401 WHITNEY BLVD, SUITE 300 BELVIDERE, IL 61008 P. 815-547-7177 F. 815-547-0789

APPLICATION FOR PLAT OF SUBDIVISION APPROVAL

If you have any questions about this application, please call the Community Development Department at (815) 547-7177.

NOTE: Applications can be filed at anytime. Applications will not be processed until all of the required information has been submitted. See the attached schedule of meeting dates and deadlines for submittals.

The staff only accepts paper copies of the plat with the application for processing. The original plat (illustrated on mylar, vellum or some other reproducible material) remains with the applicant or surveying firm until time to record.

Plats shall be prepared in accordance with the City of Belvidere Subdivision Code. After the final plat is approved by the City Council, the applicant has a ninety (90) day deadline to record the plat with the County Recorder.

To obtain the municipal signatures, the applicant is advised to deliver the original plat as soon as possible after City Council approval and the non-municipal signatures are in place, to the City Clerk's office. Include your name and daytime phone number. The City Clerk contacts the municipal representatives for signatures and the applicant is notified when completed. **The applicant must then pick up the signed plat and have paper copies made.** The copies with the original plat must be delivered to the County Recorder for recording.

Attached to this instruction sheet are the names, addresses, and telephone numbers of the agencies shown on the plat requiring signatures.

NOTE: The "Endangered Species Act" entitles the Illinois Department of Natural Resources (IDNR) to review all platting applications for their impact on endangered or protected species. Illinois law allows thirty (30) days for their response. The Applicant is responsible for contacting the IDNR, via the EcoCAT website at DNR.EcoCAT@illinois.gov.

The "National Historic Preservation Act" entitles the Illinois Historic Preservation Agency to review all platting applications for their impact on cultural or historical resources if the proposed development involves State or Federal funding. Illinois law allows thirty (30) days for their response. The applicant is responsible for contacting the Illinois Historic Preservation Agency at (1-217-782-4836).

DECLARATION

I, the applicant, of the above legally described property on which the plat of subdivision is proposed, has provided answers to the questions herein that are true to the best of my knowledge. I have been granted permission by the property owner(s) of the above legally described property to apply for a plat of subdivision on said property.

By virtue of my application for a plat of subdivision, I do hereby declare that the appropriate appointed and elected officials responsible for the review of my application are given permission to visit and inspect the property proposed for plat of subdivision in order to determine the suitability of the request.

FILING PROCEDURE

- A. This form, ten (10) full size copies, and one (1) 11" x 17" copy of each page of the plat shall be filed with this application. Reduction must be readable. All plats must be filed in the Community Development Department at the time of application submittal.
- B. Submit this form and supporting information accompanied by an application fee (make check payable to the **City of Belvidere**). See the attached fee schedule.
- C. Applicants must appear before the Belvidere Planning & Zoning Commission, Building, Planning and Zoning Committee, and the Belvidere City Council for preliminary plats.
- D. For final plats, applicants must appear before the Building, Planning & Zoning Committee, and the City Council.

Additional fees for plats with public improvements.

-Preliminary plat submittals require an Engineering Review fee based on the following:

1 - 5 lots: \$375 flat fee
6 or more lots: \$75/lot

-Final plat submittals require a 3% inspection fee paid prior to the approval and release of the construction plans by the Director of Public Works. The inspection fee is based on the public improvement construction estimate.

-Erosion and Sediment Control Plan fee shall be determined by and collected by the Boone County Soil and Water Conservation District.

Checks for *subdivision filing fees* and *City engineering review fees* for city plats are to be made out to the **City of Belvidere** and shall be submitted to the Community Development Department.

