INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor Members of the City Council City of Belvidere, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Belvidere, Illinois (the City), as of and for the year ended April 30, 2024, and the related notes to financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Belvidere, Illinois as of April 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits in *Government Auditing Standards*, issued by the Comptroller General of the United States. The Ida Public Library, discretely presented component unit, was not audited in accordance with *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. Our responsibilities under these standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The City has omitted the schedule of changes in the employer's net pension liability and related ratios and the schedule of investment returns for the Police Pension Fund and Firefighters' Pension Fund for April 30, 2015 that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The supplementary information is presented for the purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information is the responsibility of management and is derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the principal officials and supplemental data but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2024, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor Members of the City Council City of Belvidere, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Belvidere, Illinois (the City) as of and for the year ended April 30, 2024, and the related notes to financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated September 30, 2024. The financial statements of Ida Public Library, a discretely presented component unit, were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with Ida Public Library.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

GENERAL PURPOSE EXTERNAL FINANCIAL STATEMENTS

Management's Discussion and Analysis April 30, 2024

Our discussion and analysis of the City of Belvidere's financial performance provides an overview of the City's financial activities for the fiscal year ended April 30, 2024. Please read it in conjunction with the City's financial statements, which begin on page 5.

FINANCIAL HIGHLIGHTS

- The City of Belvidere's net position increased as a result of this year's operations. The net position of business-type activities decreased by \$1,180,036, or 2.8 percent and the net position of the governmental activities increased by \$4,720,863.
- During the year, government-wide revenues for the primary government totaled \$38,995,156 while expenses totaled \$35,454,329, resulting in an increase to net position of \$3,540,827.
- The City's net position totaled \$57,668,727 on April 30, 2024, which includes \$55,375,724 net investment in capital assets, \$1,248,776 subject to external restrictions, and \$1,044,227 unrestricted net that may be used to meet the ongoing obligations to citizens and creditors.
- The General Fund reported a surplus this year of \$6,792,767 resulting in an ending fund balance of \$32,162,882 which is an increase of 26.7 percent. This increase was the result of new revenue streams that were implemented during the fiscal year 2019 in addition to increases in sales tax, personal property replacement tax and income tax.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 7-10) provide information about the activities of the City of Belvidere as a whole and present a longer-term view of the City's finances. Fund financial statements begin on page 11. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the City of Belvidere's finances, in a matter similar to a private sector business. The government-wide financial statements can be found on pages 7-10 of this report.

Management's Discussion and Analysis April 30, 2024

USING THIS ANNUAL REPORT - Continued

Government-Wide Financial Statements – Continued

The Statement of Net Position reports information on all of the City's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the City's property tax base and the condition of the City's infrastructure, is needed to assess the overall health of the City.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Belvidere that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, highways and streets, health and social services, and community and economic development. The business-type activities of the City include water and sewer operations.

The City of Belvidere includes one separate legal entity in its report. The Ida Public Library is presented as a discretely presented component unit. Although legally separate, this "component unit" is important because the City is financially accountable for it. Financial information for the component unit is reported separately from the financial information presented for the primary government itself.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Management's Discussion and Analysis April 30, 2024

USING THIS ANNUAL REPORT - Continued

Fund Financial Statements – Continued

Governmental Funds – Continued

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The City of Belvidere maintains eight individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, which is considered a major fund. Data from the other seven governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report. The City adopts an annual appropriated budget for all of the governmental funds. A budgetary comparison statement for these funds has been provided to demonstrate compliance with this budget. The basic governmental fund financial statements can be found on pages 11-14 of this report.

Proprietary Funds

The City maintains one proprietary fund type: enterprise. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City utilizes an enterprise fund to account for its water and sewer operations. Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sewer Fund, which is considered to be a major fund of the City. The basic proprietary fund financial statements can be found on pages 15-19 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting use for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 20-21 of this report.

Management's Discussion and Analysis April 30, 2024

USING THIS ANNUAL REPORT - Continued

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 22-77 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's I.M.R.F., SLEP, police and fire employee pension obligations and budgetary comparison schedule for the General Fund. Required supplementary information can be found on pages 78-95 of this report.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information on pensions. Combining and individual fund statements and schedules can be found on pages 96-117 of this report.

Management's Discussion and Analysis April 30, 2024

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the City of Belvidere, assets/deferred outflows exceeded liabilities/deferred inflows by \$57,668,727.

	Net Position							
	Governmental			Busine	ss-type			
		Activiti	es	Activ	vities	Total

Total Liabilities and Deferred Inflows	_	55,664,062	55,759,165	7,142,068	7,793,059	62,806,130	63,552,224	
Net Position								
Net Investment in Capital Assets		19,173,024	20,397,956	36,202,700	36,401,134	55,375,724	56,799,090	
Restricted		1,248,776	1,264,701			1,248,776	1,264,701	
Unrestricted (Deficit)	_	(3,437,389)	(9,399,109)	4,481,616	5,463,218	1,044,227	(3,935,891)	
Total Net Position	_	16,984,411	12,263,548	40,684,316	41,864,352	57,668,727	54,127,900	

A large portion of the City's net position, \$55,375,724 or 96.0 percent, reflects its net investment in capital assets (for example, land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion, \$1,248,776 or 2.1 percent, of the City's net position represents resources that are subject to external restrictions on how they may be used. The remaining percentage, or \$1,044,227, represents unrestricted net balance. At year-end, the City is able to report positive balances in the business-type activities, but has a negative balance for governmental activities, due primarily to the net pension liabilities for the police and firefighter pension plans in addition to the IMRF plan.

Management's Discussion and Analysis April 30, 2024

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Net position of the City of Belvidere's governmental activities increased by 38.4 percent to \$16,984,411 in 2024 compared to \$12,263,548 in 2023. Unrestricted net position within governmental activities, the part of net position that can be used to finance day-to-day operations without constraints, totaled a deficit position of (\$3,437,389) at April 30, 2024.

Net position of the business-type activities decreased by 2.8 percent to \$40,684,316 in 2024 compared to \$41,864,352 in 2023.

Governmental Activities

Revenues for governmental activities totaled \$32,811,487 while the cost of all governmental functions totaled \$28,090,624. This results in a surplus of \$4,720,863. In 2023, revenues of \$36,438,562 were more than expenses of \$24,251,051 resulting in a surplus of \$12,187511 and there was no transfer out.

The following table graphically depicts the major revenue sources of the City. It depicts very clearly the reliance of property taxes, income taxes and sales and use taxes to fund governmental activities. It also clearly identifies the less significant percentage the City receives from charges for services.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City of Belvidere uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The City's governmental funds reported combining ending fund balances of \$33,405,380, which is \$6,778,428, or 25.4 percent, higher than last year's total of \$26,626,952. Of the \$33,405,380 total, \$31,805,286, or approximately 95.2 percent, of the fund balance, constitutes unassigned fund balance.

The General Fund reported a positive change in fund balance for the year of \$6,792,767, an increase of 19.2 percent. This was due in large part to new revenue sources that were approved during fiscal year 2019 in addition to increases in sales tax, personal property replacement tax and income tax revenues. Budgeted expenditures totaled \$21,711,724 while actual expenditures totaled \$21,025,738. These variances are further outlined on the General Fund Schedule of Revenues, Expenditures and Changes in Fund Balance.

Management's Discussion and Analysis April 30, 2024

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS – Continued

Governmental Funds – Continued

The General Fund is the chief operating fund of the City. At April 30, 2024, unassigned fund balance in the General Fund was \$31,806,019 which represents 98.8 percent of the total fund balance of the General Fund. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures.

The Capital Projects Fund, a major fund, is the fund used to account for financial resources restricted, committed or assigned for the acquisition or construction of major capital expenditures not being financed by the proprietary fund. At April 30, 2024, restricted fund balance in the Capital Projects Fund was \$0 in addition to assigned fund balance of \$36,355, resulting in a total ending fund balance of \$36,355. This represents a \$14,846 decrease in fund balance from the prior fiscal year.

The Nonmajor Funds realized a positive fund balance of \$507.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The City reports the Water and Sewer Fund as a major proprietary fund. The Water and Sewer Fund accounts for all of the operations of the municipal water and sewer system. Water is sold to all municipal customers at a rate of \$1.57 per 100 cubic feet and a rate of \$2.76 per cubic feet for sewer.

The decrease in the Water and Sewer Fund during the current fiscal year was (\$1,180,036) while the previous fiscal year reported a decrease of (\$488,633). Unrestricted net position in the Water and Sewer Fund totaled \$4,481,616 at April 30, 2024.

