "Lou Berardicurti".

Lou Berardicurti  
Regional Vice President, Solid Waste

Re: Public Speaking Times at Council Meeting

Date: 10-7-2020

I would like to discuss the time limits that are placed on the public speaking at Council Meetings. The Two minute per person and a total of Twenty minutes for all to speak is very short. If so the speakers at the October 5<sup>th</sup> meeting would have been cut off half way through their speeches. I would like to see a limit of Eight minutes and no limit to the maximum time.

I am requesting that this be placed on the October 12<sup>th</sup>, 2020 agenda for discussion.

Ward One Alderman

Clayton Stevens