DATE: November 15, 1996
TO: All Applicants Submitting Final Plats for Approval
FROM: Community Development Staff
RE: Easement Statements to be Added to Final Plats

NICOR has requested that the following easement statement be placed on all final plats:

An easement is hereby reserved for and granted to, Nicor Gas, its successors and assigns ("NICOR") to install, operate, maintain, repair, replace and remove, facilities used in connection with the transmission and distribution of natural gas in, over, under, across, along and upon the surface of the property shown on this plat marked "Easement", "Common Area or Areas" and streets and alleys, whether public or private, and the property designated in the Declaration of Condominium and/or on this plats "Common Elements," together with the right to install required service connections over and under the surface of each lot and Common Area or Areas to serve improvements thereon, or on adjacent lots, and Common Area or Areas, and to serve the property, adjacent or otherwise, and the right to remove obstructions, including but not limited to, trees, bushes, roots and fences, as may be reasonably required incident to the rights herein given, and the right to enter upon the property for all such purposes. Obstruction shall not be placed over NICOR facilities or in, upon or over the property identified on this plat for utility purposed without the prior written consent of NICOR. After installation of any such facilities, the grade of the property shall not be altered in a manner so as to interfere with the proper operation and maintenance thereof.

The term "Common Elements" shall have that meaning set forth for such term in Section 605/2(e) of the "Condominium Property Act" (Illinois Compiled Statutes, Ch.765, Sec, 605/2(e)), as amended from time to time.

The term "Common Area or Areas" is defined as a lot, parcel or area of real property, including real property surfaced with interior driveways and walkways, the beneficial use and enjoyment of which is reserved in whole as a appurtenance to the separately owned lots, parcels or areas within the property, even though such areas may be designated on this plat by other terms.

Other utility companies serving the area where your subdivision is located have similar requests.

Please contact each of the utility companies who will serve your subdivision to determine which statements they will require added to your plat.

DATE: January 7, 1998
TO: All Applicants Submitting Final Plats for Approval
FROM: Community Development Staff
RE: Easement Statements to be Added to Final Plats

Commonwealth Edison Company has requested that the following statement be placed on all final plats:

EASEMENT PROVISIONS

An easement for serving the subdivision and other property with electric and communications service is hereby reserved for and granted to

Commonwealth Edison Company
and

Telephone Company, Grantees,

their respective successors and assigns, jointly and severally, to install, operate, maintain and remove, from time to time, facilities used in connection with overhead and underground transmission and distribution of electricity and sounds and signals in, over, under, across, along and upon the surface of the property shown within the dotted lines on the plat and marked "Easement", the property designated in the Declaration of Condominium and/or on this plat as "Common Elements", and the property designated on the plat as a "Common area or areas", and the property designated on the plat for streets and alleys, whether public or private, together with the right to install required service connections over or under the surface of each lot and common area or areas to serve improvements thereon, or an adjacent lots, and common area or areas, the right to cut, trim or remove trees, bushes and roots as may be reasonably required incident to the rights herein given, and the right to enter upon the subdivided property for all such purposes. Obstructions shall not be placed over grantees' facilities or in, upon or over the property within the dotted lines marked "Easement" without the prior written consent of grantees. After installation of any such facilities, the grade of the subdivided property shall not altered in a manner so as to interfere with the proper operation and maintenance thereof.

The term "Common Elements" shall have the meaning set forth for such term in the "Condominium Property Act", Chapter 765 ILCS 605/2(e), as amended from time to time.

The term "common area or areas" is defined as a lot, parcel or area of real property, the beneficial use and enjoyment of which is reserved in whole as an appurtenance to the separately owned lots, parcels or areas within the planned development, even though such be otherwise designated on the plat by terms such as, "outlots", "common elements", "open space", "open area", "common ground", "parking and common area". The terms "common area or areas" and "Common Elements" includes real property surfaced with interior driveways and walkways, but excludes real property physically occupied by a building, Service Business District, or structures such as a pool or retention pond, or mechanical equipment.

Relocation of facilities will be done by Grantees ant cost of Grantor/Lot Owner, upon written request.

Other utility companies serving the area where your subdivision is located have similar requests.

Please contact each of the utility companies who will serve your subdivision to determine which statements they will require added to your plat.

Erosion and Sediment Control Plan

An application for approval of an erosion and sediment control plan shall be made by the owner of the property, or his/her authorized agent to the Belvidere Department of Public Works and the Boone County Soil and Water Conservation District. Each application, shall be accompanied by the fee charged by the Boone County Soil and Water Conservation District and shall bear the name(s) and address(es) of the owner or developer of the site and of any consulting firm retained by the applicant together with the name of the applicant's principal contact at such firm. Each application shall require the signature of a licensed professional engineer as an assurance that the development will take place in accordance with the approved plans. Each application shall include certification that any land clearing, construction, or development involving the movement of earth shall be in accordance with the plans approved upon issuance of the permit. The City may deny approval of any Erosion and Sediment Control Plan, or any other permit or approval, until such time as all fees due and owing the Boone County Soil and Water Conservation District or the City are paid in full.