Management's Discussion and Analysis April 30, 2024

GENERAL FUND BUDGETARY HIGHLIGHTS

General Fund actual revenues for the year totaled \$29,411,837, compared to budgeted revenues of \$24,948,623. The actual revenues were \$4,463,214 higher than the original budget of \$24,948,623.

The General Fund actual expenditures for the year were \$685,986 lower than the original budget of \$21,711,724.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City's investment in capital assets for its governmental and business type activities as of April 30, 2024 was \$60,664,683 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, land improvements, buildings and improvements, vehicles and equipment, and infrastructure.

Additional information on the City of Belvidere's capital assets can be found in Note 3 on pages 33-35 of this report.

Management's Discussion and Analysis April 30, 2024

CAPITAL ASSETS AND DEBT ADMINISTRATION – Continued

Debt Administration

At year-end, the City of Belvidere had total outstanding debt of \$5,182,400 as compared to \$4,938,974 the previous year, which is an increase of 4.9 percent. The following is a comparative statement of outstanding debt:

			Ι	Long-Term Debt	Outstanding			
		Governn	nental	Busines	s-type			
		Activit	ties	Activi	ties	Total		
	_	2024 2023		2024	2023	2024	2023	
Debt Certificates	\$	130,098	195,098	-	-	130,098	195,098	
Installment Contracts		155,000	205,000	-	-	155,000	205,000	
Landfill Post Closure Costs		302,158	356,528	-	-	302,158	356,528	
IEPA Loan		-	_	4,595,144	4,182,348	4,595,144	4,182,348	
Total	_	587,256	756,626	4,595,144	4,182,348	5,182,400	4,938,974	

The City last received a bond rating in 2004 at which time it was a Standard & Poor AAA rating. The City has not entered the bond market since 2004. The City is no longer a non-home rule community and is no longer held to the State statute that limits the amount of general obligation debt.

Additional information on the City of Belvidere's long-term debt can be found in Note 4 on pages 35-40 of this report.

The City's elected and appointed officials considered many factors when setting the fiscal year 2024 budget, tax rates, and fees that will be charged for its governmental and business-type activities. One of those factors is the economy. The unemployment rate as of April 30, 2024 for the City of Belvidere was 7.9% and Boone County was 6.4%. The state and national unemployment rates were 4.8% and 3.9%, respectively. Unemployment due to Covid-19 continues to impact Belvidere and Boone County, including a long-term shut down of Stellantis, also known as the Belvidere Chrysler plant.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City of Belvidere's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to the Office of the Budget & Finance Officer, Shannon Hansen, City of Belvidere, 401 Whitney Boulevard, Belvidere, Illinois 61008.

RECONCILIATION OF FUND BALANCES OF GOVERNMENTAL FUNDS TO THE GOVERNMENTAL ACTIVITIES IN THE STATEMENT OF NET POSITION

April 30, 2023

FUND BALANCES OF GOVERNMENTAL FUNDS	\$ 33,405,380
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds	19,866,839
Differences between expected and actual experiences, assumption changes, and net difference between projected and actual earnings for the Illinois Municipal Retirement Fund (Regular) are recognized as deferred outflows and inflows of resources on the statement of net position	704,912
Differences between expected and actual experiences, assumption changes, and net difference between projected and actual earnings for the Illinois Municipal Retirement Fund (SLEP) are recognized as deferred outflows	
and inflows of resources on the statement of net position	47,083
Differences between expected and actual experiences, assumption changes, and net difference between projected and actual earnings for the Police Pension Fund are recognized as deferred outflows and inflows of resources on the statement of net position	3,997,333
Differences between expected and actual experiences, assumption changes, and net difference between projected and actual earnings for the Firefighters' Pension Fund are recognized as deferred outflows and inflows of resources on the statement of net position	1,767,755
Differences between assumption changes and net difference between projected and actual earnings for the Other Postemployment Benefit liability are recognized as deferred outflows of resources on the statement of net position	(1,319,727)
Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the governmental funds	
Landfill post closure liability	(155,000)
Installment contract payable	(302,158)
Debt certificates payable	(130,098)
Compensated absences payable	(188,073)
Other postemployment benefit liability	(6,739,855)
Net pension liability - Police Pension Fund Net pension liability - Firefighters' Pension Fund	(19,780,459) (13,037,474)
Net pension liability - Illinois Municipal Retirement Fund (Regular)	(13,937,474) (157,010)
Net pension liability - Illinois Municipal Retirement Fund (Regular)	(85,341)
Accrued interest on long-term liabilities is reported as a liability on the	
statement of net position	 (9,696)
NET POSITION OF GOVERNMENTAL ACTIVITIES	\$ 16,984,411

NOTES TO FINANCIAL STATEMENTS

April 30, 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Belvidere, Illinois (the City) was incorporated in 1881. The City operates under a Mayoral-Council form of government and provides the following services as authorized by statute: public safety (Police and Fire), streets, library, water and sewer utility, public improvements, building and zoning, financial, and general administrative services.

The accounting policies of the City conform to accounting principles generally accepted in the United States of America, as applicable to governments (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant policies:

a. Reporting Entity

The City is considered to be a primary government as defined by GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an Amendment of GASB Statement No. 14 and 34*, since its council is separately elected and fiscally independent. In accordance with these pronouncements, the basic financial statements include all funds for which the City is financially accountable. Additionally, management has determined that there are two blended component units that are required to be included in the financial statements of the City as pension trust funds.

The City had determined that the Ida Public Library (the Library) meets the requirements of GASB Statement No. 14 as amended by GASB Statement Nos. 39 and 61, because the Library is fiscally dependent on the City as the City appoints the Library Board of Trustees, levies its taxes, and must approve its budget and debt issuances. This has resulted in the Library being reported as a discretely presented component unit of the City as it is legally separate from the City. The Friends of the Library, a potential component unit, is not significant to the Library and, therefore, has been excluded from its reporting entity.

Police Pension Employees Retirement System

The City's police employees participate in Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's Mayor, one elected by pension beneficiaries and two elected police employees

a. Reporting Entity (Continued)

Police Pension Employees Retirement System (Continued)

constitute the pension board. The City is obligated to fund all PPERS costs not funded by PPERS participants based upon actuarial valuations, which creates a financial burden on the City. The State of Illinois is authorized to establish benefit levels and the City is authorized to approve the actuarial assumptions used in the determination of contribution levels, which results in the PPERS being fiscally dependent upon the City. PPERS is reported as a pension trust fund, a fiduciary component unit. PPERS does not issue a stand-alone financial report.

Firefighters' Pension Employees Retirement System

The City's firefighters participate in the Firefighters' Pension Employees Retirement System (FPERS). FPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the City's Mayor, one elected pension beneficiary and two elected firefighters' employees constitute the pension board. The City and FPERS participants are obligated to fund all FPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the City is authorized to approve the actuarial assumptions used in the determination of contribution levels. Accordingly, the FPERS is fiscally dependent on the City. FPERS is reported as a pension trust fund, a fiduciary component unit. FPERS does not issue a stand-alone financial report.

b. Fund Accounting

The City uses funds to report on its financial position and the change in its financial position. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts. The minimum numbers of funds are maintained consistent with legal and managerial requirements.

Funds are classified into the following categories: governmental, proprietary, and fiduciary.

Governmental funds are used to account for all or most of the City's general activities, including the collection and disbursement of committed, restricted, or assigned monies (special revenue funds), the funds committed, restricted, or assigned for the acquisition or construction of capital assets (capital projects funds). The General Fund is used to account for all activities of the City not accounted for in some other fund.

b. Fund Accounting (Continued)

Enterprise funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided to outside parties (enterprise funds).

Fiduciary funds are used to account for fiduciary activities that meet the definition contained in GASB Statement No. 84, *Fiduciary Activities*. The City utilizes pension trust funds (for its Police and Firefighters' Pension Funds Fund) and a custodial fund (for its Land Escrow Fund), which is generally used to account for assets that the City holds in a fiduciary capacity.

c. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. The effect of material interfund activity has been eliminated from these statements. Interfund services provided and used are not eliminated on these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment, or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. It is used to account for all financial resources except those accounted for in another fund.

c. Government-Wide and Fund Financial Statements (Continued)

The Capital Projects Fund accounts for financial resources restricted, committed or assigned for the acquisition or construction of major capital expenditures not being financed by the proprietary fund.

The City reports the following major proprietary funds:

The Waterworks and Sewerage Fund is used to account for the provision of water and sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, and improvements. Funding is provided by user fees.

The City reports pension trust funds as fiduciary funds to account for the Police Pension Fund and Firefighters' Pension Fund. Furthermore, the City reports the Escrow Funds held for other governments as custodial fund.

d. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues and additions are recorded when earned and expenses and deductions are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Operating revenues and expenses are directly attributable to the operation of the proprietary funds. Non-operating revenue/expenses are incidental to the operations of these funds.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, generally within 60 days after year end. The City recognizes property taxes when they become both measurable and available in the year for which they are levied (i.e., intended to finance). A 90-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as expenditures when due.

d. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Property taxes, sales and use taxes, franchise taxes, telecommunication taxes, licenses, charges for services, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as revenues of the current fiscal period. Fines and permits revenues are not susceptible to accrual because generally they are not measurable until received in cash.

In applying the susceptible to accrual concept to intergovernmental revenues (e.g., federal and state grants), the legal and contractual requirements of the numerous individual programs are used as guidelines. There are, however, essentially two types of revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the City; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are generally revocable only for failure to comply with prescribed eligibility requirements, such as equal employment opportunity. These resources are reflected as revenues at the time of receipt or earlier if they meet the availability criterion.

The City reports unearned revenue and deferred/unavailable revenue on its financial statements. Deferred/unavailable revenues arise when a potential revenue does not meet both the measurable and available criteria for recognition in the current period, under the modified accrual basis of accounting. Unearned revenue arises when a revenue is measurable but not earned under the accrual basis of accounting. Unearned revenues also arise when resources are received by the City before it has a legal claim to them or prior to the provision of services, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the City has a legal claim to the resources, the liability or deferred inflows of resource for unearned and deferred/unavailable revenue are removed from the financial statements and revenue is recognized.

e. Cash and Investments

For purposes of the statement of cash flows, the City's proprietary funds consider cash and cash equivalents to include cash on hand, demand deposits, cash with fiscal agent, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit, and other nonparticipating investments are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased and all investments of the pension trust funds are stated at fair value.

e. Cash and Investments (Continued)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

f. Interfund Receivables/Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (current portion of interfund loans) or "advances to/from other funds" (noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance nonspendable account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions are reported as transfers.

g. Property Taxes

Property taxes for 2023 are levied in December 2023 and attach as an enforceable lien on the property on January 1, 2023. Tax bills are prepared by the County and issued on or about May 1, 2024 and August 1, 2024 and are due and collectible on or about June 1, 2024 and September 1, 2024. The County collects the taxes and remits them periodically to the City. Those 2023 taxes are intended to finance the 2025 fiscal year and are not considered available or earned for current operations and, therefore, are reported as deferred/unavailable revenue. The 2024 tax levy has not been recorded as a receivable at April 30, 2024, as the tax attached as a lien on property as of January 1, 2024; however, the tax will not be levied until December 2024 and, accordingly, is not measurable at April 30, 2024.

h. Inventories and Prepaid Items/Expenses

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund inventories are recorded as expenditures when consumed rather than when purchased.

h. Inventories and Prepaid Items/Expenses (Continued)

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaid items/expenses. Prepaid items/expenses are recorded as expenditures/expenses when consumed rather than when purchased.

i. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost in excess of the following and an estimated useful life in excess of one year.

Asset Class	1	talization reshold
Land	\$	5,000
Building and improvements		5,000
Vehicles, equipment, and furniture		5,000
Infrastructure		10,000

Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Property, plant, and equipment is depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings and improvements	10-40
Buildings and structures	40
Equipment	5-10
Furniture and fixtures	5
Vehicles	5-20
Infrastructure	20-50
Land improvements	20
Water transmission system	50
Sewer collection system	50

j. Compensated Absences

Accumulated unpaid vacation and other employee benefit amounts for governmental funds are accrued in these funds as a current liability to the extent that employees have retired or terminated at year end but have not been paid. Accumulated unpaid vacation and other employee benefit amounts for proprietary funds are recorded as earned by employees in those funds. At April 30, 2024, the liabilities for these accumulated unpaid benefits are accounted for in the enterprise fund at all levels and in the governmental activities column in the government-wide financial statements.

k. Long-Term Obligations

In the government-wide financial statements and proprietary funds in the fund financial statements, long-term debt, and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund financial statements. Bond premiums and discounts, as well as the unamortized loss on refunding, are deferred and amortized over the life of the bonds. Bonds payable are reported net of any applicable bond premium or discount. Issuance costs are reported as expenses.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

In compliance with GASB Statement No. 18, the City has reported its long-term obligation related to closing costs for landfills closed in the governmental activities.

1. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

m. Fund Balance/Net Position

In the fund financial statements, governmental funds report nonspendable fund balance for amounts that are either not in spendable form or legally or contractually required to be maintained intact. Restrictions of fund balance are reported for amounts constrained by legal restrictions from outside parties for a specific purpose, or externally imposed by outside entities. None of the restricted fund balance resulted from enabling legislation adopted by the City. Committed fund balance is constrained by formal actions of the City Council, which is considered the City's highest level of decision-making authority. Formal actions include ordinances approved by the City Council. Assigned fund balance represents amounts constrained by the City's intent to use them for a specific purpose. The authority to assign fund balance has been delegated to the City's Chief Financial Officer/City Treasurer through the approved budget of the City. Any residual fund balance in the General Fund, including fund balance targets and any deficit fund balance of any other governmental fund is reported as unassigned. The City targets the fund balance

The City's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending the City considers committed funds to be expended first followed by assigned and then unassigned funds.

In the government-wide financial statements, restricted net positions are legally restricted by outside parties for a specific purpose. Net investment in capital assets represents the book value of capital assets less any outstanding long-term debt issued to acquire or construct the capital assets.

n. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities, deferred inflows, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

2. CASH AND INVESTMENTS

The City and pension funds categorizes the fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The City maintains a cash and investment pool that is available for use by all funds except the pension trust funds. Each fund's portion of this pool is displayed on the financial statements as "cash and investments." The deposits and investments of the pension trust funds are held separately from those of other funds. The City investments are governed by one policy for the City adopted by the City Council.

The City's investment policy authorizes the City to make deposits in the commercial banks and savings and loan institutions and to invest in obligations of the U.S. Treasury and U.S. agencies, obligations of states and their political subdivisions, credit union shares, repurchase agreements, The Illinois Funds, and the Illinois Metropolitan Investment Fund.

The Illinois Public Treasurers' Investment Pool, known as The Illinois Funds, operates as a qualified external investment pool in accordance with the criteria established in GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, and thus, reports all investments at amortized cost rather than fair value. The investment in The Illinois Funds by participants is also reported at amortized cost. The Illinois Funds does not have any limitations or restrictions on participant withdrawals. The Illinois Treasurer's Office issues a separate financial report for The Illinois Funds which may be obtained by contacting the Administrative Office at Illinois Business Center, 400 West Monroe Street, Suite 401, Springfield, Illinois 62704.

The Illinois Metropolitan Investment Fund (IMET) is a local government investment pool. Created in 1996 as a not-for-profit trust formed under the Intergovernmental Cooperation Act and the Illinois Municipal Code. IMET was formed to provide Illinois government agencies with safe, liquid, attractive alternatives for investing and is managed by a Board of Trustees elected from the participating members. IMET offers participants two separate vehicles to meet their investment needs. The IMET Core Fund is designed for public funds that may be invested for longer than one year. The Core Fund carries the highest rating available (AAAf/bf) from Moody's for such funds. Member withdrawals can be made from the core fund with a five day notice. The IMET Convenience Fund (CVF) is designed to accommodate funds requiring high liquidity, including short term cash management programs and temporary investment of bond proceeds. It is comprised of collateralized and FHLB LoC backed bank deposits, FDIC insured certificates of deposit and U.S. Government securities. Member withdrawals are generally on the same day as requested. Investments in IMET are valued at IMET's share price, which is the price the investment could be sold.

2. CASH AND INVESTMENTS (Continued)

It is the policy of the City to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the City and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio.

The primary objectives of the policy are safety (preservation of capital and protection of investment principal), liquidity, and yield.

Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank's failure, the City's deposits may not be returned to them. The City requires pledging of collateral for all depository accounts, time deposit accounts, or investments in certificates of deposits of financial institutions in excess of FDIC. The collateral is required to be evidenced by a written collateral agreement with the collateral held by an independent third party safekeeping agent of the City in the City's name. At April 30, 2024, the City's deposits were insured and collateralized.