Submitted plans shall be in compliance with Section 151.45 of the Belvidere Subdivision Ordinance.

The applicant agrees to the following conditions:

1. Submit all required information listed on the following page for each phase of development, regarding the soil erosion and sediment control (SE/SC) plan.
2. Upon submittal of this application, pay the applicable fee, based on the attached fee schedule (Section 1 & Section 2), in accordance with total acres of disturbance to the original topography and/or vegetation disturbance.
3. Notify representatives of the Soil and Water Conservation District (SWCD) of the pre-construction meeting.
4. If SWCD is not contacted (in writing) prior to commencement of construction, the pre-construction notification fee will be forfeited.
5. Allow a Boone County SWCD representative the right to conduct on-site investigations throughout all active construction phases to determine whether all necessary SE/SC practices have been installed and are functioning properly.
6. Upon commencement of earthwork or construction, document SE/SC site inspections with all information being accurate and complete.
7. Comply with the Boone County SWCD's written and verbal recommendations regarding:
 - A. The SE/SC plan and corrections or changes made thereto.
 - B. Installation and maintenance requirements of the SE/SC practices on-site.
8. If any changes occur to the plans, schedules, etc., the applicant shall be responsible for notifying the Boone County Soil and Water Conservation District.
9. If construction is does not commence within 24 months of the plan approval, the project will be closed. Fees will not be returned.

Upon receipt of all required information, the SE/SC plan will be reviewed within **15 working days** and all involved parties will be notified whether or not the plan meets technical standards.

Revised November 3, 2022

Site Plan Checklist

ONLY for large Commercial, Industrial or Multi-Family Residential Developments

The soil erosion and sediment control plan cannot be reviewed until all of the following information is submitted for each upcoming active construction phase:

1. Existing site conditions and natural resources present, including:

- _____ Site boundaries and adjacent lands which accurately identify site location.
- _____ Buildings, roads and utilities.
- _____ Topography, vegetation, drainage patterns, subwatershed delineation, critical erosion areas, and any subsurface drainage tiles.
- _____ Wetland and floodplain delineation.
- _____ Location and identification of soil types.
- _____ Adjacent areas that affect or are affecting the project site, e.g. drainage onto or through the site affecting wetlands, streams, lakes, and drainage areas downstream.
- _____ Vicinity map.
- _____ Show areas where trees and vegetation are to be preserved.
- _____ Map legend, including north arrow and scale on all materials submitted.

2. Final site conditions, including:

- _____ An accurate depiction of post-construction appearance, (e.g. roads, buildings, open space).
- _____ Locations, dimensions, cross-sections and elevations of all (temporary and permanent) stormwater management facilities (including sediment basins), plus inlet and outlet locations.
- _____ Surface flow direction, including sheet flow and concentrated flow direction.
- _____ Post-construction topography, final contours should be easily distinguished (2-foot contour is preferred) including sub-watershed delineations.

3. A complete soil erosion and sediment control plan, including:

- _____ Location and detailed drawings of all permanent and temporary soil erosion and sediment control practices.
- _____ A schedule outlining the installation of the practices with the responsible parties identified.
- _____ Inspection and maintenance schedules with responsible parties identified.
- _____ Seeding information: rates, species, dates, fertilization, temporary or permanent.
- _____ Location and dimension of all temporary soil and aggregate stockpiles.

4. Locations, dimension & phase timeline of all land disturbing activities, including:

- _____ Designate construction limits, areas that will be disturbed and areas of wetland fill.
- _____ Describe grading and building schedule and phasing timeline.