Investments

As of April 30, 2024, the City had investments and maturities as follows:

		In	vestment Maturi	ties (in Years)
Investment Type	Fair Value	Less than 1	1-5	6-10 Greater than 10
IMET	\$ 2,494,696	\$ - \$	2,494,696 \$	- \$ -
TOTAL	\$ 2,494,696	\$ - \$	2,494,696 \$	- \$

Interest rate risk is the risk that changes in interest rates will adversely affect the market value of an investment. The City's investment policy does not address interest rate risk.

Credit risk is the risk that an issuer of an investment will not fulfill its obligations to the holder of the investment in securities allowed under the investment policy. The City's investment policy does not address credit risk. The City's investment in The Illinois Funds was rated AAAmf by Fitch. The Illinois Metropolitan Investment Core Year Fund is rated AAAf/bf by Moody's.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the City will not be able to recover the value of its investments that are in possession of an outside party. The City's investment policy does not address custodial credit risk.

2. CASH AND INVESTMENTS (Continued)

Investments (Continued)

Concentration of credit risk is the risk that the City has a high percentage of their investments invested in one type of investment. The City's investment policy does not address concentration of credit risk.

At April 30, 2024, the City had no investments that represent over 5% of the total cash and investment portfolio.

3. CAPITAL ASSETS

Capital asset activity for the year ended April 30, 2024 was as follows:

	Beginning			Ending
	Balances	Increases	Decreases	Balances
GOVERNMENTAL ACTIVITIES Capital assets not being depreciated

*These liabilities will primarily be retired by the General Fund.

**These liabilities will primarily be retired by the Capital Projects Fund.

a. Long-Term Debt - Governmental Activities (Continued)

Long-term liabilities payable from governmental activities (excluding net pension liabilities, other postemployment benefit liability, and compensated absences) at April 30, 2024, comprise the following, all of which are direct placements of debt except for the landfill post closure liability:

Issue	Balances April 30	Current
General Obligation Debt Certificates, Series 2005, direct placement, dated July 19, 2005, due in annual installments on August 1 of \$1,237 to \$65,098 through August 1, 2025; including variable interest payable semiannually on August 1 and February 1.	\$ 130,098	\$ 65,000
Landfill post closure liability	155,000	50,000
Fire Truck Installment Contract, direct placement, dated June 21, 2022, due in annual installments plus interest of 3.50% through June 21, 2028.	 302,158	56,270
TOTAL	\$ 587,256	\$ 171,270

The City issued debt certificates directly to a bank to provide funds for the acquisition and construction of major capital facilities for governmental activities.

The City is committed to an installment contract for the acquisition of a fire truck.

a. Long-Term Debt - Governmental Activities (Continued)

Debt Service Requirements to Maturity

The annual requirements to amortize all debt outstanding as of April 30, 2024 are as follows:

Year		Governmental Activities										
Ending		Ins	stallr	nent Cont	ract			Ι	Debt (Certificat	es	
April 30,	P	Principal]	Interest		Total	I	Principal	I	nterest		Total

TOTAL	\$	302,158	\$	32,952	\$	335,110	\$	130,098	\$	1,887	\$	131,985

Landfill Closure Costs

The City and Boone County (the County) share the costs of closing and continued maintenance of Landfill #2. The landfill ceased accepting solid waste in September 1992, and was issued a certificate of closure by the Illinois Environmental Protection Agency (IEPA) effective October 12, 1999, that begins the 15-year post-closure care period. In prior years, the landfill was covered and as of April 30, 2017 post-closure care costs are continuing. The City and the County must meet certain groundwater parameters for inorganic compounds before it can discontinue monitoring the site. The City and the County have petitioned the IEPA and the Pollution Control Board for an "Adjusted Standard" in the currently in-place groundwater monitoring parameters. This petition was withdrawn by the County due to an agreement reached with the IEPA in March 2004. The agreement involves installing additional methane gas wells and a leachate extraction system at the landfill. This is considered remedial action. At year end, the estimated remaining liability is \$155,000.

b. Long-Term Debt - Business-Type Activities

Long-term liability activity for business-type activities for the year ended April 30, 2024, was as follows:

	 May 1	1	Additions	Reductions April 30				Current Portion		
BUSINESS-TYPE ACTIVITIES										
IEPA revolving loans	\$ 4,182,348	\$	523,076	\$	110,280	\$	4,595,144	\$	111,662	
Asset retirement obligation	199,440		-		-		199,440		-	
Net pension liability -										
IMRF	725,114		-		559,158		165,956		-	
Other postemployment										
benefit liability	1,373,213		-		21,662		1,351,551		83,894	
Compensated absences	38,997		10,430		7,799		41,628		8,326	
-										
TOTAL BUSINESS-TYPE										
ACTIVITIES	\$ 6,519,112	\$	533,506	\$	698,899	\$	6,353,719	\$	203,882	

Long-term liabilities payable from business-type activities (excluding net pension liabilities and compensated absences) at April 30, 2024, comprise the following:

Issue	Total	Current Portion
IEPA Loan #L17-3622 IEPA loan payable; due in semiannual installments of \$61,876, including interest at 1.25% through May 1, 2032.	\$ 994,986	\$ 111,662
TOTAL	\$ 994,986	\$ 111,662

The City entered in a loan agreement with the IEPA to provide low interest financing for wastewater improvements.

IEPA Loans #L17-3623 (\$3,447,234) & #L17-4188 (\$152,924) were not fully disbursed as of April 30, 2024 and, therefore, a payment schedule is not available.

b. Long-Term Debt - Business-Type Activities (Continued)

Debt Service Requirements to Maturity

The annual requirements to amortize all debt outstanding as of April 30, 2024 are as follows:

Year Ending	IEPA Loan Payable					
April 30,	P	rincipal		Interest		Total
2025	\$	111,662	\$	12,090	\$	123,752

2033	_	61,485		384		61,869
TOTAL	\$	994,986	\$	56,899	\$	1,051,885

Asset Retirement Obligation

The City has recognized an asset retirement obligation (ARO) and related deferred outflow of resources in connection with its obligation to seal and abandon its water wells at the end of its estimated useful life in accordance with federal, state, and/or local requirements. The ARO was measured using actual historical costs for similar abandonments, adjusted for inflation through the end of the year. The estimated useful life of the water wells is 100 years.

c. Legal Debt Margin

The City is a home rule municipality.

Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes governs computation of the legal debt margin.

c. Legal Debt Margin (Continued)

"The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property...(2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent:...indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts."

To date, the General Assembly has set no limits for home rule municipalities. The City is a home rule municipality.

5. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; illnesses; and natural disasters. The City purchases commercial insurance and participates in the Illinois Municipal League Risk Management Association to manage these risks. Settled claims relating to commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years. The City purchases employee health insurance from an independent third party.

The Illinois Municipal League Risk Management Association (IMLRMA) is a joint risk management pool comprised of 739 Illinois municipalities. The member agreement provides that IMLRMA's other members, has a contractual obligation to fund any deficit of IMLRMA attributable to a membership year during which it was a member. Supplemental contributions may be required to fund these deficits. There were no supplemental contributions paid in the previous three years.

6. CONTINGENT LIABILITIES

a. Litigation

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the City.

6. CONTINGENT LIABILITIES (Continued)

b. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

7. INDIVIDUAL FUND DISCLOSURES

a. Interfund Transfers

Interfund transfers between funds for the year ended April 30, 2024, were as follows:

	Transfers In	Transfers Out
General Capital Projects	\$	\$ 1,606,302
TOTAL	\$ 1,606,302	\$ 1,606,302

The purpose of significant transfers is as follows:

- \$1,606,302 transferred to the Capital Projects Fund from the General Fund to fund capital projects. This transfer will not be repaid.
- b. Deficit Fund Balance

The following fund reported a deficit fund balance at April 30, 2024:

F	und	Defi	cit
Farmington SSA#3		\$	733

8. OTHER POSTEMPLOYMENT BENEFITS

a. Plan Description

In addition to providing the pension benefits described, the City provides postemployment health care and life insurance benefits (OPEB) for retired employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions, and employer contributions are governed by the City and can be amended by the City through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the City's governmental activities.

b. Benefits Provided

The City provides postemployment health care and life insurance benefits to its retirees. To be eligible for benefits, an employee must qualify for retirement under one of the City's retirement plans. Elected officials are not eligible for benefits. The City pays for net single coverage for most retirees.

All health care benefits are provided through the City's health insurance plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental, nervous, and substance abuse care; vision care; dental care; and prescriptions. Upon a retiree reaching age 65 years of age, Medicare becomes the primary insurer and the City's plan becomes secondary. For certain disabled public safety employees who qualify under the Public Safety Employee Benefits Act (PSEBA), the City is required to pay 100% of the cost of basic health insurance for retirees and their dependents until Medicare eligibility.

c. Membership

At April 30, 2023 (most recent data available), membership consisted of:

30
-
115
145

d. Total OPEB Liability

The City's total OPEB liability of \$8,091,406 was measured as of April 30, 2024 and was determined by an actuarial valuation as of May 1, 2023.

8. OTHER POSTEMPLOYMENT BENEFITS (Continued)

e. Actuarial Assumptions and Other Inputs

The total OPEB liability at April 30, 2024, as determined by an actuarial valuation as of May 1, 2023, was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified. The total OPEB liability was rolled forward by the actuary using updating procedures to April 30, 2024, including updating the discount rate at April 30, 2024 as noted:

Actuarial cost method	Entry-age normal
Actuarial value of assets	N/A
Salary increases	3.00%
Discount rate	4.07%
Healthcare cost trend rates	6.00% Initial to 5.00% Ultimate

The discount rate was based on The Bond Buyer 20-Bond GO Index, which is based on an average of certain general obligation municipal bonds maturing in 20 years and having an average rating equivalent of Moody's Aa2 and Standard & Poor's AA.

f. Changes in the Total OPEB Liability

	Total OPEB Liability		
BALANCES AT MAY 1, 2023	\$	8,221,091	
Changes for the period			
Service cost		440,349	
Interest		281,340	
Difference between expected and actual experience		_	
Assumption changes		(349,119)	
Benefit payments		(502,255)	
Net changes		(129,685)	
BALANCES AT APRIL 30, 2024	\$	8,091,406	

Changes in assumptions related to the discount rate were made since the prior measurement date.

8. OTHER POSTEMPLOYMENT BENEFITS (Continued)

g. Rate Sensitivity

The following is a sensitivity analysis of the total OPEB liability to changes in the discount rate and the healthcare cost trend rate. The table below presents the total OPEB liability of the City calculated using the discount rate of 4.07% as well as what the City total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.07%) or 1 percentage point higher (5.07%) than the current rate:

		Current					
	19	6 Decrease	Di	scount Rate	1	% Increase	
		(3.07%)		(4.07%)		(5.07%)	
Total OPEB liability	\$	8,752,828	\$	8,091,406	\$	7,491,287	

The table below presents the total OPEB liability of the City calculated using the healthcare rate of 5% to 6% as well as what the City's total OPEB liability would be if it were calculated using a healthcare rate that is 1 percentage point lower (4% to 5%) or 1 percentage point higher (6% to 7%) than the current rate:

	1%	1% Decrease Healthcare Rate			1% Increase
	(4% to 5%)		(5% to 6%)		(6% to 7%)
Total OPEB liability	\$	7,148,934	\$	8,091,406	\$ 9,199,626

h. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended April 30, 2024, the City recognized OPEB expense of \$592,736. At April 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	0	Deferred utflows of Resources	Deferred Inflows of Resources	
Differences between expected and actual experience Changes in assumptions	\$	904,615 770,457	\$	978,495 2,280,948
TOTAL	\$	1,675,072	\$	3,259,443

8. OTHER POSTEMPLOYMENT BENEFITS (Continued)

h. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

Year Ending April 30,	
2025	\$ (128,953)
2026	(128,953)
2027	(128,953)
2028	(128,953)
2029	(140,496)
Thereafter	(928,063)
TOTAL	\$ (1,584,371)

9. DEFINED BENEFIT PENSION PLANS

The City contributes to four defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF - City) and the Sheriff's Law Enforcement Personnel (SLEP) (also administered by IMRF) which are an agent multiple-employer public employee retirement system; the Police Pension Plan, which is a single-employer pension plan; and the Firefighters' Pension Plan, which is also a single-employer pension plan. The benefits, benefit levels, employee contributions, and employer contributions for all five plans are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly. IMRF issues a publicly available report that includes financial statements and supplementary information for the plan as a whole, but not for individual employers. That report can be obtained from IMRF, 2211 York Road, Suite 500, Oak Brook, Illinois 60523. The Police and Firefighters' Pension Plans do not issue separate reports.

Illinois Municipal Retirement Fund - City and SLEP

a. Plan Administration

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Illinois Municipal Retirement Fund - City and SLEP (Continued)

b. Plan Membership

At December 31, 2023, the measurement date, IMRF membership consisted of:

	IMRF - City	SLEP
Inactive employees or their beneficiaries currently receiving benefits	63	1
Inactive employees entitled to but not yet receiving benefits	52	-
Active employees	60	-
TOTAL	175	1

c. Benefits Provided

Illinois Municipal Retirement Fund - City

All employees (other than those covered by the Police or Firefighters' Pension Plans) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011, are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

IMRF also provides death and disability benefits. These benefit provisions and all are established by state statute.

Illinois Municipal Retirement Fund - City and SLEP (Continued)

c. Benefits Provided (Continued)

SLEP

SLEP having accumulated at least 20 years of service and terminating IMRF participation or after January 1, 1988, may elect to retire at or after age 50 with no early retirement discount penalty. IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011, are eligible for Tier 1 benefits. SLEP members meeting the two qualifications described in the first sentence of this paragraph are entitled to an annual retirement benefit payable monthly for life, in an amount equal to 2 1/2% of their final rate of earnings for each year of credited. For SLEP members retiring with less than 20 years of SLEP service, the regular IMRF pension formula applies.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 55 with ten years of Tier 2 service credit are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 2 1/2% of their final rate of earnings for each year of credited. The pension for participating members who retire between age 50 and 55 will be reduced by ½% for each month under age 55. SLEP also provides death and disability benefits. These benefit provisions and all other requirements are established by ILCS.

d. Contributions

Participating members are required to contribute 4.50% and 7.50% for IMRF - City and SLEP, respectively, of their annual salary to IMRF. There are no contributing employees for the IMRF - ECO. The City is required to contribute the remaining amounts necessary to fund IMRF as specified by statute. The employer contribution for the IMRF - City for the fiscal year ended April 30, 2024 was 5.00% of covered payroll. The employer contribution for SLEP for the fiscal year ended April 30, 2024 was 0.00% of covered payroll.

Illinois Municipal Retirement Fund - City and SLEP (Continued)

e. Actuarial Assumptions

The City's net pension liability was measured as of December 31, 2023 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of the same date using the following actuarial methods and assumptions for IMRF - City and SLEP.

Actuarial valuation date	December 31, 2023
Actuarial cost method	Entry-age normal
Assumptions	
Inflation	2.25%
Salary increases	2.85% to 13.75%
Interest rate	7.25%
Cost of living adjustments	3.25%
Asset valuation method	Fair Value of Assets

For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 108.0%) and Female (adjusted 106.4%) tables, and future mortality improvements projected using scale MP-2021. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021.

f. Discount Rate

Illinois Municipal Retirement Fund - City

The discount rate used to measure the total pension liability at December 31, 2023 was 7.25%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the city contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the IMRF's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

Illinois Municipal Retirement Fund - City and SLEP (Continued)

f. Discount Rate (Continued)

SLEP

The discount rate used to measure the total pension liability at December 31, 2023 was 7.25%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the IMRF's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

Net pension liability	\$	158,764	\$	85,341	\$	21,487

Police Pension Plan

a. Plan Administration

Police sworn personnel are covered by the Police Pension Plan. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/3-1) and may be amended only by the Illinois legislature. The City accounts for the plan as a pension trust fund.

The plan is governed by a five-member Board of Trustees. Two members of the City Council are appointed by the City Mayor, one member is elected by pension beneficiaries, and two members are elected by active police employees.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Police Pension Plan (Continued)

b. Plan Membership

At April 30, 2024, the measurement date, membership consisted of:

Inactive plan members currently receiving benefits Inactive plan members entitled to but not yet receiving	36
benefits Active plan members	7 42
TOTAL	85

c. Benefits Provided

The Police Pension Plan provides retirement benefits as well as death and disability benefits. Tier 1 employees (those hired prior to January 1, 2011) attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive 2.50% of salary for each year of service. The monthly benefit shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension, and 3% compounded annually thereafter. Tier 2 employees (those hired on or after January 1, 2011) attaining the age of 55 or older with ten or more years of creditable service are entitled to receive an annual retirement benefit equal to greater of the average monthly salary obtaining by dividing the total salary during the 48 consecutive months of service within the last of 60 months in which the total salary was the highest by the number of months in that period; or the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Police officers' salary for pension purposes is capped at \$106,800, plus the lesser of $\frac{1}{2}$ of the annual change in the Consumer Price Index or 3% compounded. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least ten years may retire at or after age 50 and receive a reduced benefit (i.e., 1/2% for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3% or $\frac{1}{2}$ of the change in the Consumer Price Index for the proceeding calendar year.