Narrative Checklist

The soil erosion and sediment control plan cannot be reviewed until all of the following information is submitted for each upcoming active construction phase:

- _____ **Project description** - Briefly describes the nature and purpose of the land disturbing activity, and the area (acres) to be disturbed.
- _____ **Existing site conditions**- A description of the existing topography , vegetation, drainageways, subsurface drain tile, buildings, roads and utilities.
- _____ **Adjacent areas**- A description of neighboring areas such as streams, lakes, residential areas, roads, etc., which might be affected by the land disturbance. Describe any adjacent or neighboring activities that may affect the soil erosion and sediment control plan.
- _____ **Off-site areas**- Will any other areas be disturbed? Describe any off-site land disturbing activities.
- _____ **Soils**- Provide a brief description of the soils on the site at the exposed soil horizon such as soil name, mapping unit, erodibility, permeability, texture, structure and depth to seasonal high groundwater. This information is available from the local Soil and Water Conservation District.
- _____ **Critical areas**- A description of areas on the site which have potentially serious problems, (e.g. steep or long slopes, channels, intermittent streams, and side hill seeps).
- _____ **Soil erosion and sediment control measures**- A description of the methods which will be used to control erosion and sedimentation on the site. Control methods should meet the standards in section 4 of the Illinois Urban Manual.
- _____ **Construction Sequence**- A sequence of events for construction projects
- _____ **Permanent stabilization**- A brief description including specifications of how the site will be stabilized after construction is completed.
- _____ **Calculations**- Detailed calculations for the design of temporary sediment basins, permanent stormwater detention basins, diversions, channels, etc.. Include pre and post development runoff.
- _____ **Detail drawings**- Include detail drawings form the Illinois Urban Manual. Any structural practices used that are not referenced to the Illinois Urban Manual or local handbooks should be explained and illustrated with detail drawings.
- _____ **Operation and Maintenance** - Provide a schedule of maintenance for all temporary and permanent erosion and sediment control practices to ensure that they perform properly. Identify the parties responsible for maintenance.

EXHIBIT B AGREEMENT

The City of Belvidere (the "City") and _____
("Developer") agree as follows:

1. The City has approved or will approve a final plat of subdivision or a final plat of a planned development at the request of developer for the real estate legally described in Exhibit I attached hereto and made a part hereof (the "Land"). Accordingly, pursuant to the City's Subdivision Code, certain cash contributions for park, recreation, conservation, and school lands are immediately due the Developer.
2. Developer has, however, requested that the payment of the aforesaid cash contributions be delayed and that the same become due and payable on a per housing unit basis at time the City issues a building permit for the particular housing unit.
3. In consideration for the City agreeing to delay its receipt of the cash contributions in accordance with Paragraph 2 above, Developer hereby agrees as follows:
 - a. The amount of cash contributions owed shall be calculated based upon Ordinance No. 609G or as provided for in such other future ordinance amending or replacing Ordinance No. 609G which is in effect at the time of the issuance of a building permit: and
 - b. Notwithstanding any present or future law, regulation and/or legal precedent to the contrary, the unit of local government that is the ultimate recipient of the subject cash contributions may expend such contributions for any of the following purposes intended to serve immediate or future needs of the residents and children of the Developer's subdivision or planned unit development: (1) for the acquisition of land; (2) for site improvements such as, by way of example, streets, curbs, gutters, storm water control, and utility extensions; (3) for construction of capital facilities, including, by way of example, new buildings and structures, and the expansion or enhancement of existing buildings and structures; (4) for so-called soft costs directly related to the foregoing items (2) or (3) such as architectural and engineering costs; (5) for any other public purpose.
4. Developer further agrees, as consideration for deferring payment of the fees identified in this agreement, not to challenge such fees as they now exist or amended in the future, including, but not limited to, any court or other action or claim challenging the validity, or amount, or use of such fees.
5. This Agreement constitutes a covenant that is appurtenant to and runs with the Land. Either this Agreement or a memorandum thereof may be recorded against legal title to the Land by either party hereto; provided, however, it shall be a condition of the City's issuance of the first building permit for a

housing unit on the Land that the Developer shall provide satisfactory evidence to the City that this Agreement or a memorandum thereof has been recorded against legal title to the Land.

6. Developer represents and warrants to the City that it is the sole holder of record fee title to the Land.

IN WITNESS THEREOF, the City and the Developer have caused this Agreement to be duly authorized, executed and entered into as of the ____ day of _____, 200__.