Police Pension Plan (Continued)

d. Contributions

Employees are required by ILCS to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. The City's policy is to fund the actuarially determined contribution. Effective January 1, 2011, the City has until the year 2040 to fund 90% of the past service cost for the Police Pension Plan. However, the City has been funding the plan based on 100% amortization of the past service cost over the same time frame. For the year ended April 30, 2024, the City's contribution was 43.09% of covered payroll.

e. Illinois Police Officers' Pension Investment Fund

The Illinois Police Officers' Pension Investment Fund (IPOPIF) is an investment trust fund responsible for the consolidation and fiduciary management of the pension assets of Illinois suburban and downstate police pension funds. IPOPIF was created by Public Act 101-0610 and codified within the Illinois Pension Code, becoming effective January 1, 2020, to streamline investments and eliminate unnecessary and redundant administrative costs, thereby ensuring assets are available to fund pension benefits for the beneficiaries of the participating pension funds as defined in 40 ILCS 5/22B-105. Participation in IPOPIF by Illinois suburban and downstate police pension funds is mandatory.

f. Deposits with Financial Institutions

The plan retains all of its available cash with one financial institution. Available cash is determined to be that amount which is required for the current expenditures of the plan. The excess of available cash is required to be transferred to IPOPIF for purposes of the long-term investment for the plan.

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the plan's deposits may not be returned to it. The plan's investment policy requires pledging of collateral for all bank balances held in the plan's name in excess of federal depository insurance, at amounts ranging from 110% to 115% of the fair market value of the funds secured, with the collateral held by an independent third party or the Federal Reserve Bank. The money market mutual funds are not subject to custodial credit risk.

Police Pension Plan (Continued)

g. Investments

Investments of the plan are combined in a commingled external investment pool and held by IPOPIF. A schedule of investment expenses is included in IPOPIF's annual report. For additional information on IPOPIF's investments, please refer to their annual report as of June 30, 2023. A copy of that report can be obtained from IPOPIF at 456 Fulton Street, Suite 402, Peoria, Illinois 61602 or at www.ipopif.org.

h. Fair Value Measurement

The plan categorizes fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The plan held no investments subject to fair value measurement at April 30, 2024.

i. Net Asset Value

The net asset value (NAV) of the plan's pooled investment in IPOPIF was \$29,296,241 at April 30, 2024. Investments in IPOPIF are valued at IPOPIF's share price, which is the price the investment could be sold. There are no unfunded commitments at April 30, 2024. The plan may redeem shares with a seven calendar day notice. IPOPIF may, at its sole discretion and based on circumstances, process redemption requests with fewer than a seven calendar day notice. Regular redemptions of the same amount on a particular day of the month may be arranged with IPOPIF.

j. Investment Rate of Return

For the year ended April 30, 2024, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 9.54%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Police Pension Plan (Continued)

k. Discount Rate

The discount rate used to measure the total pension liability was 6.75% at April 30, 2024. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the City's contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

1. Changes in the Net Pension Liability

	(a) Total Pension Liability	(b) Plan Fiduciary Net Position	(a) - (b) Net Pension Liability
BALANCES AT MAY 1, 2023	\$ 46,803,914	\$ 27,840,274	\$ 18,963,640
Changes for the period			
Service cost	985,607	-	985,607
Interest	3,081,855	-	3,081,855
Difference between expected			
and actual experience	1,288,625	-	1,288,625
Change in assumptions	-	-	-
Changes of benefit terms	-	-	-
Employer contributions	-	1,639,633	(1,639,633)
Employee contributions	-	377,120	(377,120)
Net investment income	-	2,586,209	(2,586,209)
Benefit payments and refunds	(2,294,087)	(2,294,087)	_
Administrative expense	-	(63,694)	63,694
Net changes	3,062,000	2,245,181	816,819
BALANCES AT APRIL 30, 2024	\$ 49,865,914	\$ 30,085,455	\$ 19,780,459

The funded status of the plan as of April 30, 2024 is 60.30%.

Police Pension Plan (Continued)

m. Actuarial Assumptions

The total pension liability above was determined by an actuarial valuation using the following actuarial methods and assumptions.

Actuarial valuation date	April 30, 2024
Actuarial cost method	Entry-age normal
Assumptions Inflation	2.25%
Salary increases	2.25% to 13.95%
Interest rate	6.75%
Cost of living adjustments	3.00% (Tier 1) 2.00% (Tier 2)
Asset valuation method	Fair value

Mortality rates were based on the Pub-2010 Adjusted for Plan Status, Demographics, and Illinois Public Pension Data, as Described.

n. Discount Rate Sensitivity

The following is a sensitive analysis of the net pension liability to changes in the discount rate. The table below presents the net pension liability of the City calculated using the discount rate of 6.75% as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.75%) or 1 percentage point higher (7.75%) than the current rate:

	Current					
	19	% Decrease	Discount Rate			% Increase
		(5.75%)	(6.75%)			(7.75%)
Net pension liability	\$	27,172,660	\$	19,780,459	\$	13,779,136

Police Pension Plan (Continued)

o. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended April 30, 2024, the City recognized pension expense of \$2,688,327. At April 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to the Police Pension Plan from the following sources:

	Deferred Outflows of Resources		Iı	Deferred nflows of Resources
Difference between expected and actual experience Changes in assumptions	\$	2,358,943 1,330,336	\$	690,643 82,130
Net difference between projected and actual earnings on pension plan investments		1,080,827		-
TOTAL	\$	4,770,106	\$	772,773

Changes in the net pension liability related to the difference in actual and expected experience, or changes in assumptions regarding future events, are recognized in pension expense over the expected remaining service life of all employees (active and retired) in the plan. Differences in projected and actual earnings over the measurement period are recognized over a five-year period.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the Police Pension Plan will be recognized in pension expense as follows:

Year Ending April 30,		
2025	\$	598,995
2026		1,551,090
2027		727,646
2028		425,420
2029		625,081
Thereafter		69,101
TOTAL	<u>\$</u>	3,997,333

Firefighters' Pension Plan

a. Plan Administration

Firefighter sworn personnel are covered by the Firefighters' Pension Plan, a single-employer defined benefit pension plan sponsored by the City. The defined benefits and employee and minimum employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/4-101) and may be amended only by the Illinois legislature. The City accounts for the Firefighters' Pension Plan as a pension trust fund.

The plan is governed by a five-member Board of Trustees. Two members of the City Council are appointed by the City Mayor, one member is elected by pension beneficiaries, and two members are elected by active firefighter employees.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

b. Plan Membership

At April 30, 2024, the measurement date, membership consisted of:

Inactive plan members currently receiving benefits	34
Inactive plan members entitled to but not yet receiving	
benefits	6
Active plan members	28
TOTAL	68

c. Benefits Provided

The Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits. Tier 1 employees (those hired prior to January 1, 2011) attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held at the date of retirement. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least ten years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension, and 3% compounded annually thereafter.

Firefighters' Pension Plan (Continued)

c. Benefits Provided (Continued)

Tier 2 employees (those hired on or after January 1, 2011) attaining the age of 55 or older with ten or more years of creditable service are entitled to receive an annual retirement benefit equal to the greater of the average monthly salary obtaining by dividing the total salary during the 48 consecutive months of service within the last of 60 months in which the total salary was the highest by the number of months in that period; or the average monthly salary obtained by dividing the total salary of the firefighter during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Firefighters' salary for pension purposes is capped at \$106,800, plus the lesser of ¹/₂ of the annual change in the Consumer Price Index or 3% compounded. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least ten years may retire at or after age 50 and receive a reduced benefit (i.e., 1/2% for each month under 55). The monthly benefit of a Tier 2 firefighter shall be increased annually at age 60 on the January 1st after the firefighter retires or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3% or ½ of the change in the Consumer Price Index for the proceeding calendar year.

d. Contributions

Covered employees are required to contribute 9.455% of their base salary to the Firefighters' Pension Plan. If an employee leaves covered employment with fewer than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The City is required to finance the Firefighters' Pension Plan as actuarially determined by an enrolled actuary. The City's policy is to fund the actuarially determined contribution. Effective January 1, 2011, the City has until the year 2040 to fund 90% of the past service cost for the Firefighters' Pension Plan. The City has chosen a policy to fund 100% of the past service costs by 2040. For the year ended April 30, 2024, the City's contribution was 55.78% of covered payroll.

Firefighters' Pension Plan (Continued)

e. Illinois Firefighters' Pension Investment Fund

The Illinois Firefighters' Pension Investment Fund (IFPIF) is an investment trust fund responsible for the consolidation and fiduciary management of the pension assets of Illinois suburban and downstate firefighter pension funds. IFPIF was created by Public Act 101-0610, and codified within the Illinois Pension Code, becoming effective January 1, 2020, to streamline investments and eliminate unnecessary and redundant administrative costs, thereby ensuring assets are available to fund pension benefits for the beneficiaries of the participating pension funds. Participation in IFPIF by Illinois suburban and downstate firefighter pension funds is mandatory.

f. Deposits with Financial Institutions

The plan retains all of its available cash with one financial institution. Available cash is determined to be that amount which is required for the current expenditures of the plan. The excess of available cash is required to be transferred to IFPIF for purposes of the long-term investment for the plan.

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the fund's deposits may not be returned to it. The fund's investment policy requires that any funds deposited directly in financial institutions should be made with fully federally insured financial institutions and that any deposits in excess of FDIC insurance should be collateralized at 110% of the fair market value of the deposits. The collateral will be held in a safekeeping by a third party and evidenced by a written agreement. The money market mutual funds are not subject to custodial credit risk.

g. Investments

Investments of the plan are combined in a commingled external investment pool and held by IFPIF. A schedule of investment expenses is included in IFPIF's annual comprehensive financial report. For additional information on IFPIF's investments, please refer to their annual report as of June 30, 2023. A copy of that report can be obtained from IFPIF at 1919 South Highland Avenue, Building A, Suite 237, Lombard, Illinois 60148 or at www.ifpif.org.

h. Fair Value Measurement

The plan categorizes fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The plan held no investments subject to fair value measurement at April 30, 2024.

Firefighters' Pension Plan (Continued)

i. Net Asset Value

The net asset value (NAV) of the plan's pooled investment in IFPIF was \$20,792,666 at April 30, 2024. The pooled investments consist of the investments as noted in the target allocation table available at www.ifpif.org. Investments in IFPIF are valued at IFPIF's share price, which is the price the investment could be sold. There are no unfunded commitments at April 30, 2024. The plan may redeem shares by giving notice by 5:00 pm central time on the 1st of each month. Requests properly submitted on or before the 1st of each month will be processed for redemption by the 14th of the month. Expedited redemptions may be processed at the sole discretion of IFPIF.

j. Investment Policy

IFPIF's current investment policy was adopted by the Board of Trustees on June 17, 2022. IFPIF is authorized to invest in all investments allowed by ILCS. The IFPIF shall not be subject to any of the limitations applicable to investments of pension fund assets currently held by the transferor pension funds under Sections 1-113.1 through 1-113.12 or Article 4 of the Illinois Pension Code.

k. Rate of Return

For the year ended April 30, 2024, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 10.70%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

l. Discount Rate

The discount rate used to measure the total pension liability was 6.75% at April 30, 2024. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the City's contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

The funded status of the plan as of April 30, 2024 is 60.10%.

Firefighters' Pension Plan (Continued)

n. Actuarial Assumptions

The total pension liability above was determined by an actuarial valuation using the following actuarial methods and assumptions.

Actuarial valuation date	April 30, 2024
Actuarial cost method	Entry-age normal
Assumptions Inflation	2.25%
Salary increases	2.25% to 10.56%
Interest rate	6.75%
Cost of living adjustments	3.00% (Tier 1) 2.00% (Tier 2)
Asset valuation method	Fair value

Mortality rates were based on the Pub-2010 Adjusted for Plan Status, Demographics, and Illinois Public Pension Data, as Described.

o. Discount Rate Sensitivity

The following is a sensitive analysis of the net pension liability to changes in the discount rate. The table below presents the net pension liability of the City calculated using the discount rate of 6.75% as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.75%) or 1 percentage point higher (7.75%) than the current rate:

	Current						
	1	% Decrease	Discount Rate		1	% Increase	
	(5.75%)			(6.75%)		(7.75%)	
Net pension liability	\$	18,689,303	\$	13,937,474	\$	10,039,003	

Firefighters' Pension Plan (Continued)

p. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended April 30, 2024, the City recognized pension expense of \$1,758,923. At April 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to the Firefighters' Pension Plan from the following sources:

	Deferred Outflows of Resources			Deferred Inflows of Resources		
Difference between expected and actual experience Changes in assumption Net difference between projected and actual earnings	\$	995,029 762,738	\$	518,580 5,087		
on pension plan investments		533,655		_		
TOTAL	\$	2,291,422	\$	523,667		

Changes in the net pension liability related to the difference in actual and expected experience, or changes in assumptions regarding future events, are recognized in pension expense over the expected remaining service life of all employees (active and retired) in the plan. Differences in projected and actual earnings over the measurement period are recognized over a five-year period.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the Firefighters' Pension Plan will be recognized in pension expense as follows:

Year Ending April 30,	
2025 2026	\$ 274,090 878,232
2027	378,983
2028 2029	182,196 54,254

10. DISCRETELY PRESENTED COMPONENT UNIT - IDA PUBLIC LIBRARY

The Library is authorized to invest in all investments allowed by ILCS. These include deposits/investments insured by the FDIC, obligations or securities guaranteed by the United States of America, direct obligations of any bank as defined by the Illinois Banking Act, certain money market mutual funds, and The Illinois Funds (a money market fund created by the State Legislature under the control of the State Treasurer that maintains a \$1 share value).

a. Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank failure, the Library's deposit may not be returned. The Library's policy requires that funds on deposits in excess of FDIC coverage must be secured at least 100% of the fair market value of the net amount of the funds secured. Pledged collateral is to be held by an independent third party depository. At April 30, 2024, \$34,617 of the Library's deposits with financial institutions were uninsured and uncollateralized.

b. Investments

As of April 30, 2024, the Library had investments and maturities as follows:

The Library holds 1,608 shares of Consolidated Edison common stock with a fair value of \$114,264 at April 30, 2024 that are valued using quoted prices in active markets for identical assets (Level 1 inputs).

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Library will not be able to recover the value of its investments that are in the possession of an outside party. To limit its exposure, the Library's investment policy requires all security transactions that are exposed to custodial credit risk to be processed with the underlying investments held by the Library or a third party custodian and held in the Library's name.

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the Library limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for short and long-term cash flow needs while providing a reasonable rate of return based on the current market.

Credit risk is the risk that an issuer of an investment will not fulfill its obligations to the holder of the investment in securities allowed under the investment policy. The Library's investment policy does not address credit risk.

10. DISCRETELY PRESENTED COMPONENT UNIT - IDA PUBLIC LIBRARY (Continued)

b. Investments (Continued)

Concentration of the credit risk is the risk that the Library has a high percentage of their investments invested in one investment. The Library's investment policy requires diversification of investments to avoid unreasonable risk but does not contain any specific diversification targets.

c. Property Taxes

Property taxes for 2023 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, on or about June 1 and September 1. The County collects such taxes and remits them periodically.

d. Capital Assets

Capital assets purchased or acquired with an original cost in excess of \$2,500 are reported at historical cost or estimated historical cost. Donated assets are reported at acquisition value as of the date of donation. Addition, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Library as a whole. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

	Years
Improvements	5
Building	40
Equipment	5

10. DISCRETELY PRESENTED COMPONENT UNIT - IDA PUBLIC LIBRARY (Continued)

d. Capital Assets (Continued)

The Library's capital asset activity for the year ended April 30, 2024 was as follows:

TOTAL	\$	198,674	\$	16,164					

g. Other Postemployment Benefits

Plan Description

In addition to providing the pension benefits described, the Library provides postemployment health care and life insurance benefits (OPEB) for retired employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions, and employer contributions are governed by the Library and can be amended by the Library through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report.

10. DISCRETELY PRESENTED COMPONENT UNIT - IDA PUBLIC LIBRARY (Continued)

g. Other Postemployment Benefits (Continued)

Benefits Provided

The Library provides postemployment health care and life insurance benefits to its retirees. To be eligible for benefits, an employee must qualify for retirement under one of the Library's retirement plans. Elected officials are not eligible for benefits. The Library pays for net single coverage for most retirees.

All health care benefits are provided through the Library's health insurance plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental, nervous, and substance abuse care; vision care; dental care; and prescriptions. Upon a retiree reaching age 65 years of age, Medicare becomes the primary insurer and the Library's plan becomes secondary.

Membership

At April 30, 2023 (most recent data available), membership consisted of:

Retirees and beneficiaries currently receiving	
benefits	-
Terminated employees entitled to benefits but	
not yet receiving them	-
Active employees	9
TOTAL	9

Total OPEB Liability

The Library's total OPEB liability of \$69,252 was measured as of April 30, 2024 and was determined by an actuarial valuation as of May 1, 2024.

Actuarial Assumptions and Other Inputs

The total OPEB liability at April 30, 2024, as determined by an actuarial valuation as of May 1, 2023, was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified. The total OPEB liability was rolled forward by the actuary using updating procedures to April 30, 2024, including updating the discount rate at April 30, 2024 as noted on the following page.

10. DISCRETELY PRESENTED COMPONENT UNIT - IDA PUBLIC LIBRARY (Continued)

g. Other Postemployment Benefits (Continued)

Actuarial Assumptions and Other Inputs (Continued)

Actuarial cost method	Entry-age normal
Actuarial value of assets	N/A
Salary increases	3.00%
Discount rate	4.07%
Healthcare cost trend rates	6.00% Initial to 5.00% Ultimate

The discount rate was based on The Bond Buyer 20-Bond GO Index, which is based on an average of certain general obligation municipal bonds maturing in 20 years and having an average rating equivalent of Moody's Aa2 and Standard & Poor's AA.

Changes in the Total OPEB Liability

	al OPEB ability
BALANCES AT MAY 1, 2023	\$ 66,493
Changes for the period	
Service cost	5,747
Interest	2,312
Difference between expected and actual experience	-
Assumption changes	(3,307)
Benefit payments	 (1,993)
Net changes	 2,759
BALANCES AT APRIL 30, 2024	\$ 69,252

Changes in assumptions related to the discount rate were made since the prior measurement date.

g. Other Postemployment Benefits (Continued)

Rate Sensitivity

The following is a sensitivity analysis of the total OPEB liability to changes in the discount rate and the healthcare cost trend rate. The table below presents the total OPEB liability of the Library calculated using the discount rate of 4.07% as well as what the Library total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.07%) or 1 percentage point higher (5.07%) than the current rate:

			(Current		
				count Rate		
	(.	3.07%)	(.	4.07%)	(,	5.07%)
Total OPEB liability	\$	75,488	\$	69,252	\$	63,524

The table below presents the total OPEB liability of the Library calculated using the healthcare rate of 5% to 6% as well as what the Library's total OPEB liability would be if it were calculated using a healthcare rate that is 1 percentage point lower (4% to 5%) or 1 percentage point higher (6% to 7%) than the current rate:

				Current	
		Decrease		thcare Rate	1% Increase
	(49	% to 5%)	()	% to 6%)	(6% to 7%)
Total OPEB liability	\$	59,797	\$	69,252	\$ 80,773

h. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended April 30, 2024, the Library recognized OPEB expense (income) of (\$1,414). At April 30, 2024, the Library reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Out	eferred flows of sources	Ir	Deferred aflows of esources
Differences between expected and actual experience Changes in assumptions	\$	- 10,212	\$	73,775 33,751
TOTAL	\$	10,212	\$	107,526

Notes to Required Supplementary Information

The information presented was determined as part of the actuarial valuations as of January 1 of the prior calendar year. Additional information as of the latest actuarial valuation presented is as follows: the actuarial cost method was entry-age normal; the amortization method was level percent of pay, closed, and the amortization period was 20 years; the asset valuation method was five-year smoothed market; and the significant actuarial assumptions were an investment rate of return at 7.25% annually, projected salary increases assumption of 2.75% to 13.75% compounded annually, and postretirement benefit increases of 2.75% compounded annually.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

2023: Changes in assumptions related to mortality and other demographics were made since the prior measurement date.												
2020: Changes in assumptions related to price inflation, salary increases, retirement age, and mortality rates were made since the prior measurement date.												
2018: Changes in assumptions related to the discount rate were made since the prior measurement date.												
2017: Changes in assumptions related to inflation rates, salary rates, and mortality were made since the prior measurement date.												
2016: Changes in assumptions related to retirement age, mortality, and the discount rate were made since the prior measurement date.												
2015: Changes in assumptions related to retirement age and mortality were made since the prior measurement date.												

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

Notes to Required Supplementary Information

*2016: There was a change with respect to actuarial assumptions from the prior year. The assumed rate on Hg Quality 20-Year Tax-Exempt G.O. Bonds was changed from 3.62% to 3.32% for the current year. The discount rate used in the determination of the total pension liability was changed from 6.48% to 7.00%. The demographic assumptions were changed based on a study of police officers and police pension funds in Illinois. The changes were made to better reflect the future anticipated experience of the fund. The assumptions impacted include mortality rates, mortality improvement rates, retirement rates, and termination rates.

*2017: There was a change with respect to actuarial assumptions from the prior year. The assumed rate on High Quality 20-Year Tax-Exempt G.O. Bonds was changed from 3.32% to 3.82% for the current year. The mortality assumption was updated to include mortality improvements as stated in the most recently released MP-2016 table. In addition, the rates are being applied on a fully generational basis.

*2018: There was a change with respect to actuarial assumptions from the prior year. The assumed rate on High Quality 20-Year Tax-Exempt G.O. Bonds was changed from 3.82% to 3.97% for the current year. The total payroll increase assumption was also decreased in the current year.

*2020: There were changes in plan benefits required under PA-101-0610 (SB 1300). Changes in assumptions related to individual pay increases, inflation rate, mortality rate, mortality improvement rates, retirement rates, termination rates, and disability rates were made since the previous measurement date.

*2023: There were changes with respect to actuarial assumptions from the prior year. The assumed rate on High Quality 20-Year Tax-Exempt G.O. Bonds was changed from 3.21% to 3.53% for the current year. Additionally, the discount rate and expected rate of return on investments changed from 7.00% to 6.75%. Lastly, Tier II disabled Members are entitled to an initial COLA increase on the later of the January 1st after the pensioner turns age 60 or the January 1st after the benefit date anniversary equal to the lesser of 3% of the original benefit or ½ CPI-U. The prior interpretation was that Tier II disabled members were entitled to an initial COLA increase on the later of the January 1st after the pensioner turns age 60 or the January 1st after the pensioner turns age 60 or the January 1st after the pensioner turns age 60 or the January 1st after the pensioner turns age 60 or the January 1st after the pensioner turns age 60 or the January 1st after the pensioner turns age 60 or the January 1st after the pensioner turns age 60 or the January 1st after the pensioner turns age 60 or the January 1st after the pensioner turns age 60 or the January 1st after the pensioner turns age 60 or the January 1st after the pensioner turns age 60 or the January 1st after the benefit date anniversary equal to 3% of the original monthly benefit for each full year that has passed since the pension began. In accordance with the new opinion, the impact of this change has been quantified as Changes of Benefit Terms in the current valuation.

FUND BALANCE, APRIL 30			\$ 32,162,882

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

April 30, 2024

Budgets are adopted on a basis consistent with GAAP. Annual budgets are adopted for the General, Special Revenue, Capital Projects, and Enterprise Funds, except for the Kishwaukee TIF #2 Fund, the Police Restricted Fund, and the Foreign Fire Insurance Fund. The appropriation ordinance represents the legal spending limits for the City. The budget is used to control those limits. All annual appropriations lapse at fiscal year end. One budget amendment was made for the current fiscal year.

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

The City Finance/Budget Officer submits to the City Council a proposed operating budget for the fiscal year commencing the following May 1. The operating budget includes proposed expenditures and the means of financing them.

Public hearings are conducted by the City to obtain taxpayer comments.

Subsequently, the budget is legally enacted through passage of an ordinance.

The legal level of budgetary control is at the fund level. The City Council can transfer budgeted amounts between line items; however, any revision altering both revenues and budgeted expenditures for any fund must be approved by a two-thirds council action.

Budgetary authority lapses at year end.

Expenditures exceeded budget in the Farmington SSA#2 Fund by \$4,313, in the Farmington SSA#3 Fund by \$4,390, and in the Capital Projects Fund by \$2,175,261.
